Nicholas Milianta

Nordonia Hills District

Nicholas Milianta is a junior at Nordonia High School and is enrolled in CVCC's Power Equipment Technology (PET) program instructed by Mr. Koenig. His older brother, Frank, graduated from the PET program in 2018 and encouraged Nicholas to enroll. Having a passion for motor cross and fixing dirt bikes, the program is a great fit for him! His favorite part of the program is taking apart the motor and seeing the inner workings of it. Though there is a lot of information to learn, it is worth the hard work! Nicholas enjoys the environment CVCC provides, as it allows for students to learn a subject matter they are truly interested in. In his free time, Nicholas enjoys snowboarding and riding dirt bikes with his brother. He hopes to take the skills he learns in the PET program and become a mechanic working on bikes and motors. Keep up the excellent work Nicholas, CVCC is thrilled to have you as a student!
