Aleni Bender

Revere District

Aleni Bender is a junior at Revere High School and is enrolled in CVCC's Architectural & Mechanical Design (AMD) program instructed by Mr. Ward. Having an interest in learning how to design and build homes, Aleni felt CVCC's AMD program would be a great starting point. She has greatly enjoyed learning how to make blue prints and the hands-on component of the program. Aleni appreciates the culture at CVCC and being able to interact with other, like-minded people. Aleni works at a local nursing home as a dietary server, as well as at a ski resort in the winter. Aleni also runs cross country and track at Revere; she holds the current 800M record for the outdoor track team, and the 1600M record for the indoor track team. She also ran a half marathon this past Spring with her dad.

Aleni enjoys hiking, baking, drawing, reading, mountain biking, and hunting, along with spending time with family and friends. Aleni is still deciding on next steps after high school; however, she knows the skills she's learned at CVCC will help her get a quality job one day. When asked what her dream job is, Aleni mentioned how much she loves being outdoors, so working outside would be ideal. Best of luck in all that you do Aleni, CVC is thrilled to be part of your journey!
