Brandi Sigley

Independence District

Brandi Sigley is a junior at Independence High School and is enrolled in CVCC's Dental Assisting program instructed by Ms. Theodore. This program is a great fit for Brandi due to her being a hands-on learner and always having an interest in the dental field. Learning how to do impressions has been one of Brand's favorite parts of the program, while staying on top of the work load of the class has be challenging, however very important. Brandi appreciates the diversity CVCC provides, as she has met people from various districts and made great fiends.

Outside of academics, Brandi is involved in cheerleading and track at Independence High School. She also works part-time at Top Golf. In her free time, Brandi enjoys spending time with friends, being outside in the warm weather, and traveling. Brandi plans to gain further education after high school and become a dental hygienist. She hopes to work in a dental office one day with other professional, positive people. Keep up the great work Brandi!
