Ayden Durichko

Brecksville-Broadview Heights District

Ayden Durichko is a senior from Brecksville-Broadview Heights High School and is enrolled in CVCC's Power Equipment Technology program, instructed by Mr. Koenig. Ayden always had an interest in motors and wanted to learn more; CVCC's PET program has given him a space to be hands-on and add to his knowledge. Ayden enjoys the trouble shooting component of the class, as well as the torch cutting and welding elements. Ayden appreciates how nice and helpful the teaching staff is at CVCC. He also enjoys the comradery among his classmates. Ayden is ultimately very thankful that CVCC helps students learn life skills for their future.

Outside of academics, Ayden plays baseball, enjoys working out and playing video games. Ayden hopes to go on to Bowling Green or Kent State to play baseball. He plans to get involved in aviation and become a professional pilot one day. Keep up the great work Ayden!
