Elijah "Eli" Likowski

North Royalton District

Elijah "Eli" Likowski is a senior at North Royalton High School and is enrolled in CVCC's Digital Design program instructed by Ms. Munro. Looking for a program that would allow him to be creative and give him options for the future, Eli felt CVCC's Digital Design program was a great fit! He has enjoyed learning the different design programs that can be very useful in the real-world. Eli appreciates the opportunities CVCC provides students, specifically making connections with potential businesses that offer internships and employment. Eli is the president of his class at CVCC. He also works at Bullseye Activewear, owned by Jim Heiser, a former CVCC student, where he assists in designing art work.

Additionally, Eli plays soccer and runs track at North Royalton High School. He enjoys playing video games and being creative in his free time. After high school, Eli plans to go on to college where he hopes to acquire more direction and education. Eli would like to pursue a job possibly behind a video camera, capturing and creating memories for others. Keep up the great work Eli, CVCC is thrilled to have you here!
