## Cooper Procyshyn Revere District

Cooper Procyshyn is a senior at Revere High School and is enrolled in CVCC's Health Careers program instructed by Ms. Ellis. Cooper has family members with careers in the health field, which sparked his interest in pursuing it himself. Helping others is important to him as well, so he felt like it would be a great fit! Cooper enjoys the hands-on lab work within the program, noting, "...it is a fun, sometimes nerve-racking way to learn a lot." The most challenging part of the program so far for Cooper has been the anatomy component, as there is much to remember and takes a great deal of patience to understand the content. Cooper appreciates CVCC for providing specific programs that cater to a student's interest.

Outside of academics, Cooper plays soccer for Revere High School and works part-time at Chick-fil-A. In his free time, Cooper enjoys hiking, playing videogames and sports with his brother, and being outside with his dogs. After graduating from high school, Cooper plans to go on to college and become a Registered Nurse. He hopes to then go on to medical school. Cooper wants to be a Nurse Anesthetist or possibly an Anesthesiologist one day. Keep up the great work Cooper!
