Noah Kraig

Brecksville-Broadview Heights District

Noah Kraig is a junior from Brecksville-Broadview Heights High School and is enrolled in CVCC's Graphic Imaging Technology (GIT) program instructed by Mr. Ruebensaal. Noah instantly felt this program was a great fit for him and his style of work. He wanted to learn skills that could give him opportunities straight out of high school, and CVCC's GIT program has done just that! Noah enjoys doing daily tasks that are actually done in industry. He appreciates the opportunity to do real projects for actual clients. Memorizing the various parts of the machines used throughout the program can be complex, however are critical. Noah appreciates the work-like, engaging environment CVCC provides students.

Outside of academics, Noah works part-time and is involved in Breckville's Dungeons and Dragons club. In his free time, he also enjoys playing video games. After graduating, Noah hopes to start working right away utilizing the quality skills he has learned in the GIT program. Keep up the great work Noah!
