Ethan Hogue

Revere District

Ethan Hogue is a junior at Revere High School and is enrolled in CVCC's Media Arts program instructed by Mr. Van Tilburg. Ethan was looking for an opportunity to experience an environment where they could be creative. Ethan enjoys photography and documentary films, so CVCC's Media Arts program provided a place to learn more. Ethan's favorite part of the program has been learning the theory behind camera and media work, as well as how colors influence different styles. Music engineering has been a challenging component, as Ethan definitely prefers the film and photography elements of the class. Ethan enjoys the community-like environment CVCC provides. They recently worked on a project with other students creating a silent film for the International Youth Silent Film Festival. Ethan was the Director of Photography on the project, in which they were in charge of the look of the film, which included lighting and shot composition.

Outside of academics, Ethan fences and works at a local coffee shop. In Ethan's free time they enjoy writing, poetry, reading, and of course film and photography. After high school, Ethan plans on taking a gap year and traveling Europe doing freelance photography work. After traveling, they plan on studying political science and/or investigative journalism. Ethan's goal is to become a documentary filmmaker focusing on the areas of history, geo-politics, theology, and philosophy. Best of luck in all that you do Ethan, CVCC is thrilled to be part of your journey!
