Facility and Operations Update

A great deal of work has occurred at CVCC over the summer, including updates to the driveway, main entrances, as well as the Adult Education offices, and School of Nursing. This summer also included a refresh of CVCC's high school Computer Networking Academy program, which received new furniture, carpeting, and technology. Additionally, CVCC's custodians and maintenance staff focused on preparing the building for the start of the new school year. CVCC's Business Manager, Michael McDade, would like to thank the maintenance and custodial staff for their hard work and commitment to getting the building together for the start of school. He would also like to thank all those who were involved in getting these various projects accomplished, as well as the Board of Education and Superintendent Mangas for their help and support.

CVCC Students Competed in National SkillsUSA Competition

A very big congratulations goes to the CVCC students who competed on a national level in the SkillsUSA competition this past June. Leonardo Gangle, Power Equipment Technology (PET) senior who graduated in June 2022 from CVCC and North Royalton High School, placed 5th in the nation in Motorcycle Service Technology. Nick Schaub, CVCC and Nordonia graduate, placed 20th in the nation in Diesel Equipment Technology. Additionally, current CVCC and Construction Trades senior, Riley Thaxton, who is a part of the Ohio Student Delegation for SkillsUSA, attended the national event. Paul Yuravak, CVCC's Construction Trades instructor, and Julie Jakubczak, CVCC's Social Studies instructor and SkillsUSA administrator also attended. Congratulations on a job well done!

CVCC at Educators Rising National Competition

CVCC's Education Professions program instructed by Mrs. Josephine Everhart had seven students who were eligible to compete at Nationals. Even though two of the "Learning Challenges" students were unable to go, and a different student substituted at the last minute, this team still placed 8th in the Nation. Kudos to all Educators Rising competitors! The students and events were as follows:

- Competitive events focused on leadership, professional and technical skills
- Annual business of the national student organization of HOSA by the national voting delegates

- An opportunity to meet people from across the globe with similar career goals
- Fun, excitement, recognition, and opportunity for all HOSA members!

CVCC Sports Medicine and Exercise Science (SMES) instructor, Mr. Shawn Fahey, and Dental Assisting instructor, Ms. Lisa Theodore, had the privilege of accompanying four CVCC seniors, now graduated students, to the conference. Alexis Baciak, CVCC Dental Assisting and Cuyahoga Heights High School student, participated in Dental Terminology. All students represented CVCC and Ohio to their fullest potential and did an outstanding job! A very big congratulations to Alexis Baciak who placed 6th in Dental Terminology and Amanda Stanek who placed 3rd in Sports Medicine!

Job Placement Update

The State of Ohio had a June unemployment rate of 4.5% declining from 5.3% a year ago, reflecting the continued return of job seekers to the workforce. We are hoping that the CVCC Job Board can assist our alumni, Adult Education and High School students, as well as community members in securing employment. We currently have 59 openings posted along with seven listed under "Other Opportunities" including:

Apprenticeships and Employer Flyers hiring for multiple positions. Although postings are lower this summer, the Job Board for the fiscal 2022 had a 32% increase over the prior year, with over 1,100 opportunities being featured; an all-time high! We also have 37 companies featured on our Virtual Business Fair, where Job Seekers can research companies and utilize their on-line Career Boards and Application Systems. Local employers know to use the job board to secure trained employees. We appreciate Meggitt of Akron, Weible and Associates, Co. in Broadview Heights, Spectrum in Garfield Heights, IER Fujikura Inc. in Macedonia, North Royalton YMCA, and Keystone Threaded Products from Valley View for posting their current opportunities just to name a few. The range of wages currently listed on the Job Board start at \$10-\$35 per hour and many of the positions offer full benefits. These wages are above the current minimum wage in Ohio of \$9.30 per hour, showing how our skilled alumni can achieve higher wages.

Additionally, rising seniors worked over the summer to continue learning and earning! We have 22 summer interns currently working, many full-time, to continue honing their skills in the business environment. We appreciate A&A Heating and Cooling LLC, Kaufman Electric LLC, Proficient Industries, Atlas Copco and Swagelok to name a few organizations for employing our students. Many of these students will return to Paid Internships during second quarter, typically working four days a week instead of attending classes at CVCC. We also had four CVCC student employees who assisted our staff in preparing CVCC for the return of students. We appreciate the IT and Maintenance Departments as well as the Graphic Imaging Technology program for providing these learning and earning opportunities to students. We also appreciate the CVCC Board of Education for supporting their positions!

Alumni Spotlight

August 2022

Logan Powaski Class of 2016

Logan Powaski is a 2016 graduate from Twinsburg High School (THS) and CVCC's Media Arts program, instructed by Mr. Bernie Van Tilburg! Growing up, Logan found that he had a passion for videography and photography, as he would frequently use his family's camcorder and DSLRs to shoot movies and take photos with his friends. As Logan got older, he knew that he wanted to turn his passion into a career. Logan was involved in the THS News program his sophomore year of high school, in which he had the opportunity to connect with a CVCC Media Arts program alumnus who highly recommended applying to the program. Logan feels the Media Arts program was essential in shifting his skills from "backyard movie making" to actual professional, industry practices. While Logan was in program, Leah Sadallah, another alumnus of the Media Arts program, stopped in to speak

about her career and her time attending Full Sail University. After hearing about Leah's experience, Logan was convinced that was the film school for him! After graduating from THS and CVCC, Logan went on to attend Full Sail and obtained a Bachelor's of Science in Film Production.

After graduating from college, Logan immediately moved to Los Angeles, CA to connect with yet another CVCC Media Arts alumnus, Marty Kane. Logan had met Marty when Mr. Van Tilburg connected them through a mentorship opportunity. Marty let Logan sleep on his couch in his office and gave him his first job in the industry working for his company, SIMIAN.LA. A few months after Logan moved to the west coast, Marty had an amazing opportunity to move to San Francisco to work for Apple. Logan, however, stayed working for Simian and still works for the company 3 ½ years later as a Post Production Producer.

Over the past couple of years, Logan has worked on projects involving major celebrities; including: The Weeknd, Tyler the Creator, Iggy Azalea, Madison Beer, Travis Scott, Demi Lovato, Machine Gun Kelly, Jason Mraz and more! He has also worked on projects for brands such as Pepsi, The NFL, Walmart, Gamefuel, Liquid Death, The 99 Cent Store, and Tik Tok. Logan expressed, "I would 100% say that I would not be working at my dream job if it wasn't for the journey that I started in Media [Arts] with [Mr. Van Tilburg]. I'm super thankful for all the opportunities that came from it and can't wait to see what's to come."

Congratulations on all your success Logan, keep up the exceptional work! To check out Logan's work, visit: www.loganpowaski.com or connect with him on Instagram @loganpowaski . To learn more about CVCC's Media Arts program, visit: <https://www.cvccworks.edu/HighSchoolPrograms.aspx> .

Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing "911". Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one's own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 “are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year’s Eve, New Year’s Day, Martin Luther King Jr. Observance, President’s Day, Good Friday, Memorial Day, Juneteenth and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a “snow day” announcement via the news media. Use your very best judgment

as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact mmluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Student Data

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an Administrative Assistant or Adult Education Coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

Student Records

The school maintains a file of each student in accordance with rules of the State of Ohio and program governing board. Release of information in a student's file must be **requested in writing** by the student. Only official grade transcripts are released; all other documents are the property of CVCC and will not be copied unless remanded by court. An individual file containing information about each student will be maintained in a secured area. The records will be available only to instructors and appropriate Adult Education staff.

Release Policy

The adult student voluntarily desires to participate in this curriculum experience that includes classroom, field trips, and clinical experiences. The student is duly aware of risks and hazards, which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the adult student. While at the facility and/or in the school environment; the adult student will not be considered as an employee or agent of the facility nor the school district. Therefore, they will be ineligible for remuneration and will not be

covered by the facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits. The adult student will indemnify and hold harmless the facility, and the school district, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the contract on the part of the student, any heirs, administrators or executors. This contract is a permanent part of your file at Cuyahoga Valley Career Center.

Non-Discrimination Policy

The Cuyahoga Valley Career Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs, employment and activities and provides equal access to the Boy Scouts and other designated youth groups. 5710 - STUDENT GRIEVANCE

The Board of Education recognizes that, as citizens, students have the right to request redress of grievances. Further, the Board believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group grievances should be provided for and appropriate appeal procedures implemented.

For purposes of this policy, a student complaint or grievance shall be any such that arises out of actions, procedures, and policies of this Board or its employees or the lack of such policy or procedure.

The Board or its employees will hear the complaints and grievances of the students of this District provided that such complaints and grievances are made according to procedures established by Board Policy [9130](#).

9130 - PUBLIC COMPLAINTS

Any person or group having a legitimate interest in the operations of this District shall have the right to present a request, suggestion, or complaint concerning District personnel, the program, or the operations of the District. At the same time, the Board of Education has a duty to protect its staff from unnecessary harassment. It is the intent of this policy to provide the means for judging each public complaint in a fair and impartial manner and to seek a remedy where appropriate.

It is the desire of the Board to rectify any misunderstandings between the public and the District by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed.

Any requests, suggestions, or complaints reaching the Board, Board members, and the administration shall be referred to the Superintendent for consideration according to the following procedure.

Matters Regarding a Professional Staff Member

A. First Level

If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within his/her authority and District administrative guidelines.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by school officials prior to

As appropriate, the staff member shall report the matter and whatever action may have been taken to his/her supervisor.

B. Second Level

If the matter cannot be satisfactorily resolved at the First Level, it shall be discussed by the complainant with the staff member's supervisor or Director and in compliance with provisions of a collective bargaining agreement, if applicable.

C. Third Level

If a satisfactory solution is not achieved by discussion with the Supervisor or Director, a written request for a conference shall be submitted to the Superintendent. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;

Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal "Return of Title IV Financial Aid Funds" formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student's withdrawal date occurs after the point that the student was scheduled to complete more than 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student's account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a “seat” in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. It is the responsibility of the student to have their employer provide verification of employment to WIOA/Ohio Means Jobs, using the official form provided. Final payment is dependent upon completion of this process.

Please contact the Student Support Services Office to discuss any drug related convictions and your eligibility for additional Financial Aid.
- If your FAFSA has been flagged for an unusual enrollment history, Student Support Services will review your previous education transcripts to determine if you are eligible for Federal Financial Aid.
- All loan monies are to be paid back to the federal government on a repayment schedule established with your Direct Loan Servicer after a "grace" period of six (6) months upon successful completion of the program or withdrawal.
- Those individuals experiencing involuntary activation for military service will be handled on a case-by-case basis regarding return of funds, length of leave of absence, re-entry and in compliance with Title IV regulations.

Withdrawal: Students who withdraw before the first day of class and have made payment will be refunded their payment minus a \$20 administrative fee within the processing timeline. Students that withdraw after the first day of class or are dismissed due to poor academic performance or attendance will be evaluated to see if they are eligible for a prorated refund of their tuition. Tuition refunds will be prorated based upon the amount of tuition paid and the percentage of the program completed by the student. **Students that complete 60% of their scheduled program are not eligible for a prorated refund of their tuition.** Books, fees, uniform costs, tools, and seat fee (if required) are non-refundable. (The calculation to determine the percentage of a program completed by a student is based on the number of hours a student could have attended the class up to the date of withdrawal divided by the number of hours in the program.)

Cancellations: If CVCC needs to postpone, cancel, or combine classes for any reason, we will notify you. CVCC cannot assume responsibility for any conflict in business or personal affairs that affect your ability to attend class. Refunds will be processed as stated in our refund policy.

Plagiarism and Consequence of Violating School Anti-Plagiarism Policies

Plagiarism is typically defined as the use of another person's or a group's words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one's own work. 1. Another person's idea, opinion, or theory
2. Any facts, statistics, graphs, drawing - any piece of information that is not considered common knowledge

Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Students and all other members of the School District community along with Third Parties are required to report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517 investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for

Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, , and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing

under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or

B. violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student’s parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of

Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous

complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school

year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

State Board of Education Model Policy

Student Hazing (5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

It is essential for each user on the network to recognize his/ her responsibility in having access to vast services, sites, systems, and people. Use of the network must be in support of education and research consistent with Board of Education policies. All programs to be downloaded and/ or installed are to be done through the Technology Department. Nevertheless, students are advised that determined users may be able to gain access to information, communication and/ or services on the Internet which the Board of Education has not authorized for educational purposes and/ or which they and/ or their parents/ guardians may find inappropriate, offensive, objectionable or controversial. Adult students assume this risk by consenting to participate in the use of the Intel run et.

Student's accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet. Illegal activities of any nature are strictly forbidden and will be reported to the appropriate authorities. Warnings

A verbal warning is a first notification of unsatisfactory performance, or inappropriate behavior in the classroom or lab. It will be followed up with a written confirmation of the conversation which you will be asked to acknowledge with your signature.

A first written warning will be the start of a probationary period which will be determined by the Adult Education Coordinator and instructor. The warning will be issued if any of the incidences outlined in the verbal warning continue to occur or different examples of the types noted above occur or if the student's behavior is so egregious that CVCC determines to skip the verbal warning. We will ask the student to sign documentation of the conversation.

A second written warning will be issued if the incidences above, or any other incidences as outlined in the verbal warning section, continue. If the student receives a second written warning, any recurrences of the previously noted performances or behaviors will result in dismissal/termination from the program.

Note: Any of the above warnings may include a timeframe for improvement with specific parameters.

Dismissal/Termination

Dismissal/Termination may occur at any point in the disciplinary process if progress is deemed insufficient. Behavior of an extremely serious nature, continued undesirable attendance, violation of CVCC policies/procedures, foul/inappropriate language or inappropriate behavior, may result in immediate dismissal without prior warning.

Probation

Probation may be issued for a more serious or recurring violation of established policies and procedures.

Dismissal/Termination

Immediate dismissal may occur without prior warning for behavior of an extremely serious nature, academic performance below 80%, continued poor attendance and/or tardiness, violation of CVCC policies/procedures, foul/inappropriate language, unsafe lab practice or careless performance.

Grading Scale

It is at the instructor's discretion to determine the curriculum requirements and point value of any assignments, quizzes and exams. Every attempt is made to modify instruction in order to enhance instruction and improve learning. The purpose is to develop a basis for the modification of instruction and to assist in the mastery of program competencies. The students shall perform the competencies and competency builders in a manner acceptable in business and industry. There shall be a specific number of assigned competencies and competency builders that students must

achieve in order to receive credit for the course. All of this will be disclosed to the students on the first day of class or at the program orientation.

A student's grade shall be determined by his or her performances in the following three areas:

Extra Credit

Makeup work is allowed for excused absences with full credit if it is done within one week of the student's returning to school. If work is not done within one week of the student's returning to class, a zero is received for a given job.

Tests and Examinations

Tests and/or quizzes may be given throughout the course. Unannounced quizzes may be given at the discretion of the instructor. Other tests and examinations will be scheduled as needed. Testing will cover content areas of reading assignments as well as class presentations and demonstrations.

Certification Testing

Students enrolled in Graphic Design for Print and Web Production and Web Design & Animation have their certification test fees included in their tuition. The covered certifications are Adobe Certified Associate exams through Certiport. Students are provided with one (1) initial test and one (1) retake opportunity. Retakes cannot be taken until at least 48 hours after

the initial attempt. In the event that a student has still not passed after their first retake, a second retake may be purchased for an additional cost by the student. Contact the Adult Education Office for current rates for testing fees.

Students in Multimedia Design programs are required to take their certification exams on the last two days of class. Students who have had been placed on program probation due to attendance or classwork progression may not be authorized to test. It is at the instructor's discretion whether students on program probation are allowed to sit for their certification exams. Students with extenuating circumstances may be offered a different testing date with program instructor and Adult Education Coordinator permission. Requests for different test dates must be submitted to the Adult Education Office at least two weeks prior to the regularly scheduled testing dates to be considered.

Certiport allows students with ADA Accommodations to also have those accommodations during certification testing. Students who may require special accommodations must contact the Student Support Services Office at 440-746-8337 or efarnsworth@cvccworks.edu to acquire and submit the proper paperwork for requesting accommodations. Request paperwork must be submitted within the first month of the program to ensure enough time for processing and determination.

Transfer Hours

CVCC does not accept transfer hours from other schools for Multimedia Design programs.

Tutoring

In support of our student's success, CVCC instructors are available to answer questions and/or clarify information as needed. If a student's question cannot be addressed during class time, it is the student's responsibility to make arrangements with their instructor to further discuss the issue at a break time, before or after class, or make special arrangements to meet with the instructor at a designated time. It is at the instructor's discretion to spend additional time above and beyond scheduled class time with a student.

If a student is in need of excessive assistance and/or tutoring, it will be at the discretion of the instructor to schedule tutoring time with the student based on the instructor's availability. This additional time will be charged to the students at a rate per hour to cover the cost of the instructor's time, schedule adjustment and any supplies and materials used as a result of the additional training.

Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing “911”. Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one’s own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 “are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Memorial Day, Juneteenth and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a "snow day" announcement via the news media. Use your very best judgment as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact mssluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal “Return of Title IV Financial Aid Funds” formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student’s withdrawal date occurs after the point that the student was scheduled to complete more than 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student’s account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a “seat” in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. It is the responsibility of the student to have their employer provide verification of employment to WIOA/Ohio Means Jobs, using the official form provided. Final payment is dependent upon completion of this process.

- All loan monies are to be paid back to the federal government on a repayment schedule established with your Direct Loan Servicer after a “grace” period of six (6) months upon successful completion of the program or withdrawal.
- Those individuals experiencing involuntary activation for military service will be handled on a case-by-case basis regarding return of funds, length of leave of absence, re-entry and in compliance with Title IV regulations.

Students that withdraw after the first day of class or are dismissed due to poor academic performance or attendance will be evaluated to see if they are eligible for a prorated refund of their tuition. Tuition refunds will be prorated based upon the amount of tuition paid and the percentage of the program completed by the student. **Students that complete 60% of their scheduled program are not eligible for a prorated refund of their tuition.** Books, fees, uniform costs, tools, and seat fee (if required) are non-refundable. (The calculation to determine the percentage of a program completed by a student is based on the number of hours a student could have attended the class up to the date of withdrawal divided by the number of hours in the program.)

Cancellations: If CVCC needs to postpone, cancel, or combine classes for any reason, we will notify you. CVCC cannot assume responsibility for any conflict in business or personal affairs that affect your ability to attend class. Refunds will be processed as stated in our refund policy.

NOTE: Sexual conduct/relationships with students by District employees or any other adult member of the School District community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery" as set forth in R.C. 2907.03. The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to District employees or other adult members of the School District community.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to

participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

The names, titles, and contact information of these individuals will be published annually on the School District's website and in the parent and staff handbooks.

The Compliance Officer(s) are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the School District community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other District-level official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific

individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Students and all other members of the School District community along with Third Parties are required to report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517

investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, , and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the

suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- L. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment.

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to

the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667

State Board of Education Model Policy

Student Hazing (5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

Job Prospects

Employment for EMTs and paramedics is a very popular and increasingly competitive market. The demand for paramedic level education will continue to grow exponentially through the next decade. Job prospects for EMT's and paramedics are almost always available within the private ambulance industry and a variety of hospitals systems and Urgent Care Centers. It is becoming increasingly difficult for emergency medical services (EMS) and small Fire Departments to recruit and retain any unpaid volunteers because of the amount of training and the large time commitment these positions require. As a result, more paid EMTs and paramedics will be needed. Furthermore, as a large segment of the population—aging members of the baby boom generation—continues to suffer from medical emergencies, injuries and accidents, demand will increase for EMTs and paramedics. There will also continue to be a demand for part-time, volunteer EMTs and paramedics in rural areas and smaller metropolitan areas. Competition will be greater for jobs in local government, including fire, police, and independent third-service rescue squad departments which tend to yield better salaries and benefits. Pre-hospital EMS workers who have advanced education and certifications, such as Paramedic level certification, will be in more demand as the industry and communities require this standard of care.

Curriculum Design

This program is designed for individuals interested in providing emergency care to the public while in the pre-hospital setting. The EMT program offered at CVCC will provide the student with opportunities to gain information, acquire a specific skill set and afford direction in the management of mass casualty and hazardous scenes. Successful completion of this program awards the student with a Certificate of Completion which, in turn, enables their right to take the National Registry Exam. This exam is the testing mechanism for the State of Ohio and will certify the individual as a State of Ohio Emergency Medical Technician. The curriculum for the EMT program at CVCC is based on the Ohio Department of Public Safety, Division of Emergency Medical Services guidelines. Ohio Revised Code (ORC) Section 4765 and rules approved by the Board of Emergency Medical Services in the Ohio Administrative Code (OAC) Section 4765. (<https://ems.ohio.gov/>).

Criteria For Successful Completion

Components include but are not limited to patient assessment, airway management, managing emergency situations, using Basic Life Support equipment and techniques, CPR, operating an automated external defibrillator, bleeding control, recognizing and treating hypo-perfusion, stabilizing / immobilizing injured extremities, distinguishing and caring for environmental emergencies, ensuring the safety and management of traumatically injured individuals, emergency childbirth, pediatric and geriatric care and general ambulance operations.

- Exams
- Practical Skills and Examinations
- Simulation Training Evaluations
- Communication and Documentation
- The textbook and workbook will be provided to you at the start of this program. All paperwork, state forms, Cuyahoga Valley Career Center forms, and workbooks, must be thoroughly completed and turned into your instructor to meet the requirements for successful completion of the EMT program.
- *American Heart Association Basic Life Support (BLS) CPR training is included and must be completed before any clinical requirements are started.*

- The didactic portion of the program is evaluated through exams which include multiple choice given in the classroom or as a take home assignment by the lead Instructor. These tests will be comprised of both computer-based test format depending on the content
- **Student MUST maintain an 80% throughout each module, and pass each module final with an 80% or better. If a student fails a module exam it will result in consultation and the student will be given one attempt to retest a module exam or final exam throughout the program. Failure of any additional exams, after the consultation, will result in failure of the program. In addition, students must remain at or above an 80% cumulative grade point average throughout the program. Failure to maintain an 80% cumulative average will result in consultations and ultimately removal from the program.**
- As of September 2006, NIMS courses IS-100 and IS-700 are required for an initial certificate to practice as an EMS provider. The Department of Homeland Security pursuant to Homeland Security Presidential Directives HSPD-5 and HSPD-8 mandates the NIMS courses as being necessary for all first responders. Training can be completed at the following website:

<https://training.fema.gov/is/crslist.aspx>

A copy of your NIMS certificates validating the completion of these courses must be provided to your instructor.

All forms must be completed and turned into the instructor. This includes, but not limited to, skill sheets, CPR card, NIMS 100 and NIMS 700 and clinical sheets. If you do not complete all required forms you will not receive a certificate of completion, and will fail to meet the requirements for successful completion of the program.

Admission Requirements

- Registration is open to anyone who is at least 18 years of age.
- Students who are enrolled in a regular high school program must be in their senior year and have written permission from their parents and the school principal or counselor to register for a course.
- Have a valid Ohio driver's license
- High School Diploma or GED equivalent.
- Student must complete an Adult Education EMT Registration packet.
- Complete the WorkKeys Assessment (Applied Math, Workplace Documents, And Graphic Literacy).
 - Students will be required to take the WorkKeys exam prior to entrance into the program. Students scoring lower than a Level 5 on the Workplace Documents portion will be advised and given an individualized tutoring and support. The academic advisement session will include an overview of the program with the end goal of the student understanding the importance of reading comprehension and how their score can have a direct effect on their overall success rate. Tutoring will be offered after the first WorkKeys test, at the discretion of Student Support Services. The student will sign and adhere to the plan and the form will be included in the student file.

Attendance

- ***Attendance is mandatory.*** Any planned absences must be discussed with the instructor ***before*** occurrence. Regular attendance and punctuality is expected of each enrollee. The State of Ohio mandates that all state required hours must be completed. (Additional hours may be required at the discretion of the instructor and/or the coordinator). Two (2) **OR** more unexcused absences can be cause for dismissal from the program. This decision comes at the discretion of the Lead Instructor and can be considered in conjunction with any other areas of weakness or issues that have been identified in the student's performance.
- If a class is missed, any exams or assignments that were due ***must be completed and turned in before 3pm on the day of the next class meeting.*** Tests must be made up in the Adult Education office by way of appointment made with the EMT Administrative Assistant. Failure to do so will result in a "0" (zero) grade. If an assignment is given during a class that is missed, the student will be permitted to make the assignment up at the instructor's discretion, provided that the absence was excused.

- **Assignments cannot be made up for an unexcused absence.**
Excused Absences: Contact must be made with the assigned instructor for that class period. A phone call is preferred but text messaging is accepted. Please keep in mind that cell phone coverage does not always afford timely notification, especially by way of text messaging. If an instructor does not receive phone or text notification by the start of class time, it is considered an UNEXCUSED ABSENCE. If excused, exams or assignments that were due can be made up and/or turned in before the next class scheduled. Failure to turn in assignments or exams will result in a “0” (zero) grade.
- **Unexcused Absences:** Failure to notify the assigned instructor for that class period which includes the instructor not receiving timely notification by the start of class. Assignments and/or exams **cannot** be made up.
- Any homework or other assignment that is not turned in by the designated due date will result in a “0” (zero) grade. There will be no opportunities to make these assignments up. If a homework assignment is due on a day of an excused absence, the student must turn the assignment into the Adult Education office before the next class meeting. Failure to do so will result in a “0” (zero) grade.
- **Tardiness:** Habitual tardiness is disrupting to the other students as well as the instructor(s). This absence of respect can reflect a student’s lack of interest in an adult education program that demands the highest degree of mature dedication and responsibility. A student that is tardy three (3) times will equal one (1) unexcused absence and may face disciplinary action. A total of five (5) will equal two (2) unexcused absences and may be grounds for dismissal from the program.
- Students should review the class syllabus immediately upon receipt and ensure that they make proper arrangements to be present for all classes scheduled.

Breaks

Breaks will be given periodically during lecture and laboratory classes. Please avoid leaving the classroom at times other than during breaks. Class will resume promptly at the time indicated by the instructor. The instructor will not wait for those who return late. If you are more than 5 minutes late to return from a break you may be prevented from joining the class which will result in an unexcused absence. This can enter the student into disciplinary action. Beverages will be permitted in the classroom in bottles or containers that accommodate a top or lid. There will be no open-top beverage containers by way of cup, glass or mug permitted in the classroom. Any food or snacks must be consumed outside of the classroom. There will be no food permitted in the classroom.

Smoking

CVCC is a non-smoking facility. There will be no smoking anywhere on school property, inside or outside. Any individual that is found smoking on CVCC property can be asked to leave the premises which will then result in an unexcused absence.

State and CVCC EMT Rules

The following rules are applicable to all students. Please read all rules thoroughly. If you should have any questions, please notify your instructor.

- 1) All cell phones/pagers must be either turned off or set to vibrate. During class time, there will be no phone calls or text messaging permitted. If any student is found to be text messaging during class, he/she may be asked to leave for the remainder of the class time and receive an unexcused absence. This will be at the discretion of the instructor. Family emergencies are the exception and simply require instructor notification.
- 2) Uniform shirts will be provided as per tuition/course fees. It will be the student's responsibility to purchase EMS uniform pants, belt and boots/shoes. The instructor will provide information on location and costs for purchasing. There are affordable options available. See an instructor for details.
- 3) Complete uniforms must be worn to each class and are required when completing clinicals. A neat, clean, professional appearance is expected in the classroom **AT ALL TIMES**. *No hats of any kind (snow, baseball, etc.), earrings, piercings or obstructive jewelry.* If any student is found to be out of uniform, they will be sent home at the discretion of the instructor with an unexcused absence. Again, a complete uniform is defined as: *uniform shirt, EMS pants, belt, black uniform boots or shoes, black socks.*
- 4) All information submitted on paperwork, state forms, Cuyahoga Valley Career Center forms, and workbooks, must be true and correct. **Any fraudulent entry may be considered a sufficient cause for dismissal.**
- 5) You are responsible for having all required materials with you in class. Be Prepared!
- 6) Skills taught and performed in class such as splinting, bandaging, lifting/moving, hands on assessment, blood pressures, etc. will be completed on a partner in class. This means there will be hands-on contact with other students. All contact will be under the direct supervision of the instructor after specific directions of what is

expected to be completed. Any problems related to this type of practice should be directed to the Lead Instructor.

- 7) No food or open bottle beverages are allowed in the classroom.
- 8) There will be **zero tolerance** for cheating. Student will be immediately dismissed with no refund.
- 9) There will be **zero tolerance** for sexual harassment. After review and investigation of the offense, the student may be dismissed with no refund. Professionalism and respect to your peers is expected.
- 10) This type of adult education program requires a high degree of mature responsibility that must yield self-control. There will be no unnecessary disruptions during class. Any unnecessary disruption may result in the student being sent home with an unexcused absence. This will be at the discretion of the instructor.
- 11) **You must go on the Internet to register for the National Registry EMT exam.** You must pass the National Registry Exam in order to be certified as an EMT-Basic in the State of Ohio. **(Please see attached information sheet explaining the procedure for registering).**

Testing and Grading Policy

The didactic portion of the program is evaluated through exams which include multiple choice given in the classroom or as a take home assignment by the lead Instructor. These tests will be comprised of both computer-based and written test format depending on the content.

Student MUST maintain an 80% throughout each module, and pass each module final with an 80% or better. If a student fails a module exam it will result in consultation and the student will be given one attempt to retest a module exam or final exam throughout the program. Failure of any additional exams, after the consultation, will result in failure of the program. In addition, students must remain at or above an 80% cumulative grade point average throughout the program. Failure to maintain an 80% cumulative average will result in consultations and ultimately removal from the program.

Grading Scale: Grades during the didactic phase will be determined on the basis of the following:

Passing-	80% or greater
Failing-	79.9% or less

Distribution of Didactic Grade:

Module Finals: Each student will be responsible to complete all required assignments prior to each Module Final. Student's failing to complete the required assignments will be given an incomplete grade constituting failure from the program.

Each Module Final will be graded on a criterion based standard, using the 80th% as the passing indication. All students will be required to successfully complete and pass each Module Final in order to continue in the program.

Students failing to pass the Module Final will be given one retest per class to use at their discretion. A student may use their single retest to retake a Module Final or Course Final. If the student fails to pass the exam on the retest, they will be dismissed from the program.

Course Final: The course Final will be a comprehensive exam measuring the student's ability to demonstrate proficiency of the curriculum. Students are required to pass the Course Final with an 80% or greater for course completion. Students failing to pass the Course Final may use their one retest option, if available, to retake the Course Final. Failure of the retest constitutes program failure and will result in dismissal from the program.

Remediation: Failure of a student to meet academic or skill performance standards will result in remedial action to address educational strategies. Such corrective action may include additional course work in the form of oral presentations; written assignments; one-on-one coaching by peers or staff and/or assignment of an academic or skills mentor. The student or the Lead Instructor may initiate remediation. All remedial sessions will be documented and the documentation forwarded to the students' program file. Inability to correct academic or skill performance deficiencies with remedial course work is grounds for dismissal. A student may discuss academic or skill performance difficulties at any time by making an appointment directly with the Lead Instructor or Program Director during posted office hours.

Disciplinary Procedures

The following is a list of actions that would require disciplinary action. Other actions may fall into this category at the discretion of the instructor. These actions may **be grounds for dismissal from the EMT program:*

Clinical Information

Cuyahoga Valley Career Center holds affiliation agreements with area hospitals and fire departments for various types of clinical externships. It is our goal at CVCC to provide a clinical opportunity for each student; however, acceptance of students into a clinical environment is at the discretion of area health care facilities based on their staff availability and needs. This is standard practice for all health care facilities, causing competition between health care students at all educational institutions for limited space.

- The clinical experience is a learning experience not a working experience.
- Students will be required to attend a clinical experience in both the Emergency Room and in the Pre-hospital (EMS) field. Hours completed in each will be assigned at the discretion of the Lead Instructor.
- Students are not to replace any employee or assume anyone's job responsibilities.
- There are no financial benefits paid.
- The clinical facility has the right to make scheduling adjustments or reassignments based on staffing and departmental needs.
- Students will be assigned to an on-site staff member (preceptor) to supervise the clinical experience.
- Clinical scheduling times are the responsibility of the student and the schedule must be completed as designated by the Lead Instructor.
- Clinical times must be scheduled outside of classroom time.
- Blood-borne pathogens will be taught and followed in all practical and clinical settings.

- If employed by contracted agency, the student must not be counted as essential personnel but be attending as a student representing Cuyahoga Valley Career Center.
- The on-site preceptor may change from day to day based on the facility's staffing schedule.
- The preceptor is responsible to document the student's experience and evaluate performance.
- Student will provide, upon request, a certified copy of his/her health insurance policy. While at the facility, the students will not be considered as employees or agents of the facility; therefore, they will be ineligible for remuneration and will not be covered by the facilities social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits except as set forth herein.
- The clinical facility has the right to dismiss a student from a clinical experience for behaviors including but not limited to the following: if the students is not in compliance with facility policies and procedures, unexcused absence, inappropriate behavior, or violation of patient confidentiality. *It will be at the discretion of your instructor to allow and reschedule the clinical experience.*

When doing your clinical time, the following rules apply:

- Students are expected to be fifteen minutes early.
- Will be dressed in FULL UNIFORM: CVCC uniform shirt, dark uniform EMS pants, uniform boots or shoes, black socks and black belt. If you are out of uniform, you will be sent home.
- No facial piercings or obtrusive jewelry.
- Students must be equipped with a stethoscope, pen, and a watch with a second hand.
- Professional behavior will be expected during all clinical hours.
You are a reflection of the school, your instructors and the EMS/Fire industry. Any behavior that is reported to be unprofessional, disrespectful or otherwise socially unacceptable will result in immediate dismissal from the program following confirmation from a detailed investigation conducted by the Lead Instructor, CVCC representatives, law enforcement or other required professional agencies or personnel.
- Students must complete a minimum of six (6) in hospital patient assessments and at least three (3) pre-hospital assessments.
- Clinical time must be scheduled and completed prior to the course final exam and course completion.

- **If a student cannot attend a scheduled clinical session, phone notification must be made by the student to the clinical site with an explanation. Clinical discipline policy is outlined below:**

- Excused Absence (*with notification*) ----- Accepted
- Late to clinical (*with notification*) ----- Verbal Warning
- Late to clinical (*no call*) ----- Verbal Warning
(Explanation required)
- No show to clinical (*no call*)----- Written Warning
(Explanation required)

For any “*second offense*” the student may face dismissal from the program.

Students in a clinical environment will be evaluated on the following:

- Appearance (personal grooming, uniform, etc.)
- Attitude (interest, courteous, confident, cooperative)
- Maturity (accepts supervision, adapts to situation, accepts assignments)
- Dependability (punctual, completes tasks, accepts responsibility)
- Initiative (seeks new learning opportunities)
- Clinical Tasks (performs lab and diagnostic skills)
- Interpersonal (cooperates with co-workers, supervisors, physician)

Registration Procedures - National Registry EMT Test

***Once you have been approved by CVCC to take the NR EMT exam, you will have no longer than fourteen (14) days to schedule and sit for the exam.**

(Information on computer based testing is on the NREMT website at nremt.org. Please refer to the NREMT website for the most current policies and procedures).

Follow these easy steps 3 to 4 weeks in advance of when you plan to test. If you need additional assistance, please contact the NREMT at 614-888-4484.

Step 1: Create Your Account

- Go to nremt.org and click on 'Create New Account'.

Step 2: Login

- After you have completed Step 1, you can return to the home page and log in with the username and password you created.

Step 3: Manage Your Account Information

- Complete all the information in the Personal Account Information fields as prompted. The first and last name you include in this area should be the same as what appears on your driver's license (or the ID you will present at the testing center), and is what will appear on your application, National Registry certificate, and card upon successful completion of the examination.

Read this to avoid delay! *Make sure the first and last name you use to set up your Account matches the name on your driver's license EXACTLY (or the ID you will present at the testing center) or you will be denied access to the testing center on the day of your exam!*

Step 4: Create a New Application

- Click on 'Create Initial Entry Application' to apply to take your exam.
- Review the Personal Information Summary – if any items are incorrect, you can make corrections by clicking on 'Manage Account Information'.
- Select the application level you wish to complete.

Step 5: Pay Application Fee

- Your application fee is part of your tuition and it is recommended that you complete your online application at the school on the designated date; in order to prevent delays. However, you may pay at a later date.
- To pay at a later date, go to ‘Check Initial Entry Application Status’ and choose ‘Application Payment’.

Read this to avoid delay! *An Authorization to Test (ATT) Letter allowing you to schedule your exam will not be issued until payment has been received and successful course completion verification has been completed. If you do not complete your application at the school on the designed date, it is YOUR responsibility to call the Adult Education Office to schedule your payment.*

- While you can pay by credit/debit online or print a money order tracking slip for mailing your money order to the NREMT, **CVCC will not reimburse your exam fee.**

Step 6: Check to See if You Are Approved to Take Your Exam

Read this to avoid delay! *You will only see ‘Print ATT Letter’ when you have been verified to test! This link will not appear if the verification process is not yet complete!*

- Monitor the progress of your application and watch for your Authorization to Test (ATT) Letter by going to the NREMT home page and logging in using your username and password.
- Click on ‘Check Initial Entry Application Status’.
- If you see ‘Submitted’ next to ‘Course Completion Verification’, this means the NREMT has submitted your information to the program you indicated, and is waiting for authorization from the education program director indicating that you have completed the course.
- If you see ‘Not Submitted’ next to the ‘Application Payment’, you must pay the fee prior to receiving an ATT Letter.
- When successful course completion has been verified by your education program director and payment has been made, you will see the following link: ‘Print ATT Letter’.

Step 7: Print the ATT Letter to Schedule Your Exam through Pearson VUE

- Scroll down to see if the ‘Print ATT Letter’ appears.

Read this to avoid delay! *Click on this link to print your ATT Letter. Print and follow the instructions in your ATT Letter.*

- Your ATT Letter will contain instructions on how to schedule your examination through the Pearson VUE website.
- Your ATT Letter will also include other important information you should read carefully!

Read this to avoid delay!

- Schedule your exam carefully! Rescheduling fees apply!
- Refunds cannot be issued for no-shows.
- If you arrive late for your exam, you may lose your appointment!

Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing "911". Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one's own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 "are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Memorial Day, Juneteenth, and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a "snow day" announcement via the news media. Use your very best judgment as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact mssluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Student Data

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an Administrative Assistant or Adult Education Coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

Student Records

The school maintains a file of each student in accordance with rules of the State of Ohio and program governing board. Release of information in a student's file must be **requested in writing** by the student. Only official grade transcripts are released; all other documents are the property of CVCC and will not be copied unless remanded by court. An individual file containing information about each student will be maintained in a secured area. The records will be available only to instructors and appropriate Adult Education staff.

Release Policy

The adult student voluntarily desires to participate in this curriculum experience that includes classroom, field trips, and clinical experiences. The student is duly aware of risks and hazards, which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the adult student. While at the facility and/or in the school environment; the adult student will not be considered as an employee or agent of the facility nor the school district. Therefore, they will be ineligible for remuneration and will not be covered by the facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits. The adult student will indemnify and hold harmless the facility, and the school district, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the contract on the part of the student, any heirs, administrators or executors. This contract is a permanent part of your file at Cuyahoga Valley Career Center.

The Cuyahoga Valley Career Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs, employment and activities and provides equal access to the Boy Scouts and other designated youth groups. A District Senior Citizen is defined as individuals age 60 or more that are residents of the following school districts: Brecksville, Broadview Heights Schools, Cuyahoga Heights Schools, Garfield Heights Schools, Independence Schools, Nordonia Hills Schools, North Royalton Schools, Revere Schools and Twinsburg.

Grievance Policy

5710 - STUDENT GRIEVANCE

The Board of Education recognizes that, as citizens, students have the right to request redress of grievances. Further, the Board believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group grievances should be provided for and appropriate appeal procedures implemented.

For purposes of this policy, a student complaint or grievance shall be any such that arises out of actions, procedures, and policies of this Board or its employees or the lack of such policy or procedure.

The Board or its employees will hear the complaints and grievances of the students of this District provided that such complaints and grievances are made according to procedures established by Board Policy **9130**.

9130 - PUBLIC COMPLAINTS

Any person or group having a legitimate interest in the operations of this District shall have the right to present a request, suggestion, or complaint concerning District personnel, the program, or the operations of the District. At the same time, the Board of Education has a duty to protect its staff from unnecessary harassment. It is the intent of this policy to provide the means for judging each public complaint in a fair and impartial manner and to seek a remedy where appropriate.

It is the desire of the Board to rectify any misunderstandings between the public and the District by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed.

Any requests, suggestions, or complaints reaching the Board, Board members, and the administration shall be referred to the Superintendent for consideration according to the following procedure.

Matters Regarding a Professional Staff Member

A. First Level

If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within his/her authority and District administrative guidelines.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by

school officials prior to

As appropriate, the staff member shall report the matter and whatever action may have been taken to his/her supervisor.

B. Second Level

If the matter cannot be satisfactorily resolved at the First Level, it shall be discussed by the complainant with the staff member's supervisor or Director and in compliance with provisions of a collective bargaining agreement, if applicable.

C. Third Level

If a satisfactory solution is not achieved by discussion with the Supervisor or Director, a written request for a conference shall be submitted to the Superintendent. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
3. the action which the complainant wishes taken and the reasons why it is felt that such action be taken.

Should the matter be resolved in conference with the Superintendent, the Board may be advised of the resolution.

D. Fourth Level

Should the matter still not be resolved, or if it is one beyond the Superintendent's authority and requires a Board decision or action, the complainant shall request, in writing, a meeting by the Board.

The Board, after reviewing all material relating to the case, may provide the complainant with its written decision or grant a meeting before the Board or a committee of the Board.

The complainant shall be advised, in writing, of the Board's decision, no more than ten (10) business days following the meeting.

Matters Regarding an Administrative Staff Member

Since administrators are considered members of the District's professional staff, the general procedure specified in "Matters Regarding a Professional Staff Member" shall be followed.

Matters Regarding the Superintendent or Treasurer

Should the matter be a concern regarding the Superintendent or Treasurer which cannot be resolved through discussion with the Superintendent or Treasurer, the complainant may submit a written request to the Board President for a conference with the Board. This request shall include:

- B. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
- C. the reason that the matter was not able to be resolved with the Superintendent or Treasurer;
- D. the action which the complainant wishes taken and the reasons why it is felt that such action should be taken.

The Board, after reviewing the request, may grant a hearing before the Board, or a committee of the Board, or refer the matter, if permitted by State law, to an executive session.

The complainant shall be advised, in writing, of the Board's decision within thirty (30) business days.

If the complainant contacts an individual Board member to discuss the matter, the Board member shall inform the complainant that s/he has no authority to act in his/her individual capacity and that the complainant must follow the procedure described in this policy.

Matters Regarding a Classified Staff Member

In the case of a classified staff member, the complaint is to be directed, initially, toward the person's supervisor, and the matter then brought as required to higher levels in the same manner as prescribed for "Matters Regarding a Professional Staff Member".

Matters Regarding District Services or Operations

If the request, suggestion, or complaint relates to a matter of District procedure or operation, it should be addressed, initially, to the person in charge of the service or operation and then brought, in turn, to higher levels of authority in the manner prescribed in "Matters Regarding a Professional Staff Member".

Matters Regarding the Educational Program

If the request, suggestion, or complaint relates to a matter of District program, it should be addressed, initially, to the Director and then brought, in turn, to higher levels of authority in the manner prescribed in "Matters Regarding a Professional Staff Member".

Matters Regarding Instructional Materials

The Superintendent shall prepare administrative guidelines addressing students' and parents' rights to be adequately informed each year regarding their ability to inspect instructional materials and the procedure for completing such an inspection. See AG **9130A** and Form 9130F3.

If the request, suggestion, or complaint relates to instructional materials such as textbooks, library books, reference works, and other instructional aids used in the District, the following procedure shall be followed:

- A. The criticism is to be addressed to the Director, in writing, and shall include:
 1. author;
 2. title;
 3. publisher;
 4. the complainant's familiarity with the material objected to;
 5. sections objected to, by page and item;
 6. reasons for objection.

- B. Upon receipt of the information, the Director shall after advising the Superintendent of the complaint and upon the Superintendent's approval, appoint a review committee which may consist of:
 1. one (1) or more professional staff members;
 2. one (1) or more Board members on the Board Curriculum Committee;
 3. one (1) or more lay persons knowledgeable in the area.

The Superintendent or his/her designee shall be an ex-officio member of the committee.

- C. The committee, in evaluating the questioned material, shall be guided by the following criteria:
 1. the appropriateness of the material for the age and maturity level of the students with whom it is being used
 2. the accuracy of the material
 3. the objectivity of the material
 4. the use being made of the material

- D. The material in question may be withdrawn from use pending the committee's recommendation to the Superintendent.
- E. The committee's recommendation shall be reported to the Superintendent in writing within fifteen (15) business days following the formation of the committee. The Superintendent will advise the complainant, in writing, of the committee's recommendation and advise the Board of the action taken or recommended.
- F. The complainant may appeal this decision, within thirty (30) business days, to the Board through a written request to the Superintendent, who shall forward the request and all written material relating to the matter to the Board.
- G. The Board shall review the case in public session and advise the complainant, in writing, of its decision within ten (10) business days.

No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.

Revised 3/27/03

Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal "Return of Title IV Financial Aid Funds" formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student's withdrawal date occurs after the point that the student was scheduled to complete more than 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as

soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student's account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a "seat" in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. It is the responsibility of the student to have their employer provide verification of employment to WIOA/Ohio Means Jobs, using the official form provided. Final payment is dependent upon completion of this process.

Additional Financial Information

- Pell grant monies and loans are to be utilized to pay tuition and book expenses included in the programs Cost of Attendance . A copy of the Cost of Attendance can be requested in the Student Support Services Office. The cost of attendance will be reviewed during the student financial aid appointment.
- Students with prior student loans may be eligible for an in-school deferment. Please contact your loan servicer or issuer if you are interested in this program for the application. Complete the student portion of the in-school deferment application and submit to CVCC Student Support Services office for completion
- At any time throughout the school year, the student may exercise the right to cancel or change Title IV loan monies prior to disbursement. Please make an appointment with the Student Support Services office to revise your award worksheet. Please see posted drawdown schedule for deadlines.
- Adult students at CVCC are protected under the Family Education Rights and Privacy Act (FERPA.) Your Financial Aid records will not be discussed with your parents, spouses or others without your written consent or certain requirements being met. Please review your FERPA rights on CVCC’s website; www.cvccworks.edu/FinancialAid.aspx
- If you have been previously, or are convicted in the future under Federal or State law, any offense involving possession or sale of illegal drugs while you are (were) receiving Federal Student Aid, you may be ineligible for additional aid. Please contact the Student Support Services Office to discuss any drug related convictions and your eligibility for additional Financial Aid.
- If your FAFSA has been flagged for an unusual enrollment history, Student Support Services will review your previous education transcripts to determine if you are eligible for Federal Financial Aid.
- All loan monies are to be paid back to the federal government on a repayment schedule established with your Direct Loan Servicer after a “grace” period of six (6) months upon successful completion of the program or withdrawal.
- Those individuals experiencing involuntary activation for military service will be handled on a case-by-case basis regarding return of funds, length of leave of absence, re-entry and in compliance with Title IV regulations.

Refunds and Withdrawal Policy

Refund Policy: Refunds are issued in the method fees were paid; either by check (once check has cleared) or credited to your account, within 2-3 weeks of processing approved refund paperwork.

Textbook/Material/Supply/Uniform Fees: Fees are included in the tuition unless otherwise specified and are NON-REFUNDABLE. Textbook prices are subject to change without notice.

Plagiarism and Consequence of Violating School Anti-Plagiarism Policies

Plagiarism is typically defined as the use of another person's or a group's words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one's own work. More specifically, to avoid plagiarizing, a student or other writer must give credit when he/she uses:

1. Another person's idea, opinion, or theory
2. Any facts, statistics, graphs, drawing - any piece of information that is not considered common knowledge
3. Quotations of another person's spoken or written words
4. Paraphrases of another person's spoken or written words
5. Another person's data, solutions, or calculations without permission and/or recognition of the source, including the act of accessing another person's computerized files without authorization.

Plagiarism may be either deliberate or unwitting. Regardless, it is the responsibility of a college student to know what constitutes plagiarism, so that they may avoid it. Ignorance is not a legitimate defense against a charge of plagiarism. Cheating, falsifying documents and/or plagiarism will not be tolerated by Cuyahoga Valley Career Center. The penalties for these offenses are as follows:

- First offense: Student receives a "0" on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may repeat the assignment to correct all areas of plagiarism. The repeat assignment is graded on a 30% reduction of points.
- Second offense: Student receives a "0" on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may not repeat the assignment.
- Third offense: Student receives a "0" on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of "F" for the course.
- Any further offense: Student receives a "0" on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of "F" for the course and may be suspended from the college for a period of six (6) months.
- Any further offense upon students return from suspension: Student receives a "0" on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of "F" for the course and may be expelled from the college without the option to return.

All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. - M. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the School District community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other District-level official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Students and all other members of the School District community along with Third Parties are required to report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517 investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation

will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and

maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure

obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;

- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or

B. violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the

appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667

State Board of Education Model Policy

Student Hazing (Policy 5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

ESTHETICS

Program Description

Esthetics offers individuals seeking to build a dynamic career in the Esthetics industry a unique option. This licensure program will help prepare students to obtain credentials in Esthetics with the Ohio State Board of Cosmetology and Barber Board. Students will complete a 600-hour curriculum that provides training in skin care practices, makeup application, hair removal, and anatomy, safety, chemistry, and infection control practices. In addition to working in a salon or spa, licensed Estheticians are in high demand throughout the travel industry and in various physician offices. Students will gain experience in salon operations and build skills that they can apply to their careers as an independent contractor.

- Program complies with the O.R.C , O.A.C 4713 and procedures of the Ohio State Board of Cosmetology, 1929 Gateway Circle, Grove City Ohio 43123 614-466-3834.
- For students enrolled in the Esthetics course Cuyahoga Valley Career Center will comply with O.A.C 4713-5-11.

***Cuyahoga Valley Career Center reserves the right to modify or amend the handbook at any time with or without prior notice. The information and provisions contained within the handbook does not constitute a contract or the conveyance of right or privileges to the instructor or student.

What You Can Expect From This Course

The Esthetics Program at Cuyahoga Valley is a program consisting of 600 hours of instruction. Students earn clock hours for these programs based on actual seat time which is tracked weekly and reported to the Ohio State Board of Cosmetology and Barber Board on a monthly basis. Clinical and Theoretical instruction for Esthetics include the following content areas:

1. Infection Control
2. Anatomy
3. Massage
4. Chemistry
5. Skin Care
6. Study of the Skin
7. Make-up
8. Specialized Equipment
9. Salon Operations
10. Cosmetology Laws and Rules

Once a student has passed all of their coursework and obtained the minimum hours required for each program they will be able to sit for the licensure examination. Application of examination will be completed by the school upon verification that the student has completed these obligations and does not owe an outstanding financial obligation to the school. Cuyahoga Valley Career Center reserves the right to delay or reject application completion until verification is completed. Students are responsible for submitting honest and accurate data tracking of their instructional time. Students will be responsible for their own transportation to the Ohio State Board of Cosmetology and Barber Board for licensure examination.

Students will not receive hours for missed classes and must make arrangements with their instructor to make-up time.

Clinic Instruction will include student operation of the Evening Spa at Cuyahoga Valley. Students must meet course requirements in both theory and clinic prior to being able to complete services on clients. Students will be assigned clients in an equitable manner that is based on their certification status.

GENERAL PROGRAM POLICIES

Program Philosophy

Our goal is to prepare our students for Ohio State Cosmetology and Barber Board Testing and for program-related employment. In order to achieve these goals, the student must have enthusiasm for the Cosmetology or Esthetics industry and eagerness to work with and for others, as well as a will to learn. Students will be responsible for various duties including housekeeping (station, sinks, shampoo area, dispensary), laundry (towels), reception duties (appointment taking/communication skills, inventory, money collection, etc.), as well as salon/spa management duties. Students will be held accountable for all monies collected during the week that reception duties are assigned. The student is completely responsible for his/her duty during the week for which it is assigned. These are just some of the various techniques used to incorporate responsibility into the classroom, along with confidence and self-esteem, while preparing the students for licensing and employment.

Teacher / Student Expectations, Rules / Regulations and Safety Precautions

- All Ohio State Cosmetology & Barber Board Rules/Safety Regulations must be followed at all times. (Rules are posted in every room in dept.)
- Students must be respectful to all students, teachers and patrons
- Students must display professionalism at all times.
- No inappropriate behavior will be accepted, ex: refusing a client, insubordination, or use of inappropriate language.
- Students' nails must not exceed ½ inch in length.
- Each day, every student must be prepared to perform a service and/or be a model for a service.

Admission Policy

Students entering either the Cosmetology Program or the Esthetics Program at CVCC must have a high school diploma or a GED and valid driver's license.

Absences - Tardiness

Each student is expected to have regular attendance and punctuality. Each Cosmetology student must complete 1,500 hours of instruction and clinic experience and each Esthetics student must complete 600 hours of instruction and clinic experience to complete their program successfully.

There are no excused absences—just provisions to deal with time away from the program. The instructor will record any absence or tardiness from the school and note that information in your personal file. Any student who is absent for five (5) or more consecutive days must provide a written physician's statement allowing unrestricted permission to return to school. The faculty and Adult Education Coordinator will take any extended illnesses and special circumstances/situations into consideration paying specific attention to the student's past attendance and tardiness record, other illnesses, and progress in the program. See "Make Up Time" in this document.

Armed Forces students, if activated by state or governmental action, will be treated on a case-by-case basis with strong compliance to Title IV recommendations.

Assignments

All work is to be neat and legible. The instructor will discuss any additional guidelines the first day of class. Students are to submit assignments on the date specified. At the discretion of the instructor, late assignments may be refused; or **if** accepted, the grade may be lowered one letter grade for each day late.

Class Schedule

Evening classes will begin at 4:00 pm and will conclude by 9:00 pm. The class schedule will include the appropriate number of classes to complete the required program hours within a maximum of 19 months. Class schedules may be changed at the discretion of the instructor(s) and Adult Education Coordinator. See current Course Calendars for class dates.

Disciplinary Action

The following is a list of actions that would require disciplinary action. Other actions may fall into this category at the discretion of the instructor. These actions may **be grounds for dismissal from the Cosmetology or Esthetics program:*

Disciplinary Process

Warnings

A verbal warning is a first notification of unsatisfactory performance, or inappropriate behavior in the classroom or clinic. It will be followed up with a written confirmation of the conversation which you will be asked to acknowledge with your signature.

A first written warning will be the start of a probationary period which will be determined by the Adult Education Coordinator and instructor. The warning will be issued if any of the incidences outlined in the verbal warning continue to occur or different examples of the types noted above occur or if the student's behavior is so egregious that CVCC determines to skip the verbal warning. We will ask the student to sign documentation of the conversation.

A second written warning will be issued if the incidences above, or any other incidences as outlined in the verbal warning section, continue. If the student receives a second written warning, any recurrences of the previously noted performances or behaviors will result in dismissal/termination from the program.

Note: Any of the above warnings may include a timeframe for improvement with specific parameters.

Dismissal/Termination

Dismissal/Termination may occur at any point in the disciplinary process if progress is deemed insufficient.

Behavior of an extremely serious nature, continued undesirable attendance, violation of CVCC policies/procedures, foul/inappropriate language or inappropriate behavior, may result in immediate dismissal without prior warning.

Dress Code / Student Behaviors

Your general appearance (dress, hair, jewelry, and state of health) communicates your image. CVCC requires Cosmetology students to wear a black uniform and white clinic shoes at all times. Esthetics student uniform will be determined by instructor. We do not recommend face piercings.

Fees / Textbooks / Supplies

Program fees do not cover the cost of uniform, shoes, or the Ohio State Cosmetology and Barber Board licensing exam application fee.

Tuition

Cosmetology

Administrative Seat Fee: \$200.00 Tuition: \$15,349
Textbooks: \$275 (non-refundable) Equipment Kit: \$650
2021-2023 years

There are two (2) tuition plans:

- 1) **Primary Plan:** 100% of tuition is due the first day of class, or
- 2) **Secondary Plan:** \$4,205 tuition plus \$650 supply fee is due the first day of class on or before September 12, 2022, \$4,604 tuition plus \$275 textbook fee is due March 1, 2023 for the second tuition, \$3,270 is due July 3, 2023, and the final tuition of \$3,270 is due August 2, 2023. A credit for scheduled Title IV funding will be given even though funds may be applied after the tuition due date.

Esthetics

Administrative Seat Fee: \$200.00 Tuition: \$7,706.85
Textbooks: \$287.00 (non-refundable) Equipment Kit: \$350.00
2021-2022 School Year

There are two (2) tuition plans:

- 1) **Primary Plan:** 100% of tuition is due the first day of class, or
- 2) **Secondary Plan:** \$3,853.43 tuition plus \$287.00 textbook fee is due the first day of class on or before February 13, 2023, \$3,853.43 tuition plus \$350 supply fee is due June 15, 2023. A credit for scheduled Title IV funding will be given even though funds may be applied after the tuition due date.

A self-pay student is to select a plan. All financial aid students must use the secondary plan. The first enrollment period begins with the first day of the program and closes with the completion of half of the total clock hours and weeks for the award year. Payments for tuition are due on the dates stipulated.

Financial aid disbursements will be made in four (4) payments for PELL Grants and Direct Loans. Parent Plus loans are disbursed typically one time in the first payment period. Until all “money” due CVCC is paid in full, no transcripts of any type or recommendations or completion data will be released. Students will complete a 2022-2023 FAFSA for the program.

If financial aid eligible, and a PELL Grant is awarded, if the student has been completely verified if required, then one half (50%) of the PELL Grant will be credited to the 1st tuition. The second portion of the PELL (one half 50%) is “credited” to your account for the second tuition payment following completion of half of the program. Establishment of a desirable attendance record (see Absences-Tardiness) coupled with a satisfactory clinical and academic performance (see Syllabus/Grade Determination) is imperative for Title IV money to be disbursed. (**See SAP Policy**). The same process would occur for the second year of the program. The Consolidated Appropriations Act of 2012 is a reduction of the students Pell Grant Lifetime Eligibility to six years of fulltime awards (based on student eligibility.)

The first disbursement of either **Subsidized or Unsubsidized Direct Student Loan** monies, if scheduled, will be disbursed upon initiation of the program. The second disbursements are credited against the second tuition payment and disbursed after completion of one half of the program. If you choose to do both types of loans the first disbursement of your second loan type will be against the second tuition payment and the second disbursement will be applied to the second tuition payment. The establishment of a desirable attendance record (see Absences-Tardiness) and satisfactory clinical and academic progress (see Syllabus/Grade Determination) is imperative to continue to be eligible for the benefits of the Title IV financial aid program. (**See SAP Policy**) The same process would occur for the second year of the program. All loan monies are required to be paid back.

For first time Direct Loan borrowers, after July 1, 2013, may have their eligibility for Subsidized Direct Loans affected by previous post-secondary enrollment. Student Support Services will determine your eligibility. If the student is not eligible for Subsidized Loans, the student's Unsubsidized Loan eligibility amount may increase.

Parent Plus Loans for eligible parents of dependent students are disbursed one time in the first payment period of each award year.

If a student does not complete that portion of the program for which a PELL Grant or Direct Loans were credited and awarded, he/she is responsible to **repay** the money to CVCC and also possibly to the United States Department of Education. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order required. Details of their financial aid will be provided to the student in their letter of withdrawal or dismissal. See Return of Title IV Funds Section for details.

Satisfactory Academic Progress (SAP) Policy

Satisfactory Academic Progress (SAP)

According to Federal and State regulations, students receiving financial aid must maintain Satisfactory Academic Progress (SAP). The financial aid office at Cuyahoga Valley Career Center will monitor a student's academic progress as a condition of eligibility for financial aid. CVCC will review a student's academic progress in a program at the end of each payment period to determine if a student is eligible for a subsequent Title IV payment (otherwise known as a financial aid disbursement). This evaluation takes place at the point when the student's scheduled clock hours for the payment period have elapsed, regardless of whether the student attended the hours. A student is considered to be making SAP when the following requirements are satisfied:

Qualitative Standard (Grades)

Students must maintain a cumulative grade average of 75%.

Grading Scale

Letter grades are assigned to student's satisfactory academic progress, as follows:

91%-100%	A
82%-90%	B
73%-81%	C
65%-72%	D
64%-0%	F

Quantitative Standard

Maximum Timeframe

Students must be on pace to complete their program within 110% of the published length of the program as measured by clock hours and expressed in calendar time. For 600 hour (30 weeks) program, the student must complete within 33 weeks. For 1500 hour - 75 week program, the student must complete within 82.5 weeks.

Official Review of Attendance and Grades

Although attendance and grades are constantly monitored by the instructors, the “official” review of attendance and grades for financial aid purposes is at the end of each payment period, as required by the Federal Department of Education. For example, in a 600 clock hour program, official SAP monitoring would occur at the end of the first 300 hours. In order for a second disbursement to be issued, a student must have completed half the hours and half the weeks of their programs defined academic year.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse,

violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667

Make-Up Time

In the event of an excused absence, it is up to the instructor's discretion to schedule one-on-one time to make up class work or lab time. This additional time will be charged to the students at a rate of \$40.00/hour to cover the cost of the instructor's time and schedule adjustment.

Other Days Off

Please consult the 2021-2023 Course Calendars for other specific non-class days.

Tests and Examinations

Short quizzes will be given throughout the course. Unannounced quizzes may be given at the discretion of the instructor. Other tests and examinations will be scheduled as needed. Testing will cover content areas of reading assignments as well as class presentations and demonstrations.

Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing "911". Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one's own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 "are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Memorial Day, Juneteenth and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a "snow day" announcement via the news media. Use your very best judgment as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact mssluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Student Data

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an Administrative Assistant or Adult Education Coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

Student Records

The school maintains a file of each student in accordance with rules of the State of Ohio and program governing board. Release of information in a student's file must be **requested in writing** by the student. Only official grade transcripts are released; all other documents are the property of CVCC and will not be copied unless remanded by court. An individual file containing information about each student will be maintained in a secured area. The records will be available only to instructors and appropriate Adult Education staff.

Release Policy

The adult student voluntarily desires to participate in this curriculum experience that includes classroom, field trips, and clinical experiences. The student is duly aware of risks and hazards, which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the adult student. While at the facility and/or in the school environment; the adult student will not be considered as an employee or agent of the facility nor the school district. Therefore, they will be ineligible for remuneration and will not be covered by the facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits. The adult student will indemnify and hold harmless the facility, and the school district, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the contract on the part of the student, any heirs, administrators or executors. This contract is a permanent part of your file at Cuyahoga Valley Career Center.

Non-Discrimination Policy

The Cuyahoga Valley Career Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs, employment and activities and provides equal access to the Boy Scouts and other designated youth groups. Students must be able to successfully complete the academic and clinical objectives/outcome of the program in a timely manner, implementing the essential functions integral to the program. Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal “Return of Title IV Financial Aid Funds” formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student’s withdrawal date occurs after the point that the student was scheduled to complete more than 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student’s account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a “seat” in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. It is the responsibility of the student to have their employer provide verification of employment to WIOA/Ohio Means Jobs, using the official form provided. Final payment is dependent upon completion of this process.

- All loan monies are to be paid back to the federal government on a repayment schedule established with your Direct Loan Servicer after a “grace” period of six (6) months upon successful completion of the program or withdrawal.
- Those individuals experiencing involuntary activation for military service will be handled on a case-by-case basis regarding return of funds, length of leave of absence, re-entry and in compliance with Title IV regulations.

Tuition refunds will be prorated based upon the amount of tuition paid and the percentage of the program completed by the student. **Students that complete 60% of their scheduled program are not eligible for a prorated refund of their tuition.** Books, fees, uniform costs, tools, and seat fee (if required) are non-refundable. (The calculation to determine the percentage of a program completed by a student is based on the number of hours a student could have attended the class up to the date of withdrawal divided by the number of hours in the program.)

Cancellations: If CVCC needs to postpone, cancel, or combine classes for any reason, we will notify you. CVCC cannot assume responsibility for any conflict in business or personal affairs that affect your ability to attend class. Refunds will be processed as stated in our refund policy.

Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

The names, titles, and contact information of these individuals will be published annually on the School District's website and in the parent and staff handbooks.

The Compliance Officer(s) are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the School District community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other District-level official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Students and all other members of the School District community along with Third Parties are required to report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the

alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517 investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, , and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with

applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

State Board of Education Model Policy

Student Hazing (5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

Assignments

It is at the instructor's discretion to determine grading penalties for late assignments, attendance and unexcused absences. All work is to be neat and legible. The instructor will discuss any additional guidelines the first day of class. Assignments are to be submitted on date specified. At the discretion of the instructor, late assignments may be refused; or if accepted, the grade may be lowered one letter grade for each day late.

Attendance Policy

Regular attendance and punctuality is expected of each student. Each student must attend at least 90% of classes per term or module to successfully complete this program.

There are no excused absences—just provisions to deal with time away from the program. Absence from the school, or tardiness will be recorded by the instructor and noted in your personal file. Any student who is absent for five (5) or more consecutive days must provide a written physician's statement allowing unrestricted permission to return to school. Extended illnesses and special circumstances/situations (including vacation) will be taken under advisement by the faculty and Adult Education Coordinator with specific attention to the student's past attendance and tardiness record, other illnesses, and progress in the program.

Armed Forces students, if activated by state or governmental action, will be treated on a case-by-case basis with strong compliance to Title IV recommendations.

- The vast amount of information covered within the typical class period makes it difficult to catch up on missed work, labs and clinical rotations (when applicable). Attendance is mandatory.
- In the event that a student must miss class it is that student's responsibility to contact the Health Careers Coordinator or the course instructor as soon as possible.
- Unexcused absences (no call, no show), excessive tardiness, and/or absence from clinical/externship rotation (when applicable) is grounds for automatic dismissal without prior warning.

In the event of an absence, if one-on-one make up time is necessary due to the nature of the missed material and/or lab time, *it is up to the instructor's discretion to schedule time to make up class work or lab time*. This additional time will be charged to the students at a rate per hour to cover the cost of the instructor's time, schedule adjustment and any supplies and materials used as a result of the additional training.

- In the event a student misses class, it will be their responsibility to check with the instructor regarding assignments, handouts and supplemental materials and to get notes they have missed from a classmate.

Clinical Experience (when applicable)

Cuyahoga Valley Career Center holds affiliation agreements with area hospitals, physician's offices and health care facilities for various types of clinical externships. It is our goal at CVCC to provide a clinical opportunity for each student; however acceptance of students into a clinical environment is at the discretion of area health care facilities based on their staff availability and needs. This is standard practice for all health care facilities, causing competition between health care students at all educational institutions for limited space. *CVCC cannot control or guarantee the timeliness of clinical opportunities or how many student spots, if any, will be made available to our school.* If sites are limited, students will be assigned to a clinical externship site in order by registration date to determine the rotation schedule in which students will be placed in available clinical openings. *If a student declines a clinical opportunity for any reason, their name will go to the bottom of the rotation schedule.* Students have the right to pursue their own clinical assignments. If and when any student successfully acquires a clinical assignment on their own, that student must notify the Health Careers Adult Education Coordinator and obtain the appropriate documentation required to verify the number of clinical hours completed. This documentation is required by the accrediting institutions in order for a student to sit for the certification exam.

- The clinical experience is learning, not a working experience.
- Students are not to replace any employee or assume anyone's job responsibilities.
- There are no financial benefits paid.
- The clinical facility has the right to make scheduling adjustments or reassignments based on staffing and departmental needs.
- Students will be assigned to an on-site staff member (preceptor) to supervise the clinical experience or may be supervised by a CVCC clinical instructor.
- The on-site preceptor may change from day to day based on the facility's staffing schedule.
- The preceptor or clinical instructor is responsible to document the student's experience and evaluate performance.
- It is the student's responsibility to notify the facility and CVCC if for any reason the student will be unable to attend on a specific date or will be absent due to illness.
- Each student is responsible to notify the facility and CVCC Health Careers Program at least 1/2 hour before assigned duty time if unable to report.
- **If clinical make-up hours are required to complete a course, the student will be charged an additional rate per hour to cover the cost of a clinical supervisor for clinical time above and beyond the originally agreed upon clinical schedule.**
- Students will wear the appropriate uniform and identification while in the facility, unless directed otherwise by clinical faculty. This applies to dress, shoes, hosiery, jewelry and hair. (see Dress Code)
- Student will provide, upon request, a certified copy of his/her health insurance policy. While at the facility, the students will not be considered as employees or agents of the facility; therefore, they will be ineligible for remuneration and will not be covered by the facilities social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits except as set forth herein.
- The clinical facility has the right to dismiss a student from a clinical experience for behaviors including but not limited to the following: if the students is not in compliance with facility policies and procedures, unexcused absence, inappropriate behavior, or

violation of patient confidentiality. **If a student is dismissed from a facility for any of these violations, they will also be dismissed from the CVCC program, will not be reassigned to another clinical site, and will not qualify to sit for the certification exam with CVCC.**

- If a student withdraws from a clinical assignment prior to the scheduled completion of the rotation, CVCC is under no obligation to reassign the student to another clinical rotation.

Students in a clinical environment will be evaluated on the following:

- Appearance (personal grooming, uniform, etc.)
- Attitude (interest, courteous, confident, cooperative)
- Maturity (accepts supervision, adapts to situation, accepts assignments)
- Dependability (punctual, completes tasks, accepts responsibility)
- Initiative (seeks new learning opportunities)
- Clinical Tasks (performs lab and diagnostic skills)
- Interpersonal (cooperates with co-workers, supervisors, physician)

Clinical Health History and Screening Requirements

Failure to provide documentation of requirement listed under Admission Policy by the first week of class can result in inability to participate in the clinical externship.

Some clinical externship sites may require a drug screen along with a physical examination and immunizations for admission to the program. There is zero tolerance for drug/alcohol utilization in this program. In addition, a random and spontaneous screen may be mandated at the discretion of the faculty/supervisor clinical any time throughout the program, paid for by the enrollee, and submitted to the school. Results of these screenings will be reviewed by the Health Careers Training Coordinator and Adult Education Director for final determination if the enrollee is to remain active in the program.

Individuals with known serious allergies, diabetes, epilepsy, etc. must wear med-alert bracelet, anklet or necklace at all times while carrying on their person prescription drugs for emergency use. Failure to carry/use these protective devices may be cause for dismissal. If an enrollee has a known documented latex allergy he/she are discouraged from enrollment and if enrolled, is referred to this publication's Release Policy, documentation of such allergy is required in enrollee's file. If suspected latex allergy develops during enrollment, a latex sensitivity test (at enrollee's expense) is required to document need for latex-free glove usage.

Pregnancy is to be reported immediately to the Supervisor and the student's Clinical Instructor. If the student wishes to remain in the program, she must meet with her OB/GYN as soon as possible to confirm the pregnancy. The student must disclose her participation in a health career program and receive a medical release without restrictions allowing her to continue. The student assumes all personal responsibility for continuing in the program. If the physician does not give unqualified permission to continue in the program, a Leave of Absence may be requested by the student (see Leave of Absence Policy). The student will be expected to continue to function in the clinical setting at the level expected of her peers. The student must obtain, at her expense, uniforms that accommodate her changing body size.

Criminal Background Check

Criminal background check and fingerprinting have become mandatory for participation with cooperating clinical agencies. **Fingerprinting costs are not included in tuition fee charge.** Clinical sites have the right to refuse the opportunity to “learn with their clients” which may subject the enrollee to immediate dismissal with no return of funds paid by CVCC.

Confidentiality Commitment

You are entering a field wherein your honesty, integrity and trustworthiness is integral to your role as a health care giver. You are expected to hold the knowledge of your clients, patients/residents in confidence. The Ohio Supreme Court has identified breach of confidentiality as a tort. You will be expected to sign a confidentiality statement related to all clinical components of your program. Violation of client confidentiality could result in your dismissal from the program. The enrollee’s signed Confidentiality Statement is a permanent part of your file. Each clinical site may have its own confidentiality paperwork for the enrollee to read and sign with their clients/patient residents.

Disciplinary Action

The following is a list of actions that would require disciplinary action. Other actions may fall into this category at the discretion of the instructor. These actions may **be grounds for dismissal from the Health Careers programs:*

- **Tardiness that exceeds the aforementioned guidelines**
- **No call/no show for clinical experience**
- **Two (2) or more unexcused absences from class**
- **Cumulative grade percentage below eighty percent (80%)**
- **Behavioral nonconformity to include, disrespect to other students or instructors, sexual harassment, offensive language or any disruption that is socially unacceptable.**
- **Uniform discrepancy/non-compliance**
- **Destruction of property**
- **Leaving without permission**
- **Carelessness of program/school property or equipment**
- **Dishonesty/cheating**
- **Lack of interest or motivation to learn**
- **Sleeping in class**
- **Cell phone usage/texting**
- **Suspected of being under the influence of alcohol and/or drugs of abuse**
- **Weapons/firearms possession**

Warnings

A verbal warning is a first notification of unsatisfactory performance, or inappropriate behavior in the classroom or lab. It will be followed up with a written confirmation of the conversation which you will be asked to acknowledge with your signature.

A first written warning will be the start of a probationary period which will be determined by the Adult Education Coordinator and instructor. The warning will be issued if any of the incidences outlined in the verbal warning continue to occur or different examples of the types noted above occur or if the student's behavior is so egregious that CVCC determines to skip the verbal warning. We will ask the student to sign documentation of the conversation.

A second written warning will be issued if the incidences above, or any other incidences as outlined in the verbal warning section, continue. If the student receives a second written warning, any recurrences of the previously noted performances or behaviors will result in dismissal/termination from the program.

Note: Any of the above warnings may include a timeframe for improvement with specific parameters.

Dismissal/Termination

Dismissal/Termination may occur at any point in the disciplinary process if progress is deemed insufficient. Behavior of an extremely serious nature, continued undesirable attendance, violation of CVCC policies/procedures, foul/inappropriate language or inappropriate behavior, may result in immediate dismissal without prior warning.

Probation

Probation may be issued for a more serious or recurring violation of established policies and procedures.

Dismissal/Termination

Immediate dismissal may occur without prior warning for behavior of an extremely serious nature, academic performance below 80% (75% for STNA Students), continued poor attendance and/or tardiness, violation of CVCC policies/procedures, foul/inappropriate language, violation of clinical site policies/procedures, violation of confidentiality oath, unsafe lab/clinical practice or careless performance.

Students must maintain an 80% average in class for Dental Assisting Program, EKG Technician, Medical Administrative Specialist, and Phlebotomy Students. Tutoring

In support of our student's success, CVCC instructors are available to answer questions and/or clarify information as needed. If a student's question cannot be addressed during class time, it is the student's responsibility to make arrangements with their instructor to further discuss the issue at a break time, before or after class, or make special arrangements to meet with the instructor at a designated time. It is at the instructor's discretion to spend additional time above and beyond scheduled class time with a student.

If a student is in need of excessive assistance and/or tutoring, it will be at the discretion of the instructor to schedule tutoring time with the student based on the instructor's availability. Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing “911”. Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one’s own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 “are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Memorial Day, Juneteenth and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a "snow day" announcement via the news media. Use your very best judgment as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact mssluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Student Data

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an Administrative Assistant or Adult Education Coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

Student Records

The school maintains a file of each student in accordance with rules of the State of Ohio and program governing board. Release of information in a student's file must be **requested in writing** by the student. Only official grade transcripts are released; all other documents are the property of CVCC and will not be copied unless remanded by court. An individual file containing information about each student will be maintained in a secured area. The records will be available only to instructors and appropriate Adult Education staff.

Release Policy

The adult student voluntarily desires to participate in this curriculum experience that includes classroom, field trips, and clinical experiences. The student is duly aware of risks and hazards, which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the adult student. While at the facility and/or in the school environment; the adult student will not be considered as an employee or agent of the facility nor the school district. Therefore, they will be ineligible for remuneration and will not be covered by the facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits. The adult student will indemnify and hold harmless the facility, and the school district, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the contract on the part of the student, any heirs, administrators or executors. This contract is a permanent part of your file at Cuyahoga Valley Career Center.

Non-Discrimination Policy

The Cuyahoga Valley Career Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs, employment and activities and provides equal access to the Boy Scouts and other designated youth groups. District Senior Citizen

A District Senior Citizen is defined as individuals age 60 or more that are residents of the following school districts: Brecksville, Broadview Heights Schools, Cuyahoga Heights Schools, Garfield Heights Schools, Independence Schools, Nardon Hills Schools, North Royalton Schools, Revere Schools and Twinsburg.

Grievance Policy

5710 - STUDENT GRIEVANCE

The Board of Education recognizes that, as citizens, students have the right to request redress of grievances. Further, the Board believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group grievances should be provided for and appropriate appeal procedures implemented.

For purposes of this policy, a student complaint or grievance shall be any such that arises out of actions, procedures, and policies of this Board or its employees or the lack of such policy or procedure.

The Board or its employees will hear the complaints and grievances of the students of this District provided that such complaints and grievances are made according to procedures established by Board Policy [9130](#).

9130 - PUBLIC COMPLAINTS

Any person or group having a legitimate interest in the operations of this District shall have the right to present a request, suggestion, or complaint concerning District personnel, the program, or the operations of the District. At the same time, the Board of Education has a duty to protect its staff from unnecessary harassment. It is the intent of this policy to provide the means for judging each public complaint in a fair and impartial manner and to seek a remedy where appropriate.

It is the desire of the Board to rectify any misunderstandings between the public and the District by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed.

Any requests, suggestions, or complaints reaching the Board, Board members, and the administration shall be referred to the Superintendent for consideration according to the following procedure.

Matters Regarding a Professional Staff Member

A. First Level

If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within his/her authority and District administrative guidelines.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by school officials prior to

As appropriate, the staff member shall report the matter and whatever action may have been taken to his/her supervisor.

B. Second Level

If the matter cannot be satisfactorily resolved at the First Level, it shall be discussed by the complainant with the staff member's supervisor or Director and in compliance with provisions of a collective bargaining agreement, if applicable.

C. Third Level

If a satisfactory solution is not achieved by discussion with the Supervisor or Director, a written request for a conference shall be submitted to the Superintendent. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
3. the action which the complainant wishes taken and the reasons why it is felt that such action be taken.

Should the matter be resolved in conference with the Superintendent, the Board may be advised of the resolution.

D. Fourth Level

Should the matter still not be resolved, or if it is one beyond the Superintendent's authority and requires a Board decision or action, the complainant shall request, in writing, a meeting by the Board.

The Board, after reviewing all material relating to the case, may provide the complainant with its written decision or grant a meeting before the Board or a committee of the Board.

The complainant shall be advised, in writing, of the Board's decision, no more than ten (10) business days following the meeting.

Matters Regarding an Administrative Staff Member

Since administrators are considered members of the District's professional staff, the general procedure specified in "Matters Regarding a Professional Staff Member" shall be followed.

Matters Regarding the Superintendent or Treasurer

Should the matter be a concern regarding the Superintendent or Treasurer which cannot be resolved through discussion with the Superintendent or Treasurer, the complainant may submit a written request to the Board President for a conference with the Board. This request shall include:

- A. the specific nature of the complaint and a brief statement of the facts giving rise to it;
- B. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
- C. the reason that the matter was not able to be resolved with the Superintendent or Treasurer;
- D. the action which the complainant wishes taken and the reasons why it is felt that such action should be taken.

The Board, after reviewing the request, may grant a hearing before the Board, or a committee of the Board, or refer the matter, if permitted by State law, to an executive session.

The complainant shall be advised, in writing, of the Board's decision within thirty (30) business days.

If the complainant contacts an individual Board member to discuss the matter, the Board member shall inform the complainant that s/he has no authority to act in his/her individual capacity and that the complainant must follow the procedure described in this policy.

Matters Regarding a Classified Staff Member

In the case of a classified staff member, the complaint is to be directed, initially, toward the person's supervisor, and the matter then brought as required to higher levels in the same manner as prescribed for "Matters Regarding a Professional Staff Member".

Matters Regarding District Services or Operations

If the request, suggestion, or complaint relates to a matter of District procedure or operation, it should be addressed, initially, to the person in charge of the service or operation and then brought, in turn, to higher levels of authority in the manner prescribed in "Matters Regarding a Professional Staff Member".

Matters Regarding the Educational Program

If the request, suggestion, or complaint relates to a matter of District program, it should be addressed, initially, to the Director and then brought, in turn, to higher levels of authority in the manner prescribed in "Matters Regarding a Professional Staff Member".

Matters Regarding Instructional Materials

The Superintendent shall prepare administrative guidelines addressing students' and parents' rights to be adequately informed each year regarding their ability to inspect instructional materials and the procedure for completing such an inspection. See AG **9130A** and Form 9130F3.

If the request, suggestion, or complaint relates to instructional materials such as textbooks, library books, reference works, and other instructional aids used in the District, the following procedure shall be followed:

- A. The criticism is to be addressed to the Director, in writing, and shall include:
 1. author;
 2. title;
 3. publisher;
 4. the complainant's familiarity with the material objected to;
 5. sections objected to, by page and item;
 6. reasons for objection.

- B. Upon receipt of the information, the Director shall after advising the Superintendent of the complaint and upon the Superintendent's approval, appoint a review committee which may consist of:
 1. one (1) or more professional staff members;
 2. one (1) or more Board members on the Board Curriculum Committee;
 3. one (1) or more lay persons knowledgeable in the area.

The Superintendent or his/her designee shall be an ex-officio member of the committee.

- C. The committee, in evaluating the questioned material, shall be guided by the following criteria:
 - 1. the appropriateness of the material for the age and maturity level of the students with whom it is being used
 - 2. the accuracy of the material
 - 3. the objectivity of the material
 - 4. the use being made of the material
- D. The material in question may be withdrawn from use pending the committee's recommendation to the Superintendent.
- E. The committee's recommendation shall be reported to the Superintendent in writing within fifteen (15) business days following the formation of the committee. The Superintendent will advise the complainant, in writing, of the committee's recommendation and advise the Board of the action taken or recommended.
- F. The complainant may appeal this decision, within thirty (30) business days, to the Board through a written request to the Superintendent, who shall forward the request and all written material relating to the matter to the Board.
- G. The Board shall review the case in public session and advise the complainant, in writing, of its decision within ten (10) business days.

No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.

R.C. 149.43

Revised 11/20/97

Revised 3/27/03

Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program

may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal “Return of Title IV Financial Aid Funds” formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student’s withdrawal date occurs after the point that the student was scheduled to complete more that 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student’s account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a “seat” in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. Plagiarism and Consequence of Violating School Anti-Plagiarism Policies

Plagiarism is typically defined as the use of another person’s or a group’s words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one’s own work. More specifically, to avoid plagiarizing, a student or other writer must give credit when he/she uses:

1. Another person’s idea, opinion, or theory
2. Any facts, statistics, graphs, drawing - any piece of information that is not considered common knowledge
3. Quotations of another person’s spoken or written words
4. Paraphrases of another person’s spoken or written words
5. Another person’s data, solutions, or calculations without permission and/or recognition of the source, including the act of accessing another person’s computerized files without authorization.

Plagiarism may be either deliberate or unwitting. Regardless, it is the responsibility of a college student to know what constitutes plagiarism, so that they may avoid it. Ignorance is not a legitimate defense against a charge of plagiarism. Cheating, falsifying documents and/or plagiarism will not be tolerated by Cuyahoga Valley Career Center. The penalties for these offenses are as follows:

- First offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may repeat the assignment to correct all areas of plagiarism. The repeat assignment is graded on a 30% reduction of points.
- Second offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may not repeat the assignment.

- Third offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course.
- Any further offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course and may be suspended from the college for a period of six (6) months.
- Any further offense upon students return from suspension: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course and may be expelled from the college without the option to return.

protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the School District community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other District-level official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Students and all other members of the School District community along with Third Parties are required to report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the

grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517 investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or

another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;

- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, , and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other

person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the

implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact

orders;

- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District's records retention schedule.

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or

B. violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held

device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to

prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure

obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating

violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667

State Board of Education Model Policy

Hazing (5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students,

administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

- Foreign Diploma/GED
- Valid Government Issued Photo ID

*Students pre-approved as a participant through the Ohio Department of Education Adult Diploma Program are not required to have completed a High School Diploma or GED.

Registration is open to anyone 16 years of age or older. Age requirements may vary depending upon program offerings. High school students who are enrolled in a regular high school program must have written permission from their parents and the school principal or counselor to register for a course. High school students enrolled in programs with credentials earned upon completion may be subject to additional regulations depending on program. Documentation will be required for programs that indicate a high school diploma or GED is a prerequisite. Contact Adult Education Office at 440-746-8230 with program-specific questions.

Assignments

It is at the instructor's discretion to determine grading penalties for late assignments, attendance and unexcused absences. All work is to be neat and legible. The instructor will discuss any additional guidelines the first day of class. Assignments are to be submitted on date specified. At the discretion of the instructor, late assignments may be refused; or if accepted, the grade may be lowered one letter grade for each day late.

Attendance Policy

Regular attendance and punctuality is expected of each student. Each student must attend at least 80% of classes per term or module to successfully complete this program and be issued a certificate of completion.

Absence from the school or tardiness will be recorded by the instructor and noted in your personal file. Any student who is absent for five (5) or more consecutive days, for medical reasons, must provide a written physician's statement allowing unrestricted permission to return

to school. Extended illnesses and special circumstances/situations (including vacation) will be taken under advisement by the Adult Education Coordinator and instructor with specific attention to the student's past attendance and tardiness record, other illnesses, and progress in the program.

Armed Forces students, if activated by state or governmental action, will be treated on a case-by-case basis.

- The vast amount of information covered within the typical class period makes it difficult to catch up on missed work. Attendance is expected.
- In the event that a student must miss class it is that student's responsibility to contact the Adult Education Coordinator or the course instructor as soon as possible.
- Unexcused absences (no call, no show) and/or excessive tardiness, is grounds for automatic dismissal without prior warning.
- In the event of an absence, if one-on-one make up time is necessary due to the nature of the missed material, it is up to the instructor's discretion to schedule time to make up class work. In the event a student misses class, it will be their responsibility to check with the instructor regarding assignments, handouts and supplemental materials and to get notes they have missed from a classmate.

Dress Code

Cuyahoga Valley Career Center and the Industrial Careers Program strive to promote professionalism in our students. Your personal appearance is not only a representation of yourself, but also of CVCC, the Industrial Careers Program and industry standards. Appropriate casual attire or the proper uniform, (when applicable) is expected. Enrollees who are not dressed properly will be warned and/or sent home by the instructor. This action may be followed by dismissal for repeated violation.

Grading Scale

In-class assignments, quizzes and exams may be given on a regular basis to evaluate and ensure each student's progress. It is at the instructor's discretion to determine the curriculum requirements and point value of any assignments, quizzes and exams. All of this will be disclosed to the students on the first day of class or at the program orientation.

Students must maintain a 70% average in class. If a student falls below 70%, it will be at the instructor's discretion to approve the student for participation in any externship opportunities that may become available. This determination will be based on the student's overall performance, class participation and attendance. Students with less than 70% will not be approved to sit for any certification exam (when applicable).

Disciplinary Process

Warnings

A verbal warning is a first notification of unsatisfactory performance, or inappropriate behavior in the classroom or lab. It will be followed up with a written confirmation of the conversation which you will be asked to acknowledge with your signature.

A first written warning will be the start of a probationary period which will be determined by the Adult Education Coordinator and instructor. The warning will be issued if any of the incidences outlined in the verbal warning continue to occur or different examples of the types noted above occur or if the student's behavior is so egregious that CVCC determines to skip the verbal warning.

We will ask the student to sign documentation of the conversation.

A second written warning will be issued if the incidences above, or any other incidences as outlined in the verbal warning section, continue. If the student receives a second written warning, any recurrences of the previously noted performances or behaviors will result in dismissal/termination from the program.

Note: Any of the above warnings may include a timeframe for improvement with specific parameters.

Dismissal/Termination

Dismissal/Termination may occur at any point in the disciplinary process if progress is deemed insufficient.

Behavior of an extremely serious nature, continued undesirable attendance, violation of CVCC policies/procedures, foul/inappropriate language or inappropriate behavior, may result in immediate dismissal without prior warning.

Dismissal/Termination

Immediate dismissal may occur without prior warning for behavior of an extremely serious nature, academic performance below 70%, continued poor attendance and/or tardiness, violation of CVCC policies/procedures, foul/inappropriate language, violation of confidentiality oath, unsafe lab practice or careless performance.

Transfer Hours

Student Health And Safety

As part of your learning experience, you will be using equipment and materials specific to the program. You should not attempt to use items that you have not yet received instruction on. Correct safety procedures should be followed at all times.

Students must constantly be aware of conditions in all work areas that could produce injuries. Your cooperation in detecting hazards and in turn controlling them is imperative. If a situation is beyond your ability or authority to correct, notify an instructor immediately.

Students will assist in the maintenance of work areas by keeping them clean and safe. Each student is responsible for equipment that they are using. This means proper use, care, cleanup and storage of the items.

Health

Each CVCC adult student is responsible for his/her own health care. In case of sudden illness while at CVCC, the student is to contact the instructor. In case of an accident during class or lab experiences, an incident report must be completed to comply with the regulations. The student is required to provide a copy of the report to the Adult Education Coordinator before returning to class. A copy is filed in the student's file. If injury occurs in the school environment, the CVCC incident report is to be completed. A CVCC incident report may be obtained from the Administrative Assistants at the Adult Education Office or the CVCC Business Manager. Any cost for emergency treatment will be assumed by the student.

The student is expected to communicate any personal medical or surgical situations requiring care or treatment to the coordinator and instructor as soon as it occurs. A medical release without restrictions is required to return to active enrollment in the program.

If a surgical intervention is necessary while enrolled in the program, the adult must meet with the Adult Education Coordinator at the earliest possible time to facilitate continued program participation. Each situation is considered individually and all efforts will be expended to continue enrollment. The attending surgeon/MD must complete a release allowing the adult to return without restrictions.

Student Health Care Services

For Adult Education evening students, please contact your instructor or Adult Education Coordinator in the Adult Education Office in case of a medical emergency. Use your best judgment in dialing "911". Local healthcare providers will respond and are prepared to provide appropriate treatment and/or transport the student to the nearest medical facility. Illness that results in extended absence from the program will be review on an individual basis. Documentation from a medical provider may be required prior to returning to the program.

Crime Awareness And Campus Security

Federally Mandated Public Information

Students are expected to report the occurrence of any destructive actions or other emergencies to the faculty, teaching assistant, supervisor, or administrative assistants of this program and administration of school or clinical agency. It is the responsibility of each student to keep the school safe by monitoring one's own behavior and reporting incidents involving other individuals that have the potential of violence or threatening behavior. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. (This includes violent abusive/harassing behaviors a student may be experiencing or who are the generator of such undesirable behavior.) Liaison relationships are operational with safety and security services and local law enforcement, facilitating reporting of offenses occurring on school campus. Authorities will be immediately notified.

Weapons, handguns, or knives in excess of 3 1/2 "are not to be on your person, in the school building, on the property, any clinical site, and/or enrichment/observation sites.

Emergency Procedures

Students are expected to comply with CVCC emergency/evacuation procedures. Basic fire evacuation is to close all doors and windows, exit through the nearest door, and do not use elevators. Evacuate quickly and quietly in a calm manner without running and talking. (Additional procedures will be discussed at orientation or on the first night of class.)

Main Entrance

All entrance doors will be locked except the main entrance on Level 6. You will be able to EXIT the building through any outside door; however, you will only be able to re-enter the building through the MAIN ENTRANCE until 8:00 pm. Please do not prop open doors that have been locked.

ENTIRE BUILDING IS LOCKED AT 10:00 pm. Please vacate the building before 10:00 p.m. as the building is officially closed and secured at that time.

Student Resources

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

Non-School Dates

CVCC observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Memorial Day, Juneteenth and Independence Day. Other non-school days may occur due to high school activities, winter break or spring break. In the case of these events, you will be notified by your instructor and/or Adult Education Coordinator.

School Closings

The Adult Education offices will observe the same "snow days" as the high school. If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the local radio and television stations. It is necessary for 5 out of the 8 school districts to have school closings for CVCC to be closed. It is the responsibility of each student to become self-informed of a "snow day" announcement via the news media. Use your very best judgment as your home territory may be a very different snow issue than other areas. If daytime classes at Cuyahoga Valley Career Center are canceled due to inclement weather or for other reasons; all day and evening adult classes will be canceled. If applicable, students with weekend clinical may experience different "snow" issues as local communities and state plowing is not performed on as vigorous a basis on Saturday and Sunday. Students are urged to establish a telephone tree within the class members to facilitate communications regarding official closings. If excessive "snow days" occur, jeopardizing program requirements, class/clinical hours may need to be "made up" utilizing break time, planned days off or an extended school year.

Job Search Assistance

A job search counselor will make presentations in all career development courses. Additional assistance is available through the CVCC Job Seekers Program. Contact msluka@cvccworks.edu. CVCC does not guarantee employment or job placement.

Student Data

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an Administrative Assistant or Adult Education Coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

Student Records

The school maintains a file of each student in accordance with rules of the State of Ohio and program governing board. Release of information in a student's file must be **requested in writing** by the student. Only official grade transcripts are released; all other documents are the property of CVCC and will not be copied unless remanded by court. An individual file containing information about each student will be maintained in a secured area. The records will be available only to instructors and appropriate Adult Education staff.

Release Policy

The adult student voluntarily desires to participate in this curriculum experience that includes classroom, field trips, and clinical experiences. The student is duly aware of risks and hazards, which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the adult student. While at the facility and/or in the school environment; the adult student will not be considered as an employee or agent of the facility nor the school district. Therefore, they will be ineligible for remuneration and will not be covered by the facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits. The adult student will indemnify and hold harmless the facility, and the school district, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the contract on the part of the student, any heirs, administrators or executors. This contract is a permanent part of your file at Cuyahoga Valley Career Center.

Non-Discrimination Policy

The Cuyahoga Valley Career Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs, employment and activities and provides equal access to the Boy Scouts and other designated youth groups. Registration is open to anyone 16 years of age or older. Age requirements may vary depending upon program offerings. High school students who are enrolled in a regular high school program must have written permission from their parents and the school principal or counselor to register for a course. High school students enrolled in programs with credentials earned upon completion may be subject to additional regulations depending on program. Documentation will be required for programs that indicate a high school diploma or GED is a prerequisite. Contact Adult Education Office at 440-746-8230 with program-specific questions.

District Senior Citizen

A District Senior Citizen is defined as individuals age 60 or more that are residents of the following school districts: Brecksville, Broadview Heights Schools, Cuyahoga Heights Schools, Garfield Heights Schools, Independence Schools, Nordonia Hills Schools, North Royalton Schools, Revere Schools and Twinsburg.

Grievance Policy

5710 - STUDENT GRIEVANCE

The Board of Education recognizes that, as citizens, students have the right to request redress of grievances. Further, the Board believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group grievances should be provided for and appropriate appeal procedures implemented.

For purposes of this policy, a student complaint or grievance shall be any such that arises out of actions, procedures, and policies of this Board or its employees or the lack of such policy or procedure.

The Board or its employees will hear the complaints and grievances of the students of this District provided that such complaints and grievances are made according to procedures established by Board Policy [9130](#).

9130 - PUBLIC COMPLAINTS

Any person or group having a legitimate interest in the operations of this District shall have the right to present a request, suggestion, or complaint concerning District personnel, the program, or the operations of the District. At the same time, the Board of Education has a duty to protect its staff from unnecessary harassment. It is the intent of this policy to provide the means for judging each public complaint in a fair and impartial manner and to seek a remedy where appropriate.

It is the desire of the Board to rectify any misunderstandings between the public and the District by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed.

Any requests, suggestions, or complaints reaching the Board, Board members, and the administration shall be referred to the Superintendent for consideration according to the following procedure.

Matters Regarding a Professional Staff Member

A. First Level

If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within his/her authority and District administrative guidelines.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by school officials prior to

As appropriate, the staff member shall report the matter and whatever action may have been taken to his/her supervisor.

B. Second Level

If the matter cannot be satisfactorily resolved at the First Level, it shall be discussed by the complainant with the staff member's supervisor or Director and in compliance with provisions of a collective bargaining agreement, if applicable.

C. Third Level

If a satisfactory solution is not achieved by discussion with the Supervisor or Director, a written request for a conference shall be submitted to the Superintendent. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
3. the action which the complainant wishes taken and the reasons why it is felt that such action be taken.

Should the matter be resolved in conference with the Superintendent, the Board may be advised of the resolution.

D. Fourth Level

Should the matter still not be resolved, or if it is one beyond the Superintendent's authority and requires a Board decision or action, the complainant shall request, in writing, a meeting by the Board.

The Board, after reviewing all material relating to the case, may provide the complainant with its written decision or grant a meeting before the Board or a committee of the Board.

The complainant shall be advised, in writing, of the Board's decision, no more than ten (10) business days following the meeting.

Matters Regarding an Administrative Staff Member

Since administrators are considered members of the District's professional staff, the general procedure specified in "Matters Regarding a Professional Staff Member" shall be followed.

Matters Regarding the Superintendent or Treasurer

Should the matter be a concern regarding the Superintendent or Treasurer which cannot be resolved through discussion with the Superintendent or Treasurer, the complainant may submit a written request to the Board President for a conference with the Board. This request shall include:

- A. the specific nature of the complaint and a brief statement of the facts giving rise to it;
- B. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
- C. the reason that the matter was not able to be resolved with the Superintendent or Treasurer;
- D. the action which the complainant wishes taken and the reasons why it is felt that such action should be taken.

The Board, after reviewing the request, may grant a hearing before the Board, or a committee of the Board, or refer the matter, if permitted by State law, to an executive session.

The complainant shall be advised, in writing, of the Board's decision within thirty (30) business days.

Financial Policies – General Guidelines

Tuition Statement

Each student is responsible for all tuition and fees on or before the due date. Any student in arrears with tuition may be dismissed from the program. Special circumstances concerning tuition must be addressed with the Adult Education Coordinator. Students in a financial aid eligible program may also speak with Student Support Services before the due date. All tuition and fees due Cuyahoga Valley Career Center must be paid before completion of the course of study.

Until all tuition and fees due to Cuyahoga Valley Career Center are paid in full, no transcripts of any type or recommendations will be released. No completion data will be forwarded to any Board, agency, or post-secondary institution for certification, licensure, or college credit transfer (CT²).

Any outstanding balance remaining on account will be referred to the Ohio Attorney General's Debt Collection Program.

FINANCIAL AID

Financial Aid may vary from year to year. Pell, Subsidized and Unsubsidized Direct Loans, Parent Plus Loans, WIA (Workforce Investment Act) are presently offered. Recipients of federal financial aid monies must comply with mandated provisions, which require 90% attendance and "satisfactory academic progress" or funds will be withheld/withdrawn. *If you do not complete the portion of the program for which you were credited Title IV Federal Financial Aid, you will be billed for the balance, and you are responsible for payment in full.* A Sub/Unsubsidized Loan may be processed up to 30 days prior to successful completion of the program. Title IV monies shall not be utilized for non-refundable administrative seat fee.

Title IV Regulations

Title IV participants' student disbursements will comply with current Federal regulations. Students must complete more than 60% of each payment period to be fully eligible for the Pell grant and/or loans awarded. If student was given PELL or Direct Loan "credit" and now has not earned it, **he/she will be billed for the difference**, and may also owe the federal government, Department of Education a return of money. R2T4 calculations will be completed as required in Federal Regulations. If required, funds will be returned in the order specified by the U.S. Department of Education. Details of their Federal Financial Aid will be provided to the student in their letter of withdrawal or dismissal.

Return of Title IV Funds

The Cuyahoga Valley Career Center Adult Education Coordinators will provide written notification to Student Support Services if a student officially withdraws or has been dismissed from a financial aid program. The coordinator will provide the hours attended and the last day of attendance to Student Support Services. If a student withdraws unofficially, the Adult Education Coordinator will provide the letter of dismissal with the last date of attendance which is determined by the program to Student Support Services. Student Support Services will complete the R2T4 Clock-Hour Form.

The Federal "Return of Title IV Financial Aid Funds" formula dictates the amount of Federal Title IV Financial Aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to a student receiving Federal Aid if that student's withdrawal date occurs after the point that the student was scheduled to complete more than 60% of the scheduled hours in the payment period or period of enrollment.

The percentage of the Title IV Financial Aid to be returned is equal to the number of clock hours attended in the payment period divided by the number of hours that were scheduled. For example, if a student has completed 30% of the payment period, they have earned 30% of their financial aid. However, once a student has completed over 60% of the hours in a payment period, 100% of the financial aid awarded during that payment period has been earned.

A post-withdrawal disbursement will be made if a student has eligibility for Title IV funds. The student disbursement will be made from available grant funds first then available loan funds. If the student is eligible for a Post-Withdrawal Disbursement, the student will be notified by letter as soon as possible but within the thirty-day requirement. The student notification will include the fourteen-day response time and the explanation of PELL Grant LEU and loan balances where applicable. A school must maintain written records of its post withdrawal disbursement.

If there is a return of Title IV funds, the Treasurer will return the funds, they will be returned as soon as possible but no later than forty-five days from the date of withdrawal.

NOTE: If financial funds have been released to a student because of a student disbursement on the student's account, the student may be required to repay some of the aid if the student withdraws.

Order of Return of Student Financial Aid Program Funds

Funds that are required to be returned to the US Department of Education must be returned in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Plus Loan (if applicable)
4. PELL Grant

The student will be responsible for any outstanding balance owed to Cuyahoga Valley Career Center Adult Education that Title IV (financial aid) funding did not cover.

Non-Refundable Administrative Seat Fee

A \$200, non-refundable, administrative seat fee is required for Financial Aid Programs when accepted for active enrollment to secure a "seat" in the class. Title IV monies shall not be utilized for non-refundable administrative seat fee. The non-refundable administrative seat fee is **not** a part of the tuition.

Workforce Innovation and Opportunity Act (WIOA)/Ohio Means Jobs Funding

In cases where WIOA funding is contingent on and paid for program completion and job placement, the student is responsible for full payment of tuition prior to program completion. Already paid tuition will be refunded by CVCC to the student upon receipt of WIOA/Ohio Means Jobs post-completion payments. CVCC will provide documentation of program completion to WIOA/Ohio Means Jobs office. It is the responsibility of the student to have their employer provide verification of employment to WIOA/Ohio Means Jobs, using the official form provided. Final payment is dependent upon completion of this process.

Please contact the Student Support Services Office to discuss any drug related convictions and your eligibility for additional Financial Aid.
- If your FAFSA has been flagged for an unusual enrollment history, Student Support Services will review your previous education transcripts to determine if you are eligible for Federal Financial Aid.
- All loan monies are to be paid back to the federal government on a repayment schedule established with your Direct Loan Servicer after a "grace" period of six (6) months upon successful completion of the program or withdrawal.
- Those individuals experiencing involuntary activation for military service will be handled on a case-by-case basis regarding return of funds, length of leave of absence, re-entry and in compliance with Title IV regulations.

Withdrawal: Students who withdraw before the first day of class and have made payment will be refunded their payment minus a \$20 administrative fee within the processing timeline. Students that withdraw after the first day of class or are dismissed due to poor academic performance or attendance will be evaluated to see if they are eligible for a prorated

refund of their tuition. Tuition refunds will be prorated based upon the amount of tuition paid and the percentage of the program completed by the student. **Students that complete 60% of their scheduled program are not eligible for a prorated refund of their tuition.** Books, fees, uniform costs, tools, and seat fee (if required) are non-refundable. (The calculation to determine the percentage of a program completed by a student is based on the number of hours a student could have attended the class up to the date of withdrawal divided by the number of hours in the program.)

Cancellations: If CVCC needs to postpone, cancel, or combine classes for any reason, we will notify you. CVCC cannot assume responsibility for any conflict in business or personal affairs that affect your ability to attend class. Refunds will be processed as stated in our refund policy.

Plagiarism and Consequence of Violating School Anti-Plagiarism Policies

Plagiarism is typically defined as the use of another person’s or a group’s words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one’s own work.

More specifically, to avoid plagiarizing, a student or other writer must give credit when he/she uses:

1. Another person’s idea, opinion, or theory
2. Any facts, statistics, graphs, drawing - any piece of information that is not considered common knowledge
3. Quotations of another person’s spoken or written words
4. Paraphrases of another person’s spoken or written words
5. Another person’s data, solutions, or calculations without permission and/or recognition of the source, including the act of accessing another person’s computerized files without authorization.

Plagiarism may be either deliberate or unwitting. Regardless, it is the responsibility of a college student to know what constitutes plagiarism, so that they may avoid it. Ignorance is not a legitimate defense against a charge of plagiarism. Cheating, falsifying documents and/or plagiarism will not be tolerated by Cuyahoga Valley Career Center. The penalties for these offenses are as follows:

- First offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. - Third offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course.
- Any further offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course and may be suspended from the college for a period of six (6) months.

Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the School District community and Third Parties, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior and/or harassment to the Compliance Officers who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Principal informed of the status of the 5517 investigation and provide the Director with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Director with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of their complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation

will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is promptly to stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complainants involving a District employee, any other adult member of the School District community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer /designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the district level. Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District employee at the student's school, Superintendent, or other District official, either orally or in writing, about any complaint of harassment, that employee must report such information to the Compliance Officer within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e.,

when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the Respondent that a formal that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the

Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Superintendent shall issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the Party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, , and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty- one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

State law defines certain contact between a teacher and a student as "sexual battery." If the Compliance Officer or a designee has reason to believe that the Complainant has been the victim of criminal conduct as defined in Ohio's Criminal Code, such knowledge should be immediately reported to local law enforcement.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Allegations Involving Conduct Unbecoming the Teaching Profession/Suspension

The Superintendent will report to the Ohio Department of Education, on forms provided for that purpose, matters of misconduct on the part of licensed professional staff members convicted of sexual battery, and will, in accordance with Policy 8141, suspend such employee from all duties that concern or involve the care, custody, or control of a child during the pendency of any criminal action for which that person has been arrested, summoned and/or indicted in that regard.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent

shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

Bullying & Other Forms of Aggressive Behavior (Policy 5517.01)

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a Cuyahoga Valley Career Center vehicle, or while in route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as race, color, national origin, gender, marital status, ancestry, religion, age, disability, genetic information and/or military status. It would include, but

not be limited to, such behaviors as stalking, bullying/cyber bullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to instructors and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/ or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to an instructor, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source

of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the instructor, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each

building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying, in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the building principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667

State Board of Education Model Policy

Hazing (5516)

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding

prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, and teachers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, consultants, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

The School of Nursing

Practical Nursing Student Handbook

Full-Time 2022-2023
Part-Time 2022-2024

Approved August 2022

PURPOSE OF THIS HANDBOOK

The Student Handbook serves as an agreement between the Student and the School of Nursing at Cuyahoga Valley Career Center (CVCC). Students are strongly advised to read and understand the content of the Handbook and refer to it as needed throughout the Nursing Program. All students will be required to sign the Contract with the School of Nursing at CVCC Form prior to the first day of their program acknowledging receipt and understanding of the Handbook (see Appendix). This is considered a binding contract of responsibility and accountability, which is then placed in the student's permanent file.

In addition to the policies set forth in this Student Handbook, students must also comply with the policies of Cuyahoga Valley Career Center, contracted clinical sites, and all Ohio Laws and Rules governing and regulating the practice of practical nursing. Policies in this Handbook are subject to change without notice. Any changes will be communicated verbally to students together with a printed copy of the updated policy.

HISTORY OF THE SCHOOL OF NURSING AT CUYAHOGA VALLEY CAREER CENTER

The School of Nursing (SON) at Cuyahoga Valley Career Center (CVCC), formerly the Parma School of Practical Nursing, was created as the result of a joint venture between the Parma City School District and Parma Community General Hospital to help meet the educational and vocational needs of individual citizens, the community, and local business.

The School of Nursing opened in 1963 and has maintained a long history of producing a high-quality practical nurse graduate. The Practical Nursing program continues to enjoy an excellent reputation within the community, serving areas in Cuyahoga, Summit, Medina and surrounding counties.

Historically, the SON has offered a full-time program beginning in late summer, with graduates earning their certification the following June. The full-time LPN program continues to thrive, graduating its 59th class in 2021. A part-time Evening/Weekend program was established in 2003. This continuous 21-month program, incorporating the same content as the full-time class, is delivered over an extended time period to accommodate working professionals. The part-time program was initially developed in partnership with University Hospitals Health System (UHHS) of Cleveland. Currently, the School offers its part-time Day/Weekend and Evening/Weekend programs in alternating years.

Classroom instruction takes place at the school site with clinical instruction in a variety of acute and long-term care hospitals, skilled nursing facilities, and other contracted organizations. Students work under the direct supervision of a Registered Nurse instructor and are offered a wide variety of experiences in caring for individuals within the health care system. More than half of the 1200-hour program is clinical experience, incorporating medication administration

and intravenous therapy. Under the guidance and direction of faculty and nursing preceptors, the student is offered an opportunity to gain first-hand experience in the field of nursing.

Graduates of the program receive a Certificate in Practical Nursing and are eligible to take the NCLEX-PN State Board Examination. After passing this exam, the Board of Nursing issues a license to practice as a practical nurse with intravenous therapy and medication administration certifications (LPN-IV), and grants the individual the credentials of LPN (Licensed Practical Nurse) after his/her name.

PROGRAM APPROVAL AND ACCREDITATION

The practical nursing program is approved by the Ohio Board of Nursing and the Ohio Department of Higher Education.

Cuyahoga Valley Career Center is accredited by the Commission of the Council on Occupational Education, Council on Occupational Education, 7840 Roswell Road Building 300, Suite 325, Atlanta, GA 30350, 770-396-3898 FAX: 770-396-3790, www.council.org.

Incomplete applications are kept on file for three years or upon expiration of WorkKeys scores, whichever comes first.

ADMISSIONS AND PROMOTIONS COMMITTEE

The Admissions and Promotions Committee is comprised of representatives from the full-time faculty and the program supervisor. Each file is read and reviewed for accuracy and completeness. If any concerns arise from the review of the completed file – the file is flagged and a majority of the full time Admissions and Promotions Committee address the issue and concerns. Advanced placement requests from other PN/RN programs and requests for re-enrollment of returning students are reviewed by the Admissions and Promotions Committee.

STNA ARTICULATION

Any State Tested Nursing Assistant (STNA) who holds a current, valid, unrestricted certification in the State of Ohio and is actively practicing as a STNA may request to opt out of up to 26 hours in Nursing Fundamentals and Life Science. The specific hours for which the STNA may be excused

are pre-determined by the nursing faculty and incorporate content included in the STNA education program.

To be eligible to audit these 26 hours, the STNA must complete and submit the STNA Articulation Agreement Request Form (see Appendix) and all supporting documentation required **within the first three weeks of school**. Requests are reviewed by the Admissions and Promotions Committee and approved students will be excused from attendance during the following designated hours of Nursing Fundamentals and Life Science outlined below:

Nursing Fundamentals –

Unit N2 Standard Precautions and Medical Asepsis	1 hour lab
Unit N4 Physiological Needs: Intake & Output Lab Practice Time	2.5 hours lecture 3 hours lab
Unit N5 Physiological Needs: Care of the Bed Bound Patient	5.5 hours lecture 3 hours lab
Unit N7 Body Mechanics and Patient Mobility	1 hour lecture 1 hour lab
Unit N10 Physical and Environmental Safety	Last 2 hours lecture
Unit N17 Vital Signs	1 hour lab
Unit N18 Concepts of Microbiology and Isolation Techniques	Last 1 hour lecture

Life Science –

L5 Interactive Processes: Basic Communication Skills	First 3 hours lecture
L9 Legal Issues in Nursing	First 1 hour lecture
L14 History and Trends in Nursing	Last 1 hour lecture
Total Hours	26

Please note: the student will be expected to take all quizzes, midterms and finals in these sections. The hours of Nursing Fundamentals class may be subject to change. The privilege of being excused from attendance during the 26 hours does not change the cost of education, but will impact the amount of financial aid awarded.

ANATOMY AND PHYSIOLOGY AUDIT

Students who have successfully completed Anatomy & Physiology (A&P) coursework at another accredited institution may submit a request to audit the A&P section of Basic Nursing at the School of Nursing. To qualify for audit consideration:

- The previously-taken A&P course must have covered all body systems;
- The previous course must have been completed within the past three years;

- The contact hours for the previous course must be equal to or greater than the number of hours in The School of Nursing at CVCC's current Anatomy and Physiology course;
- The student must have earned a minimum of 80% in the previous course.

To apply for the 85-hour auditing privileges, the student must submit the following documentation to the School of Nursing Supervisor within the first week of school:

- Audit Transfer Credit Request Form (see Appendix)
- Copy of the course description for the year the previous course was taken

If the Admissions and Promotions Committee determines that the previous coursework meets the SON requirements, the student will be excused from all requirements of the School's A&P section. However, the student is welcome and strongly encouraged to attend A&P lecture as a review.

Auditing the A&P section of Basic Nursing will affect the cost of education and financial aid awarded. Students who audit A&P will have the hours removed from their TLS2 financial aid award which will decrease the total amount awarded.

The grade from the outside school is not factored into the overall GPA calculation for the final grade in Basic Nursing. It is the responsibility of the student to maintain awareness of any changes in the published class schedule that may affect attendance in other Basic Nursing classes.

ADVANCED PLACEMENT

Advanced placement from another nursing program will be evaluated on an individual basis. Time lapse between exodus from initial nursing program and advanced placement must be in keeping with current policy of the school. An individual who was a clinical dismissal, has demonstrated an undesirable attendance record, has earned course grades below which we would have retained our own students, has been enrolled two or more times at other nursing programs, or has not successfully completed Basic Nursing content consistent with CVCC requirements is ineligible for Advanced Placement and may not be eligible for initial enrollment or re-enrollment in this program.

The WorkKeys pre-entrance assessment must be completed as outlined in the Admissions Policy of this Student Handbook and must be completed prior to consideration for enrollment. The fee for WorkKeys is \$65.00. A preliminary "unofficial interview" is suggested to explore the feasibility of advanced placement. The School of Nursing at CVCC admission requirements and curriculum requirements shall be met by each transferee.

All requests for transfer are considered by the Admissions and Promotions Committee. The decision of this Committee is binding on all parties. Advanced Placement students shall be required to have a personal interview with the supervisor or designee and will be required to take written and clinical laboratory skills evaluations as determined by the Admissions and Promotions Committee and Supervisor. Advanced Placement shall be admitted providing there

is available space in both classroom and clinical component of the program and a plan is implemented to assure curriculum outcomes will be met.

When an advanced placement student is accepted, the student must secure a seat by paying the non-refundable administrative seat fee. Tuition and fees will be prorated for the period of enrollment.

MILITARY

Any applicant with military experience may request to have his or her training record reviewed for advanced placement and/or awarding of credit. Each evaluation will be handled on an individual basis by the Admissions and Promotions Committee.

SCHOOL OF NURSING CALENDAR

HOLIDAYS AND BREAKS

The School of Nursing observes the following holidays: Labor Day, Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Martin Luther King Jr. Observance, President's Day, Good Friday, Easter, Memorial Day, Juneteenth and Independence Day.

The following break periods are observed: Thanksgiving Break, Winter Break, Spring Break, and Summer Break. Refer to the Full- and Part-Time School Calendars in the Appendix for the specific dates of these holidays and breaks.

SCHOOL CLOSURES (SNOW DAYS)

The School of Nursing will observe the same snow days and school closings as CVCC. During the school week, Cuyahoga Valley Career Center is closed when five of the eight associate schools have closed. In the event of inclement weather, students are responsible for being self-informed and checking local media outlets to see if school has been closed. Students are encouraged to establish a phone tree among class members to facilitate communications regarding official closings. If excessive "snow days" occur that jeopardize program requirements, class/clinical hours may need to be "made up" utilizing break time, pre-planned days off or via an extended school year.

If daytime classes at Cuyahoga Valley Career Center are cancelled due to inclement weather or for other reasons, all day and evening adult classes will also be cancelled. If the closing occurs on a scheduled clinical day, clinicals are likewise cancelled. In the event of inclement weather on a clinical weekend necessitating school closing, students will receive a notification from the Supervisor or clinical instructor via phone message. In any case of an official school closing, the student is not required to call the School Attendance Line or clinical site.

In the event of inclement weather without an official school closing, students are encouraged to use their judgment about driving conditions. If the student elects to call off, he or she will be recorded as absent.

In the event of a snow day on a classroom day, the schedule may be adjusted to cover the missed lecture(s). **However, as this is not always possible, students are responsible for self-studying the material that otherwise would have been covered.** In the event of school closings in excess of two clinical days in a rotation, or, if in the Supervisor's discretion, successful completion of program requirements and objectives are jeopardized, lost time will be made up using alternate hours, break periods, scheduled days off, and/or an extended school day or year.

CLOSURE DUE TO UNFORESEEN CIRCUMSTANCE

In the event the school must close due to unforeseen circumstance, classes may be shifted to an online platform (i.e. Zoom or other virtual learning system) in addition to the utilization of other remote learning methods such as Google Class. Flexibility will be required in order to meet the needs of the class. Attendance will be monitored and policies enforced to ensure Financial Aid eligibility requirements are maintained.

CLASS SCHEDULE

Unless otherwise announced, classroom lectures and labs are held at The School of Nursing at CVCC. Fifty (50) minutes constitutes a class (clock) hour. Lab hours may be adjusted in order to accommodate the material being taught.

FULL-TIME STUDENTS

A typical week in the full-time program consists of 35-37.5 hours of lecture, lab and clinical experience, including 3-5 hours of supervised, planned study time. Basic Nursing begins in August. Class hours are Monday through Friday from 7:30am (must be in your seat at this time) to 3:30pm with break and lunch periods incorporated. Clinical hours begin at 6:45am. During Basic Nursing, clinicals end at 11:30am with the students returning to the classroom for the afternoon. During Advanced Nursing (TLS1 and TLS2), students transition to full-day clinicals that run until 3:00pm. Special clinical experiences may extend over slightly different hours. In the final term of the program, clinical experiences may include two or three weekends.

PART-TIME STUDENTS

The part-time program (day or evening) incorporates the same content as is taught in the full-time program, extended over 21 months. Part-time students should anticipate a schedule that incorporates 15-22 hours per week in classroom, lab and clinical experiences. Classes begin in September, with students completing Basic Nursing in June of the first year. Students transition into Advanced Nursing, attending classroom and clinicals their first summer and graduating the second June of their enrollment period. Currently, the School offers the part-time programs in alternating years.

PART-TIME DAY PROGRAM

Class meetings are held Monday, Wednesday and Thursday from 10:00 am (must be in your seat at this time) until 3:30 pm. Breaks and lunch periods will be incorporated.

PART-TIME EVENING PROGRAM

Class meetings are held Monday, Wednesday and Thursday from 4:30 pm (must be in your seat at this time) until 9:30 pm. Breaks and lunch periods will be incorporated.

Part-time students begin clinical experiences in December, after the successful completion of Anatomy and Physiology. Clinical rotations are held on Saturday and Sunday from 6:45am until 3:00pm, and are typically every other weekend. In special situations, weekends may need to be scheduled back-to-back to facilitate the clinical experience. The student will be notified of the exact dates he or she is expected to attend in advance of each course. Special clinical experiences may extend over slightly different hours.

Additionally, part-time enrollees are expected to attend clinicals from 6:45am until 3:00pm for approximately 9-12 weekdays throughout June and July in order to fulfill the required number of clinical hours and gain a fuller experience of acute care and specialty environments. These summer clinical enrichment days are in addition to regularly scheduled weekend clinical hours.

ACADEMIC EXPECTATIONS

PREPARING FOR CLASS

Each student is expected to read assignments and prepare for class content before attending the class presentation. Studying every evening and weekends is imperative for success! A minimum of 2 hours of class preparation is expected for each hour of lecture presented.

ACADEMIC INTEGRITY

Cheating and plagiarism will not be tolerated in the School of Nursing. Copying another student's answers or homework or letting another student copy your answers or assignments will lead to the following consequences:

- First Offense; failing grade or zero on the assignment or test; written reprimand in student file
- Final Offense; expulsion from the program.

Plagiarism is typically defined as the use of another person's or a group's words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one's own work. More specifically, to avoid plagiarizing, a student or other writer must give credit when he/she uses:

- Another person's idea, opinion, or theory
- Any facts, statistics, graphs, drawing - any piece of information that is not considered common knowledge
- Quotations of another person's spoken or written words
- Paraphrases of another person's spoken or written words
- Another person's data, solutions, or calculations without permission and/or recognition of the source, including the act of accessing another person's computerized files without authorization.

Plagiarism may be either deliberate or unwitting. Regardless, it is the responsibility of a college student to know what constitutes plagiarism, so that they may avoid it. Ignorance is not a legitimate defense against a charge of plagiarism. Cheating, falsifying documents and/or plagiarism will not be tolerated by Cuyahoga Valley Career Center. The penalties for these offenses are as follows:

- First offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may repeat the assignment to correct all areas of plagiarism. The repeat assignment is graded on a 30% reduction of points.
- Second offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student may not repeat the assignment. No credit will be earned for the assignment; the final grade is a “0”.
Third offense: Student receives a “0” on the assignment or test along with coaching and counseling from the course Supervisor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course.
- Any further offense: Student receives a “0” on the assignment or test along with coaching and counseling from the Supervisor and Adult Education Director (Assistant Superintendent) from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course and will be separated from the Practical Nursing program.
- Any further offense upon students return from separation: Student receives a “0” on the assignment or test along with coaching and counseling from the course instructor. Documentation is completed and placed in the student file. The student is awarded a grade of “F” for the course and may be expelled from the college without the option to return.

CLASS ASSIGNMENTS/HOMEWORK/SELF-STUDY QUIZZES/WORK IN LIEU OF QUIZZES

All work is to be neat, legible, and identified with the student’s name and class. If a form is not provided or a Scantron is not used, the assignment must be submitted on standard sized notebook paper. Assignments are to be submitted per the Faculty member’s instructions on the date specified. At the discretion of the Faculty member, any late work may be refused, or if accepted, the final grade may be lowered by 3% or one letter grade for each day late. In any event, absent extenuating circumstances, if the work is not submitted within one week after the due date, a zero is earned. Students are encouraged to retain copies of returned graded assignments as review tools for quizzes, mid-terms and final examinations.

EXAMS

Scheduled and announced quizzes will be given throughout each course. These quizzes, geared to the objectives of each unit(s), cover content included in the assigned readings and class presentations. Unannounced quizzes may be given at the discretion of the Faculty member. These unannounced quizzes may also be factored into the student’s grade.

In most courses/sections, midterm examinations are integrated. These midterm exams are typically 50 questions and one hour is allotted. In all courses/sections, a final exam of 100 questions is incorporated and two hours are allotted. See the syllabus for each course/section to determine the percentage of the overall grade attributable to quizzes/written work, the midterm, if any, and the final.

During any quiz, midterm or final, all personal belongings, including but not limited to outerwear, cell phones, smart watches, books, and purses, are to be left outside the testing room. Students are to bring only pencils and a Scantron answer sheet into the room with them.

The results of quizzes, midterms and final examinations will be provided to facilitate learning. Students are urged to actively participate in any provided classroom reviews as this facilitates development and refinement of reading, test-taking and critical thinking skills. When reviewing any tests/quizzes, students are required to demonstrate honesty and integrity; no test/quiz questions may be copied, and there is to be no recording, texting or photo taking. In the event that an individual violates this policy, disciplinary action, up to and including a critical incident or dismissal, will be taken. During any review of quizzes, midterm, or final exam, all personal belongings, including but not limited to outerwear, cell phones, smart watches, books, and purses, are to be left outside the classroom. Faculty reserves the right to withdraw the privilege of reviewing quizzes and/or tests upon reasonable suspicion of violations of integrity.

Students are responsible for previous learning and, as such, quizzes, written work, midterms and finals may require active utilization of any previously covered content areas including content mastered in previous courses and terms.

MAKEUP ASSIGNMENTS AND EXAMINATIONS

If, due to unplanned absence, a student misses a lecture session, the student must, upon return, obtain notes from a peer. If the quiz that incorporates that lecture session is administered on the day of the student's return, the student may defer taking the quiz until the next classroom day. **If, due to unplanned absence, a student misses a scheduled quiz, the student is to take the quiz immediately upon return, at the start of the day.** The exception to this rule is that when the full-time students are in all-day clinicals, students who have missed or postponed quizzes are expected to return to the School after clinicals to take the quiz on the next school day. Students who are absent for more than one classroom day must meet with the Supervisor or designee to arrange a schedule for making up missed work. Each situation is considered on an individual basis.

If a scheduled quiz is missed or postponed, an alternative quiz may be administered at the Faculty member's discretion (make-up quiz will be fill in the blank). **If the student has not completed missed quizzes within the stipulated days, Faculty will deduct 3% from the final quiz grade for each day late. If the quiz is not made up within one week, a zero is earned.**

All written assignments are due on the first day the student returns after unplanned absence. If Faculty has previously announced that late work will not be accepted, it may be refused. If

written work is assigned while a student is absent, it is to be submitted on the next classroom day, unless other arrangements have been made.

Any planned absences must be discussed with the Supervisor or designee and instructor before occurrence, and arrangements must be made in advance for any work that will be missed. (See Student Attendance and Absence Policy).

STUDENT ATTENDANCE AND ABSENCE POLICY

ATTENDANCE

Students have a personal and professional responsibility to maximize their education by taking advantage of all scheduled learning experiences. Regular attendance and punctuality are expected of each student. To ensure students have the opportunity to participate in all planned learning activities and demonstrate satisfactory competency for progression, attendance each scheduled day is essential. Students are expected to be on time for classroom and clinical activities. Promptness and consistent attendance are expected professional behaviors. Contingency plans for family illness and childcare are to be formulated prior to entering the program. The following attendance policy has been established to assure that students meet the minimum acceptable standards for attendance. There are no excused absences – just provisions to deal with time away from the program.

While acknowledging that perfect attendance is the goal, illness and unexpected emergencies do happen. In the event that a student will be absent or tardy, the following policies and procedures must be observed:

CALL-IN/SIGN-IN PROCEDURES

In the event a student is going to be absent from the classroom, the student is responsible for calling **The School of Nursing's Call-Off line at 440-746-8148** to leave a message with the date, time of call, student name, student cohort (full or part-time) and reason for the absence. This call must be made no later than 30 minutes prior to the start of class.

When on clinical assignment, it is the student's responsibility to notify both the school and clinical area at least one hour prior to the clinical start time. The School must be notified by calling the Call-Off line as described above. In addition, the student must also notify the clinical site at the facility number provided prior to the start of clinicals, or at the number printed on the Enrichment Objectives sheet. Students should keep a record of the name of the person to whom they spoke when reporting the absence to the clinical facility. **Failure to initiate both calls in the prescribed manner and within the time frame described above will lead to a Critical Incident (see Evaluation).**

Students not following the call off procedure for both the classroom and clinicals will result in a "No Call, No Show". A student accumulating three "No Call, No Shows" results in immediate dismissal from the program.

TARDINESS

Tardiness is defined as missing from 1 to 90 minutes in the morning or at midday, or when returning late from class or clinical breaks/lunch. Each episode of tardiness will be noted in the student's personal file and on the grade transcript at the end of the program. Tardiness will accrue toward your overall hours absent. Persistent tardiness may ultimately result in dismissal, regardless of level of academic or clinical performance and time in the program.

If the student is tardy to class, he or she must sign-in on the attendance sheet. Students must sign in or out at the desk when tardy, when a half day is missed, or when leaving early. Students who are tardy may be asked to wait outside the classroom until the next class break.

ABSENCES

A class day is 7.5 hours for full-time students, and 5 hours for part-time. For documentation on the grade transcript and disciplinary purposes, all recorded absences will be converted into hours based on the actual amount of time the student was not in classroom lecture or clinical.

In the event that a student is going to be absent due to illness, the student must call off for a full classroom and/or clinical day. Half-day call-offs due to illness will not be permitted, and will result in the student being sent home for the remainder of the day.

On days that quizzes, midterms, and finals are scheduled, half-day call-offs will not be permitted without proper documentation (i.e. doctors note, court documentation) as to why they called off. It is the student's responsibility to notify the director and submit proper documentation ahead of time regarding any time being missed on quiz/midterm/ and final scheduled days. Not notifying the director and submitting proper document of time missed will result in the student being sent home for the remainder of the day and reschedule a time to take any quiz/midterm/final. See "Makeup Assignments and Examinations" on page 53.

Any student who is absent for five (5) consecutive days or longer, or any student sustaining an injury requiring medical attention, must be seen by a physician and have a written physician's statement allowing unrestricted permission to return to school and the clinical area.

PERSONAL LEAVE DAYS

Each student is permitted up to three (3) sick leave days (22.5 hours) without disciplinary consequences during the entire program. Acceptable reasons for use of sick leave are personal illness, exposure to contagious disease, personal injury, illness, child's illness, or injury/death of immediate family.

A maximum of three (3) days (22.5 hours) of personal leave may be requested during the enrollment period. Personal leave day(s) must be prearranged and approved by the Supervisor or designee. Personal leave is granted solely at the discretion of the Supervisor (or designee) and is designed to allow the student to handle necessary personal matters or, observe religious holidays. Careful planning of appointments, meetings, etc., for times outside of scheduled school hours is strongly advised. Personal leave days are considered as time away from the program

and will be recorded as an absence, but will not be counted toward disciplinary action for attendance. Personal days may not be utilized on the day of or day before a final examination, before or after a holiday, or during the final week of the program, unless special circumstances exist.

DISCIPLINARY ACTION FOR ATTENDANCE ISSUES

Attendance is calculated on a weekly basis. Students are provided with a printout of their cumulative attendance record documenting absences, tardiness, and personal leave days as accumulated based on the table below. Disciplinary action taken for attendance purposes is outlined below. All attendance actions will be documented on the Notice of Corrective Action Form (See Appendix).

Absence/Tardy Accumulation	Disciplinary Action
20 hours	ALERT and a printout of attendance log provided to student
35 hours	WARNING and discussion with the Supervisor
55 hours	FINAL WARNING and meeting with the Supervisor and Admissions and Promotions Committee
70 hours	Meeting with the Supervisor and selected designee(s); DISMISSAL except in extenuating circumstances
First "No Call, No Show"	WARNING and discussion with the Supervisor
Second "No Call, No Show"	FINAL WARNING and meeting with the Supervisor and Admissions and Promotions Committee
Third "No Call, No Show"	IMMEDIATE DISMISSAL FROM THE PROGRAM

Students are also referred to the Clinical Make-up and Clinical Evaluation sections.

Extended illnesses and special circumstances are handled on an individual basis by the Supervisor of the School of Nursing and the Admissions and Promotions Committee. Factors that may be considered when deciding whether or not to allow a student to continue in the program include the student's past attendance and tardiness record, other illnesses, anticipated number of days that will be missed due to the extended illness/special circumstance, percent of the program completed, and past clinical and classroom achievements.

Excessive absences can also jeopardize remaining enrollment and/or participation in Federal Financial Aid programs, regardless of academic standing.

CURRICULUM AND INSTRUCTION

CURRICULUM DESIGN

The nursing curriculum is designed using a holistic approach to healthcare that addresses the physiological, emotional, behavioral, developmental, cultural, and spiritual needs of the client. These needs may shift in importance depending on the client's current state of health and may shift in importance across the life span. Maslow's Theory is incorporated throughout the program and is used to explore the curriculum content.

The nursing process is used as the systematic method of meeting healthcare needs. Development of the skills of critical thinking, clinical judgment, sound decision-making, priority setting, time management, and effective communications are integrated throughout the curriculum. Related theory and clinical practice progress from the simple to complex as much as is possible with the acuity seen in the institutionalized client. Practice is correlated with theory and is closely supervised by RN faculty, teaching assistants and preceptors.

INSTRUCTIONAL STRATEGIES

Teaching strategies include cooperative learning, lecture, conferences, demonstration, return demonstration, PowerPoint presentations, utilization of the nursing process, visual and auditory aids, exploration of didactic information via computer, Mannequin Annie and clinical practice. Clinical practice is carried out in a variety of institutional and community-based settings.

INSTRUCTIONAL STAFF

The School of Nursing faculty includes the Supervisor, Instructors and Teaching Assistants, all of whom are Registered Nurses employed by the Board of Education. The Instructional Staff meet or exceed all qualifications to be certified as Adult Education Instructors by the Ohio Department of Education and meet or exceed the requirements of the Ohio Board of Nursing and accrediting agencies. Students are at all times responsible to the Instructional Staff. In the clinical area, students practice under the supervision of the RN Faculty, Teaching Assistant and/or preceptor, following rules established by the Ohio Board of Nursing, the clinical organization, and this educational program.

NURSING PROGRAM REQUIREMENTS

The School of Nursing at CVCC's 1200 clock-hour program is divided into three terms. The first term is Basic Nursing. The subsequent two terms are Advanced Nursing; each of these two terms consists of one course.

BASIC NURSING (INTEGRATED COURSE: SECTIONS 101, 102 and 103)

Basic Nursing is made up of the following three sections: Anatomy & Physiology, Life Sciences and Nursing Fundamentals. This integrated course consists of formal didactic instruction with laboratory and clinical practice. Clinical and classroom experiences are of equal importance.

SECTION 101 – ANATOMY AND PHYSIOLOGY

Anatomy and Physiology is a didactic subject in which basic anatomical structure and function is explored to establish an understanding of the human body. Medical terms are defined, pronounced and analyzed throughout the course so the student becomes increasingly proficient with their usage. More complex concepts, including basic pathophysiologic changes, are added as body systems are introduced. Course content is tied to other Basic Nursing courses. Maslow's Theory is applied as the learner begins to relate anatomical/physiological abnormalities to nursing care needs.

SECTION 102 – LIFE SCIENCE

Life Science is a didactic subject that explores principles of normal nutrition, growth and development, communication, basic computer skills and etiquette, personal and professional growth, transcultural considerations, nursing history, and legal, ethical and moral issues. The role of the practical nurse in organized health care is identified and developed. The nursing process, Maslow's Theory, holism and health promotion are interwoven throughout the units.

SECTION 103 – NURSING FUNDAMENTALS

Nursing Fundamentals is a didactic and clinical section that establishes a sound nursing foundation by developing skills within the scope of practice of the practical nurse. Nursing Fundamentals includes course work in basic nursing procedures, dosage calculation, basic intravenous therapy, principles of pharmacology, and physical assessment. Maslow's theory and the nursing process are used as tools for exploration of concepts. Students begin their clinical experiences in this section, initially applying basic nursing skills to the care of their clients and progressing to the application of more complex skills. Clinical assignments take place in a variety of contracted facilities and may be supplemented with observational and enrichment experiences.

Successful completion of Basic Nursing is necessary for retention and promotion within the program. To pass Basic Nursing, the student must:

1. Earn a minimum final grade of 77% in Anatomy and Physiology (**Students who do not achieve 77% in A&P are dismissed from the program at that point**); and
2. Earn a minimum final grade of 80% in Nursing Fundamentals (**Students who do not achieve an 80% in Nursing Fundamentals are dismissed from the program at that point**); and
3. Earn a Basic Nursing grade point average of a minimum of 79.5%; the Basic Nursing GPA is an average of the final grades in Anatomy & Physiology, Life Sciences, and Nursing Fundamentals (**Students who do not achieve 79.5% as a final GPA are dismissed from the program at that point**); and
4. Earn a Satisfactory as a final evaluation in clinicals; and
5. Maintain an acceptable attendance record (see Attendance Policy).

Note: While there is no final minimum grade required in Life Sciences, the Life Sciences grade must be high enough that when averaged with the final grades in Anatomy and Physiology and Nursing Fundamentals, a minimum of 79.5 is earned.

All sections of Basic Nursing must be completed in the same enrollment period for any credit to be earned. **No credit is earned for passing individual sections of Basic Nursing.**

CANDLELIGHTING CEREMONY

Upon successful completion of Basic Nursing, students are recognized in a Candlelighting ceremony. The inspirational ceremony marks a milestone, symbolizing the successful completion of the program requirements. As a memento of their success in Basic Nursing, each nursing graduate receives the Florence Nightingale Lamp, the Lamp of Learning.

ADVANCED NURSING

The Advanced Nursing curriculum includes theory, laboratory experiences, supervised clinical experiences and observational/enrichment opportunities. These courses explore the themes of altered states of health, and integrate life span considerations, issues of contemporary society and vocational growth. Students are expected to progress in the application of classroom theory to clinical practice and to demonstrate increasing refinement of nursing skills. Maslow's Theory and the nursing process are utilized as tools to help shape understanding.

The clinical courses offered in Advanced Nursing are:

Care of the Client Throughout the Lifespan Part 1 and 2.

Special enrichment and observation experiences in Advanced Nursing are also integrated to enhance student learning and may include:

Assisted Living	Home Care	Blood Pressure Clinics
Acute Care	Birthing Center	Special Needs Care
Long Term Acute Care	School Nursing	Rehabilitation
Behavioral Health	Hospice	Residential/Day Camp
Medical Examiner/Coroner	Senior Programs	Flu Clinics
Health Fairs	Precept Experience	Long Term Care

COURSE 201 CARE OF THE CLIENT THROUGHOUT THE LIFESPAN PART 1 (TLS1)

Students who successfully complete Basic Nursing progress to this first Advanced Nursing course. In this didactic and clinical course, the student will utilize the nursing process and Maslow's Theory to meet the needs of maternal, pediatric, adult and geriatric clients with health deviations experiencing a variety of increasingly complex medical, surgical and/or behavioral disorders. Health promotion techniques are also incorporated. Clinical experiences take place in a variety of contracted facilities. Critical thinking and clinical decision-making skills are strengthened to enhance the student's ability to meet client needs. Leadership, pharmacology, and intravenous therapy concepts are integrated throughout the course. The student is expected to correlate the

theory explored in the classroom with the safe delivery of care to the client, continuously building on previous didactic and clinical experiences.

INTRAVENOUS THERAPY

Principles and practices of intravenous therapy related to the practical nurse's Scope of Practice in Ohio will be explored in the classroom and implemented in the clinical and laboratory environments. This content thread is integrated throughout Basic and Advanced Nursing. Each student must satisfactorily complete the Intravenous Therapy laboratory experience to pass Care of the Client Throughout the Lifespan Part 1.

COURSE 202 CARE OF THE CLIENT THROUGHOUT THE LIFESPAN PART 2 (TLS2)

Enrollment in TLS2 is initiated after successful completion of TLS1. TLS2 is a didactic and clinical course in which students are expected to demonstrate progressive development and refinement of the skills learned in TLS1. Successful completion of a medication administration experience and demonstration of entry-level leadership skills are required for successful completion of this course.

Successful completion of TLS1 is necessary for progression to TLS2. Successful completion of TLS2 fulfills a portion of the requirements for graduation.

PHARMACOLOGY

Pharmacology is an integrated curricular theme throughout Basic and Advanced Nursing. A planned medication administration experience is incorporated into Care of the Client Throughout the Lifespan Part 2. Each student must perform satisfactorily in the administration of medications by the close of this experience to successfully complete the course.

GRADES AND EVALUATION

CLASSROOM GRADES

Letter grades are assigned to the student's academic progress, as follows:

100-94%	A
93% - 87%	B
86% - 80%	C
79% AND BELOW	NI

If a student exits the program after having completed a minimum of one section of Basic Nursing, an official grade transcript is generated. See Curriculum description above for the minimum academic requirements for retention and promotion for each section/course. Students will periodically be given grade reports to allow self-monitoring of progress.

CLINICAL GRADES

Clinical Experience - Progress Reports will be completed by Clinical Instructors at the end of each rotation in Basic Nursing and Throughout the Life Span Part 1. This tool uses a checklist format and free text to summarize the student's clinical achievement and assign a final evaluation of "Satisfactory," "Needs Improvement," or "Unsatisfactory."

Definition of terms are as follows:

- S - Satisfactory** – Consistently accurate or correct in relating to health, safety, knowledge base, and delivery of care. Punctual, displays a positive effect of a personal and vocational nature, desirable behavior and work habits. Meets objectives of the course with minimal or no guidance.
- NI - Needs Improvement** – Inconsistent performance, incorrect, inaccurate, not punctual, undesirable behavior or work habits, application of knowledge base, delivery of care and issues relating to health, safety, or effect of a personal and vocational nature, needs considerable guidance to meet objectives of course.
- U - Unsatisfactory** – Unsafe practices, lack of application or transfer of knowledge, carelessness, undesirable practices in delivery care and issues relating to health, safety, affect, habits or skills of a personal and vocational nature - may necessitate immediate dismissal from program.

Each student will meet with their clinical instructor or designee in conference to receive feedback on their performance during the previous rotation. During this meeting, the student's Clinical Experience - Progress Report is discussed, reviewed and signed, acknowledging receipt. Students may respond in writing to the summative and evaluative statements.

A student who earns a clinical evaluation of Needs Improvement at an evaluation point partway through clinical section/course is being made aware of behavior that must be improved prior to the end of the section/course. Any student earning a Needs Improvement evaluation at this point is expected to meet with the Supervisor and the new Clinical Instructor as soon and possible to develop a plan to create a positive change in behavior. If the student earns a clinical evaluation of Needs Improvement at the end of the section/course, the student does not pass the section/course and is dismissed from the program. An "Unsatisfactory" evaluation at any time may facilitate immediate dismissal without forewarning.

If the student attends less than 90% of the planned clinical experience, a Needs Improvement is earned. If this situation occurs at the close of the course, not permitting retention and promotion, the situation is automatically referred to the Admissions and Promotions Committee for a decision of promotion versus dismissal. Each circumstance is considered on an individual basis and will be handled on a case by case basis. Also see the Clinical Make-Up Policy, above.

Anecdotal notes, formative and summative evaluations, critical incidents and attendance records are part of the student's records and therefore confidential. These documents are maintained

in active student's records; however, no copies are shared outside the School. The exception to this policy is when student has a governmental sponsor and this information is contractually required to be shared with the supporting agency or subpoenaed by the court.

Written and/or verbal evaluations will be shared among Faculty to monitor the student's progress in developing appropriate professional behaviors.

When students graduate, an "S" is recorded on the official grade transcript for clinical achievements, alongside the letter grades earned. Progress reports, notices of corrective action and anecdotal notations are removed from the student's permanent record twelve months after graduation.

ANECDOTAL NOTES

Anecdotal notes may be issued at any time by the faculty, teaching assistants, or supervisor of the program, identifying any positive or negative behavior exhibited by the student. Anecdotal notes are to be read by and discussed with each student as soon as possible. Within 24 hours, the student is to sign and return the document to the staff member who generated it. The student may write and attach his or her comments, if desired.

CRITICAL INCIDENTS

Faculty, part-time instructors, teaching assistants, and/or administrative staff may recommend to the Admissions and Promotions Committee that a student be issued a critical incident for serious violations of standards or behavior. Examples of behaviors that may initiate consideration of a critical incident include, but are not limited to: failure to give safe care to clients, violations of school policy in excess of behaviors warranting an anecdotal note, repeated violations of behavior for which an anecdotal note was previously issued, violation of clinical site policies, use of foul/inappropriate language in the clinical or classroom environment, failing to notify the clinical site of absence ("no call/no show") and any other behavior(s) unacceptable in a developing health care worker. If the Admissions and Promotions committee agrees that a Critical Incident is appropriate, the student will meet either with the Supervisor and/or with the Committee to review the incident and review the Notice of Corrective Action form. This form will describe the student's inappropriate behavior and describe the behaviors that the student is expected to demonstrate for the remainder of the enrollment period. The student will be asked to sign the form, indicating receipt and an understanding of future expected behaviors.

A maximum of two Critical Incidents are permitted during the program. Earning a third critical incident results in immediate dismissal. The three critical incidents culminating in dismissal need not be violations of the same expected behavior.

IMMEDIATE DISMISSAL FOR SERIOUS BEHAVIORAL VIOLATIONS

Behavior of an egregious or extremely serious nature, including but not limited to, violation of confidentiality, unsafe nursing practice or careless performance, severe foul/inappropriate language, hostile and/or threatening language/actions, academic dishonesty, and illegal and/or

unethical behavior may, at the discretion of the Supervisor and Admissions and Promotions Committee, result in immediate dismissal from the program without prior warning.

Any dismissed student is subject to denial of re-enrollment, a notation of the circumstances surrounding the dismissal to the student's permanent record, and is not entitled to a refund of any monies paid to the school. Any dismissed student also has the continued obligation to pay any outstanding balance for the term.

See Appendix for copies of the Clinical Experience - Progress Reports, Anecdotal Note and Notice of Corrective Action.

ASSESSMENT TECHNOLOGIES, INC (ATI) PREDICTOR EXAMINATION

Included in the student's tuition is the Virtual ATI review. This individualized review provides students with study/preparation plans to help remediate identified weaknesses and prepare for the NCLEX examination. Students who complete the Virtual ATI Review program and receive the "GREEN LIGHT" to test from their coach have consistently averaged 97% NCLEX pass rates.

The School of Nursing at CVCC uses a testing package designed to help students measure their learning in preparation for graduation requirements and passing the National Council Licensure Examination (NCLEX-PN). The ATI program consists of online learning tutorials using the Nurse Logic module; assessments and remediation, practiced and proctored, through Learning Systems; and culminating with the Comprehensive Predictor assessment.

The ATI Comprehensive Predictor is a 180-item assessment of the student's comprehension and mastery of basic nursing principles and concepts via NCLEX-style questions. A typical assessment will include 80% application/clinical judgement questions and 20% foundational knowledge. The test will be administered twice during Care of the Client Throughout the Lifespan Part 2 (TLS2). The student is expected to take both assessments and remediate and study between the two.

One of the two final Comprehensive Predictor exams must be completed at the recommended score of 67% or better to complete program requirements and be eligible for graduation. An individual score of 67% on the Comprehensive Predictor equates to a predicted probability of 80% passage rate on the NCLEX-PN.

If a student is unable to meet the recommended score on the ATI Comprehensive Predictor by the date of graduation, the student will be permitted to participate in graduation activities, however, the Certificate of Completion and/or official transcript will not be forwarded to the Ohio Board of Nursing (or the students' selected Nursing Board) until the passing score is achieved by the student. The student will be required to retake the Comprehensive Predictor until the recommended score of 67% is obtained. It is the responsibility of the student to contact the SON Supervisor to schedule a make-up of the Comprehensive Predictor after graduation. The

assessment must be completed before the end of June (date of the retake to be determined after the second predictor is administered, but will be scheduled no later than the last week in June). The student will be responsible for the payment of any retakes administered.

To be eligible to sit for the State Board of Nursing exam, the ATI Comprehensive Predictor assessment must be taken and passed by the third Friday of December in the student's graduating year.

To successfully complete TLS2, the student must achieve the following:

- Earn a minimum final grade of 79.5% in each course.
- Obtain individual score of 67% or greater on the ATI Comprehensive Predictor Assessment.
- Earn a Satisfactory as a final evaluation in clinical.
- Maintain an acceptable attendance record.

CLASSROOM EXPECTATIONS

CELL PHONES AND SMART WATCHES

Personal phone calls and texting are not permitted in the classroom. In the event of a special concern, students may be given permission to leave their cell phone on in silent mode and take any necessary calls outside the classroom. Any student whose cell phone rings or is noted to be texting during class may be dismissed from class, at the instructor's discretion, for the remainder of the session or day and charged with an unexcused absence.

Cell phones in the classroom must be on the designated table in plain sight during ALL quizzes and exams.

HEADPHONES AND EARBUDS

The use of headphones and earbuds during class or clinical is not permitted.

RECORDING DEVICES

Lectures may be recorded on a recording device or cell phone with the permission of the instructor. Recordings should be paused when students are sharing personal information. Quiz/exam reviews may not be recorded or photographed.

DRESS CODE

Professional behavior and appearance provide the foundation for the educational and therapeutic relationship and are essential to achievement of high standards in both education and nursing practice. The standards of behavior and appearance convey a message of respect for all ages, cultures and beliefs. As such they often do not reflect current style or practice but rather conservative values and clinical safety. Clothing style and size must be chosen so as to cover chest, midriff, and lower back while sitting, as well as participating in activities during

classroom, lab and clinical rotations. Therefore, the following dress code has been established and will be followed.

CLASSROOM ATTIRE

Students may elect to wear their uniform to class instead of scrubs. However, if they do so, they must wear the entire uniform (top and bottom) and comply with hair and jewelry requirements.

Students are to appear in class dressed as follows:

- Nursing scrubs in gray/burgundy;
- Athletic or nursing shoes with closed toe and heel;
- Hosiery that reaches above the height of the shoe-crew socks, knee socks or hose; and
- CVCC student identification badge, worn at the lapel at all times.

The following rules will also be observed:

- CVCC logo wear may be worn in place of the scrub top, if desired.
- If undergarments can be seen through the attire, they will match the student's skin tone.
- All pants are to be worn at waist level.
- All dresses must touch the knee.
- Students may elect to wear a short or long-sleeved T-shirt or turtleneck shirt under the top for warmth.
- Students may elect to wear a sweater, sweatshirt or lab coat over the top.
- No outwear may be worn into the classroom. An exception may be made for wearing boots in inclement weather, at the discretion of the Supervisor.
- No caps, hats or other headgear may be worn into the classroom, unless required for religious or cultural reasons.
- Small earrings are permitted. However, no other facial jewelry, including but not limited to nasal piercings, eyebrow piercings, tongue piercings or other facial piercings are permitted. Body piercings should not be seen through the uniform.
- Medical alert necklaces/bracelets, if applicable, must be worn.
- Light makeup is acceptable. Gaudy makeup and perfume are not allowed.
- Attire is to be neat, clean, in good condition and fit the wearer.

In the event of a school-sponsored "dress-down" day, students may wear jeans (unfrayed, no holes), CVCC logo sweatpants or capri-length pants and a top which covers the chest and shoulders. Halter tops, shorts, tanks, tubes, halter dresses, open backs, bare shoulders, sleeveless garments, and pajamas are not permitted. Unclothed or exposed breasts, midriffs and midsections are unacceptable. No garments are permitted endorsing drugs, alcohol or weapons, or which display foul language or sexual activity.

Students participating in CVCC-sponsored events prior to receiving their uniforms will wear dress pants or slacks, and a turtleneck, sweater or appropriately fitting tops, or a dress/skirt

that reaches the knees, with appropriate hosiery and shoes, light makeup and light-colored nail polish, if any.

DRESS CODE IN THE VIRTUAL CLASSROOM

Online learning attire follows the same guidelines as outlined in the Classroom Attire section. When in a virtual learning environment, students must be seated upright and dressed in appropriate attire. Attendance penalties will be assessed to students in violation.

CONSEQUENCES FOR DRESS CODE VIOLATIONS

Students who do not comply with these Dress Code requirements will be dismissed for the day and marked with an unexcused absence. Further violations may lead to critical incident(s) and/or dismissal from the program.

FOOD AND BEVERAGE

Students are permitted to leave the School on their lunch/dinner break. Students are also provided a refrigerator in which to store meals.. It is each student's responsibility to clean up after themselves and to assist in keeping the refrigerator and lounge area clean and sanitary. Day classes may also purchase meals from the CVCC cafeteria. Students are permitted to drink in the classroom and eat light snacks (fruit, granola bars, etc.). However, beverage containers must have a closed lid/top (e.g. be spill proof) and cannot exceed 40 ounces in volume.

All clinical sites are closed campuses. This means that at all clinical experiences, students may not leave the premises for lunch. Students should pack their own food for lunch. Meals may be purchased at many of the clinical sites. All food and beverages must be consumed in designated areas away from direct client care locations.

HOUSEKEEPING

Each member of the class is expected to help keep the School neat and clean. At the end of the day, students should push their chairs in close to the desk for safety and neatness, and pick up any litter. When using the lab area for practice, students are expected to return all supplies to their proper areas and ensure all beds are made and linens are wrinkle-free. Students are likewise expected to tidy any conference area provided by a clinical site for student use.

EMERGENCIES AND DRILLS

Students are to quietly participate in all CVCC fire, tornado, lock-down and evacuation drills as instructed. Students are to assist with any drill or actual emergency in the clinical area under the guidance of the Clinical Instructor and in accordance with policies and procedures learned in the classroom.

HEALTH DATA AND SCREENINGS

HEALTH DATA AND SCREENING SUBMISSION

All required health data and screening documentation must be submitted on the first day of class. This is to ensure there is enough time for the School of Nursing, as well as any assigned clinical sites, to organize or request any additional and/or missing documentation that is needed to begin clinicals. Not submitting all completed health data will result in the student not being able to attend clinicals, and will be charged with unexcused absences until all documentation is submitted.

AMERICAN HEART ASSOCIATION - BASIC LIFE SUPPORT REQUIREMENT (CPR)

All students are required to show proof of CPR certification prior to the start of clinical. The certification must be valid for the duration of the student's program. The student is responsible for ensuring any renewal is completed timely to avoid expiration. The School of Nursing only accepts a Basic Life Support class taught by the American Heart Association. The course must be classroom and competency—**an online course will not be accepted**. CVCC provides in-house CPR training courses, (see <https://www.cvccworks.edu/CPR.aspx> for more information). **Students with expired CPR certification are considered to be out of compliance and will not be permitted to attend clinical until proof of valid certification is received and will accrue unexcused absences until received.**

CLINICAL SITE DENIAL

Clinical facilities, at which clinical experiences are held, have the right to deny clinical placement to any student for any of the following reasons: negative information on the background check, a previous negative employment experience at the clinical site, and/or inappropriate behavior during a previous clinical placement. If a student is denied clinical placement at a facility, and there is no other available clinical site that will accept the student, the student is withdrawn from the program and forfeits all monies previously paid. Students with insufficient health data on file will not be assigned to a clinical rotation.

CLINICAL EXPECTATIONS

CLINICAL ASSIGNMENTS

Clinical worksheets are to be completed and submitted per the instructions provided at the beginning of the clinical rotation. Work that is sloppy, illegible, or not identified with the student's name and class may be refused. Clinical worksheets that are missing, tardy, incomplete or not to the expected standards for the student's point in the program will earn an NI. Earning NIs as grades on clinical worksheets will jeopardize the student's clinical grade. See Clinical Evaluation, below.

Students who attend external rotations may be required to submit written reflections and/or an evaluation of their experience. Failure to submit this written documentation in a timely manner can also affect the clinical grade.

CLINICAL MAKE-UP PROCEDURES

Clinical mastery is critical to success in the nursing profession. Therefore, this program requires attendance at a minimum number of clinical hours for graduation. In the event the student misses more than two clinical days in any one term, and these absences do not result in attendance dismissal, and the student has earned a “Satisfactory” as a final clinical grade for the term, the student will be required to make up missed days in excess of two. Missed clinical time is typically made up on a schedule alternative to the student’s typical clinical hours, and may include days, weekends or evenings. Make up days are scheduled according to clinical site availability. Make-up days do not erase actual days missed; making up clinical hours will not remove the absence from the student’s final record. Calling off on a scheduled clinical make-up day will result in being charged with an absence per the guidelines above.

DRESS CODE

Students are expected to wear clinical attire to the Clinical Orientation, Pre-Clinical Prep session and to all lab sessions after clinicals begin, unless otherwise instructed. Appropriate presentation in the clinical area, in addition to communicating respect for the nursing profession, maximizes conditions which promote medical asepsis. This assists in the prevention of disease in clients. The following rules have been established and will be followed.

UNIFORM

- CVCC-approved uniform top, and pants, or dress (clean and ironed)
- CVCC-approved undergarment (long/short sleeve, form-fitting to the arm, white) worn under the uniform.
- Undergarments, including a brassiere for women, that match the skin tone of the wearer;
- White, polished nursing shoes or white, clean athletic shoes with closed toe and heel; If shoes have laces, they are to be clean and white—no mesh athletic shoes
- White hosiery or white socks above the ankle
 - If wearing a dress—white, run-free hosiery
 - If wearing pants, socks that reach above the height of the shoe—crew socks, knee socks or run-free hose;
- CVCC and/or clinical site student identification badge, as instructed in clinical orientation, worn at the lapel or as instructed. Requirements will vary by site.

The following rules will also be observed:

- All pants are to be worn at waist level; the bottom of the pants must cover the top portion of the shoe but must not drag on the floor.
- All dresses must touch the knee.
- All uniform buttons must be secured.
- All tattoos/body art must be covered.
- A fresh uniform is to be worn daily. The uniform is to be neat, clean, wrinkle-free, in good condition and fit the wearer.

- In the event the uniform becomes faded, discolored or permanently stained, the student will be expected to purchase a new uniform.

PROFESSIONAL GROOMING

HAIR

Hair is to be clean, worn away from the face, and, if necessary, fastened with nonornamental hair accessories and worn in a manner that does not fall in the face of the student or touch the patient/client.

- Hair must be a natural color. Highlighting, if any, should appear natural (colors such as pink, purple, green, etc. are not acceptable).
- Hair that reaches below the nape of the neck must be secured at the nape of the neck with an elastic or snag-free elastic band. Ponytails and pigtails are not permitted.
- Tendrils/ringlets are not permitted. Any hair that falls forward but cannot be secured at the nape of the neck must be secured with a non-ornamental barrette or bobby pin that matches the student's hair color. Alternatively, a student may wear an unornamented plastic or fabric head band no greater than ½ inch in diameter that matches the student's hair color.
- Other hair accessories, such as hair clips/claws, ornamental barrettes, ornamental ponytail holders and/or "scrunchies" may not be worn.
- No head coverings are to be worn, unless for medical, religious or cultural reasons. Color of any such permitted head coverings must be compliant with clinical site rules, if any, and coordinate with the school uniform.
- Wigs or hair extensions may be worn, subject to the above policy.
- Male students must shave daily; neatly trimmed moustaches or beards may be worn.
- False eyelashes of an unnatural length are not permitted.

JEWELRY

- Earrings ¼ inch or less in diameter in gold, silver or white, without design, may be worn. Earrings must be worn in pairs, one in each ear. No other earrings may be worn. No other facial jewelry, including but not limited to nasal piercings, eyebrow piercings, tongue piercings or other facial piercings are permitted.
- One necklace may be worn but must be tucked into the inside of the uniform. All other necklaces must be removed.
- A watch with a second hand must be worn during clinical. Smart watches displayed during a clinical rotation must only be used as a watch. If a student is seen using the smart watch for matters unrelated to the clinical assignment, they may be dismissed and charged with an unexcused absence for the remainder of the day.
- No bracelets may be worn, unless for religious or cultural reasons. No wristbands may be worn.
- Engagement and/or wedding bands may be worn. Students are advised that plain wedding bands are the only safe rings in the clinical setting. If an engagement ring and/or wedding band with a stone are worn, the student assumes all responsibility

and liability for loss of the stone or ring, loss of or injury to the hand/finger, or injury to the client. No other rings are to be worn.

- Medical alert necklaces/bracelets, if applicable, must be worn.
- No other jewelry is permitted.

EQUIPMENT

When providing direct client care, students must have the following items on their person:

- Stethoscope (not around neck);
- Bandage scissors;
- Black or blue pen;
- Small pocket notebook; and
- Clinical care cards.

CELL PHONES

Personal phone calls and texting are not permitted in the clinical area. Cell phones are to be off except on break and lunch periods and out of the direct client care area. Violations of this policy may result in dismissal for the day and being marked as absent. Clinical Instructors may, at their discretion and per clinical site policy, allow cell phones to be used to access reference materials in the clinical setting outside the direct client care area.

Client phones may not be used by students. Clinical site phones may only be used in emergency situations with the express consent of the Clinical Instructor.

INTERRUPTION OF STUDIES AND RE-ENROLLMENT

A maximum of two attempts to complete a nursing curriculum are permitted within a 5-year period. This number includes attempts made at other nursing schools. In extenuating circumstances, such as when an accident, illness or other disrupting occurrence has impacted successful completion of a nursing program, a third enrollment may be considered by the Admissions and Promotions Committee.

WITHDRAWAL

A student may withdraw from the school voluntarily at any point in the program. The student is encouraged to meet with the Faculty advocate and/or Supervisor to explore available options if withdrawal is being considered. A written notification of withdrawal that includes the reason and effective date must be submitted to the Supervisor of the School of Nursing and will become part of the student's permanent record. Withdrawing from a program during the term of a payment plan does not void the responsibility to pay the full tuition amount. It is recommended that withdrawing students using Federal Financial Aid meet with Financial Aid to determine how a withdrawal will affect financial aid funding. Withdrawing may result in balances being owed to CVCC or the US Department of Education and students will be responsible for the repayment of these monies. Current federal financial aid regulations will apply.

TRANSFER OUT

A request to transfer from the School of Nursing into another nursing program or course of study begins with a meeting with the Supervisor. A formal written request is thereafter to be initiated by the student with a clear identification of the underlying rationale. Official transcripts will be forwarded to the new institution of study providing all financial obligations to CVCC have been met. The administrative fee for transferring out is \$50, which includes the cost of official transcripts. Students are advised to meet with Financial Aid to discuss any financial ramifications of transferring.

LEAVE OF ABSENCE

Provisions for requesting a Leave of Absence (LOA) have been established to accommodate extended personal illness, family illness, pregnancy, and extenuating circumstances. (See Military Duty Policy for military activation procedure).

To be considered for a Leave of Absence, the student must have, at a minimum:

1. Completed Basic Nursing successfully;
2. Demonstrated satisfactory clinical performance in the current term;
3. Paid all fees and tuition for the term;
4. Maintained an acceptable attendance record, extenuating circumstances considered;
5. There must be a reasonable expectation that the student will return from the LOA within 180 days to one year.

Written requests for a LOA must be submitted to the Supervisor of the School of Nursing and will be reviewed by the Admissions and Promotions Committee. Each situation is considered individually. Students will be granted only one (1) LOA during the educational program. An approved LOA does not guarantee re-entry into the program. Students are advised to meet with Financial Aid prior to requesting a LOA to discuss any financial implications. Current federal financial aid regulations will apply.

INTENT TO RETURN

Whether a student withdraws or takes a Leave of Absence (LOA) from the nursing program, a letter must be written and submitted to the Supervisor of the School of Nursing at CVCC requesting the withdraw or LOA. The letter must address the reason you are not having success in the program at the time of the request and what changes you will make to ensure success on your return to the program. A meeting will be scheduled with the Admissions and Promotions Committee to review the request.

RE-ENROLLMENT

Students who have been granted LOAs, withdrawn from the program, or been dismissed from the program for academic, clinical or attendance issues, may, subject to the above number of attempts permitted, and any applicable financial aid regulations, petition for re-enrollment. Students applying after a LOA must do so within eighteen months from the date their LOA was granted. An applicant who withdrew or was dismissed from the program prior to the end of Basic Nursing will, if readmitted, restart at the beginning of Basic Nursing. In order to qualify for readmission, re-enrollment applicants must have completed their Financial Aid Exit Counseling if direct loans were disbursed during their previous enrollment.

The Supervisor will conduct a personal interview with the applicant, and, at his or her discretion, may require the applicant to meet with the Admissions and Promotions Committee. Readmission depends on a variety of factors, including resolution of the underlying issues necessitating the LOA/withdrawal/dismissal and available space in the classroom and clinical areas. The re-enrollment applicant is required to submit a written plan of action detailing how any previous academic, clinical or attendance issues will be avoided after re-enrollment.

TRANSFER BETWEEN CVCC NURSING PROGRAMS

If, within the **first three weeks** of the full-time program, a student elects to transfer into the part-time program, he or she must notify the Supervisor in writing. The student will restart the program on the first day of the part-time calendar. Any request to transfer into the part-time program made after the first three weeks of the full-time program will be considered withdrawal and re-enrollment, and the student will be responsible for paying any additional fees and/or tuition due as a result. Tuition will be due for the period of enrollment for the full-time program. Full tuition will be due for the part time program. It is recommended the student discuss the transfer with the financial aid specialist to determine financial aid implications of transferring. Current federal financial aid regulations will apply.

JURY DUTY

The student will immediately notify the Supervisor of any jury summons. Although serving is a basic civic responsibility, requests to postpone service should be initiated so as not to jeopardize academic and clinical standing. In the event jury duty cannot be postponed, the student will not be counted as absent as long as calls to the School and/or the clinical site are initiated per policy. However, it is the student's responsibility to meet with the Supervisor to set up a schedule for

making up missed class work. The student may also, at the Supervisor's discretion, need to make up clinical hours. In the event of protracted jury duty, a leave of absence may be recommended.

MILITARY DUTY

Armed Forces students, if activated by state or governmental action, will be treated on a case-by-case basis in compliance with Title IV guidelines and all other applicable laws, rules and regulations regarding attendance, re-enrollment, and funding issues.

PREGNANCY

Pregnancy is to be reported immediately to the Supervisor and the student's Clinical Instructor. If the student wishes to remain in the program, she must meet with her OB/GYN as soon as possible to confirm the pregnancy. The student must disclose her participation in a nursing program and receive a medical release without restrictions allowing her to continue. The student assumes all personal responsibility for continuing in the program. If the physician does not give unqualified permission to continue in the program, a Leave of Absence may be requested by the student (see Leave of Absence Policy). The student will be expected to continue to function in the clinical setting at the level expected of her peers. The student must obtain, at her expense, uniforms that accommodate her changing body size.

TUITION, FEES AND EXPENSES

NURSING TUITION AND FEES

For the tuition and fees breakdown for Full-Time and Part-Time programs, see the correlating Cost of Education form in the Appendix.

For Financial Aid information (including loans and scholarships), see the Financial Information section or contact Adult Education Student Support Services.

OTHER CHARGES

There will be a \$35 charge on any check returned for insufficient funds submitted by the student or on their behalf.

Students using equipment belonging to the School and/or clinical facility assume responsibility for its proper care. When damage or loss of equipment or books is due to the student's carelessness or neglect, the student must assume the cost of repair or replacement of the damaged item(s). Any intentional destruction of property in the School or clinical site may result in immediate dismissal from The School of Nursing.

The diploma, transcripts and letter to the Ohio Board of Nursing regarding final completion of program will be held until all financial obligations to the School and/or clinical site are satisfied.

LIABILITY INSURANCE

Students are required to carry \$2,000,000/\$5,000,000 minimum liability insurance as a student practical nurse. This insurance is obtained by the school and the cost is included in fees. Students are not permitted to go into clinical area unless covered by liability insurance.

STUDENT RESOURCES AND SUPPORT SERVICES

STUDENT PARTICIPATION IN PROGRAM

Students are provided with multiple opportunities to participate in and give feedback about the program. Each class will elect Student Council members who will coordinate committees to plan activities, including Graduation and Candlelighting, fundraisers, parties, and other group functions. Two of the Student Council members will act as liaisons, who will bring class concerns to the Class Advisor and/or Supervisor, and are invited to share concerns and feedback at Faculty meetings.

At the close of each course the student completes both course evaluations and clinical site evaluations. These tools are reviewed by the Supervisor and Faculty to help identify areas in need of change or updating, and may be shared with the clinical sites.

COUNSELING, GUIDANCE & ADVOCACY

Each student is assigned to a Full-time Instructor who will serve as a student advocate. This individual will be available to the student on an as-needed basis to offer guidance concerning study habits, prioritization, organization, test-taking skills and the like, and will request a formal meeting with students whose grades indicate a student is having difficulty meeting expected standards. The Advocate can also provide support and encouragement with the psychosocial and emotional challenges of balancing school and personal life growing into the nursing role. Students are also welcome to seek advice and support from any other instructor and/or the Supervisor. Students with specific academic, social, and emotional needs outside the scope of the Advocate should contact the Student Support Services office who can address their needs either through their office or with a referral to an outside community agency.

Academic, career and personal counseling services are available. Students should contact their program instructor or Adult Education Coordinator (440 746-8230) to initiate a request. A variety of resource materials and references are available through the Adult Education Office.

LIBRARY RESOURCES

The School maintains an extensive collection of supplemental textbooks and videos for student use. This collection will be available during school hours. Most items may be signed out for one week; an extension will be granted if no one else is requesting use of the resource. Please sign out any borrowed materials and give the library card to an Administrative Assistant. Please return all borrowed items.

CVCC's E-library may be used by students who need computer access during CVCC High School hours, 7 am to 8 pm. A staff member must be in the building when students are in the library. Sign in at the main reception desk. No food or beverages allowed. The computer lab is also available if not occupied by a high school class.

LOCKERS AND PROTECTION OF PROPERTY

Students will be assigned a school locker for the storage of outerwear and supplies. Typically, students will share this locker with another student. No articles of value or money shall be kept in lockers. The School does not assume responsibility for lost articles. Lockers remain the property of the Board of Education. Lockers and the contents thereof are subject to random search at any time without regard to any reasonable suspicion (Sec. 3313.20, ORC). Such a search must take place in the presence of 2 employees of the school district.

MAILBOXES

Each student is provided with a labeled mailbox. Students are required to check their mailboxes upon arrival, periodically throughout the day, and at the end of the day. All items in the mailbox are confidential; a student may not look at the items in another student's mailbox. Students should not use their mailboxes for storage.

The Supervisor, Administrative Assistants, and Faculty each have a mailbox into which students can place notes and submit assignments. Students are prohibited from looking at or removing the contents of staff mailboxes. In the event a student has placed an item into a staff member's mailbox and wishes to have it returned, he or she must contact a staff member for assistance.

PARKING

Students must park in designated areas for all classes, clinicals, and other off-site experiences. Two School parking passes will be issued at the beginning of the program. If a replacement is necessary, there is a \$5 cost payable to The School of Nursing at CVCC. The school parking pass must be displayed at all times on the rear-view mirror when parking on the school premises. Parking in the wrong area or without the parking pass will subject the student to consequences as per CVCC rules. Parking at the School is currently free.

Parking at clinical sites may or may not be free. Payment of any parking fees imposed by the clinical facility is the student's responsibility. Students are also required to obtain any required parking permit and to park in designated areas. Students who fail to do so are subject to both clinical site consequences and School disciplinary action. Students are encouraged to car pool whenever possible.

STUDENT RECORDS

The School maintains a secured file for each student in accordance with the Rules set forth by the Ohio Board of Nursing. These records will only be available to authorized persons. A

written Release of Information form must be signed by the student before any data from this file is released. The following items are included in each permanent file:

Application Information Form	Official transcripts	Release Policy
Pre-Entrance Test results	Reference Forms	Audit Request Forms
Confidentiality Statement	Contract	Photo Permission
Transcript release requests	Graduation Photo	Articulation Requests
Official School of Nursing at CVCC Transcript	Physical Exam & Health Data Requirements	Computer Network/Internet User Agreement

Financial Aid file is maintained for five (5) years from date of program completion and then is destroyed. If a student is in a default status with the Federal Financial Aid Program Title IV, grade transcripts and references will be withheld until corrective action is taken. All other documents/paperwork regarding the enrollment period are removed from the permanent record.

TRANSCRIPTS

Official grade transcripts are available for a fee. A Transcript Request Form can be found on the CVCC website, www.cvccworks.edu, completed and returned to the nursing office with the required fee. Allow 7-10 business days for processing. Only grade transcripts are released; all other documents are the property of the school and will not be copied unless required by court order.

STUDENT DATA

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an administrative assistant or program coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

STUDENT CONDUCT

CONFIDENTIALITY

Each student is to provide complete and accurate information for their school record. Any student who has a change of name, residence and/or phone number(s) must notify an administrative assistant or program coordinator immediately so that the student file can be updated. This data will become a part of the permanent record and will not be shared with other students.

If a student knowingly offers false or misleading information or submits false documentation, he or she is subject to disciplinary action, up to and including immediate dismissal.

CIVILITY POLICY

The School of Nursing at CVCC promotes high standards of academic excellence. To be effective, instruction must take place in an atmosphere that recognizes the uniqueness of each individual within our learning community, and a culture in which students, instructors, and staff communicate openly with one another and work together collaboratively. Concepts and ideas may be explored that challenge held beliefs and provoke emotional responses. Clinical success depends on students working well with one another and with the Clinical Instructor. Students are beginning professionals and are expected to demonstrate professional behavior at all times.

One component of professional behavior is civility. Civility is behavior that:

- Shows respect toward others;
- Causes another to feel valued; and
- Contributes to mutual respect, effective communication and team collaboration.

Examples of civil behavior in the classroom and clinical area include, but are not limited to:

1. Use of common verbal courtesies such as “please”, “thank you” and “excuse me”;
2. Raising a hand and waiting to be acknowledged during classroom discussions;
3. Avoiding distracting behaviors that affect others’ learning such as side conversations and distracting movements;
4. Offering to assist peers; and
5. Using appropriate language.

Examples of uncivil behavior include, but are not limited to:

1. Demeaning, bullying, intimidating or harassing others;
2. Initiating or spreading rumors or gossip about a classmate, instructor or staff member;
3. Habitually interrupting as others speak;
4. Not paying attention or listening to others when addressed;
5. Failing to respond to requests for meetings with instructors or the Supervisor;
6. Sending e-mails, text messages or creating Facebook or other social media posts that harass, demean or bully a classmate, instructor or staff member;
7. Speaking with a condescending attitude or eye-rolling;
8. Raising one’s voice to peers, instructors, other CVCC staff or clinical staff;
9. Temper tantrums;
10. Threatening others; this refers to physical threats, verbal/nonverbal threats, and implied threats;
11. Not completing a fair share of assigned group work;
12. Not responding to a peer’s legitimate request for assistance;
13. Failure to respect the property of the School, staff, instructors or peers;
14. Comments or conduct of a sexual nature where such behavior creates an intimidating, humiliating or hostile learning environment;

15. Eating food in unauthorized areas; and
16. Using foul, obscene or abusive language.

The School of Nursing at CVCC does not tolerate exclusion or rudeness based on gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, religion, sexual orientation, gender identity or expression. Rude, disrespectful behavior is unwelcome and will not be tolerated. Uncivil behavior may be addressed by a simple verbal comment, anecdotal note, dismissal for the day, critical incident, or dismissal from the program, depending on the severity of the behavior. (See Evaluation)

ALCOHOL AND DRUGS

The School of Nursing at CVCC has a zero-tolerance policy regarding the use and distribution of illegal drugs and the abuse of alcohol and/or prescription drugs. Possession, distribution or sale of alcohol or any illegal or illegally obtained drug at the School, any clinical site, school function, or while in uniform will result in recommendation for immediate dismissal.

Students are expected to stay physically and mentally fit for all curricular experiences. If at any time a faculty or other School staff member, CVCC staff member, nursing service personnel or other clinical site employee, or client/client observes in a student signs and/or symptoms of the effects of mood-altering drugs, including but not limited to: euphoria, altered judgment, impaired motor coordination, inability to concentrate, memory loss, tremors, confusion, anxiety, delusions, agitation, disorientation, profuse diaphoresis, convulsions, slurred speech, emotional instability, delirium, hallucinations, depression, paranoia, hostility, hyper-reflexia, and/or lethargy, a drug screen will be required of the student. The student will be dismissed, sent out of the class or clinical area, and be required to undergo immediate alcohol and/or drug screening at the student's cost. Documentation of all findings must be released by the student to the school.

Results of these screenings will be reviewed by the Admissions and Promotions Committee. Evidence of illegal use of drugs or intoxicating beverages will be sufficient grounds for dismissal from the nursing program without consideration for re-enrollment, loss of all monies paid to CVCC, the continuing obligation to pay any incurred financial obligation, and with a notation of the circumstances surrounding dismissal in the student's permanent file. Additionally, the School will communicate the facts of any incident to CVCC Administration, law enforcement and/or the Ohio Board of Nursing if indicated or required by applicable law. The Admissions and Promotions Committee has the final determination, subject to law and CVCC policies, if the student is to remain active in the program.

Students participating in a bona fide chemical dependency program may be permitted to continue or re-enroll at the School. The student must provide verification of active participation by providing reports every 2-3 weeks, submitting to random urinalysis, breath analysis, and/or blood testing at their own expense, and release these test results to the School. Any recurrence of use/abuse will be grounds for immediate dismissal.

OTHER IMPAIRMENT

In the event the student presents to the clinical area with any other type of impairment that renders him or her physically, mentally, emotionally or psychologically unfit to provide safe care, the Clinical Instructor may, at his or her sole discretion, dismiss the student from the clinical area and record the student as absent for the day. Examples of this type of impairment may include sleep deprivation, physical/mental effects of prescribed or over-the-counter medications (such as cold or allergy medications), severe emotional distress, or evidence of any other psychological disturbance.

SMOKING

Smoking is prohibited on the CVCC campus, including in the parking lots. Clinical sites have likewise become non-smoking facilities. In addition to incurring disciplinary action from the School, smoking at a clinical facility may lead to the student being banned from that clinical site.

RELEASE POLICY

The student voluntarily desires to participate in this curriculum experience which includes classroom, laboratory and clinical experiences in the healthcare community. The student is duly aware of risks and hazards which may arise through participation in activities/ experiences that may result in loss of life and/or limb and/or property. In consideration of being afforded the opportunity to participate and receive the educational benefits of this curricular experience, each student hereby voluntarily assumes all risks of illness/accident or personal damage to his person or property. Any costs pursuant to potential injury, or injury are the responsibility of the student. While at the clinical facility and/or in the school environment, the student will not be considered employees or agents of the clinical facility nor the school district. Therefore, they will be ineligible for remuneration and will not be covered by the clinical facility's social security, unemployment compensation, workers' compensation, malpractice insurance coverage, or any other benefits.

The student will indemnify and hold harmless the clinical facility, and the school district, school board members, its shareholders, officers, trustees, employees, and agents from any and all liability, claims and damages, including but not limited to attorney fees and costs arising out of or related to the student's actions or activities. This release shall be binding with the signing of the Release Policy on the student, any heirs, administrators or executors. This Release Policy is a permanent part of the file. See Appendix for a copy of the Release Policy.

HEALTH AND ACCIDENT

Each student is responsible for his/her own health during the course of the program. In the event a student contracts any easily-transmitted infection, (examples include strep throat & pinkeye) they are expected to stay out of the classroom and clinical environment until appropriate treatment is initiated. All students are responsible for their own health insurance coverage. Each student is required to have a personal health coverage plan so an illness may be treated quickly and effectively and not impact their level of functioning and enrollment status. All students will be expected to show proof of health insurance in order to participate in clinical rotations.

Students are required to have a physical examination and drug screen completed at their own expense and submitted prior to the first day of school. The student is required to obtain all mandatory immunizations at their expense prior to beginning clinicals. (See Physical Examination Record, Appendix.) The data on these forms will be reviewed for completeness, and the presence of an illnesses that may require prompt intervention (examples include diabetes, mellitus and epilepsy) will be shared among staff members. Vaccination data and negative drug screen results will also be shared with clinical agencies. Otherwise the results of the physical examination and drug screen become part of the student's permanent record and will be kept confidential. Any student who fails to give a complete disclosure of health status is falsifying documentation. (See Student Data, above.)

In the event a clinical facility imposes additional vaccination requirements to allow students to participate in clinicals at their site, students will obtain these vaccinations at their own expense if the vaccine is not provided by the clinical facility.

In case of serious illness or accident on CVCC premises, the Green Team will be notified per CVCC policy. In the event the Green Team is not available, staff on duty may initiate a call to emergency services, if in their sole discretion such a call is warranted. If an injury or accident occurs on CVCC premises, the CVCC incident report is to be completed. This report can be obtained from the School of Nursing Office.

In the case of sudden illness or accident while at a clinical facility, the student is to notify the Clinical Instructor. If immediate intervention is warranted, the student must be seen in the Emergency Room and not in the Employee Health clinic. The cost of treatment is the student's responsibility. Students are not considered employees of any clinical facility and do not qualify under any clinical facility's Workman's Compensation Policy. (See Release Policy, below.) In case of an accident during clinical experiences, an incident report must be completed to comply with the facility's regulations. The student is required to provide a copy of the report to the School before returning to clinicals. A copy is filed in the student's record.

In the event a student requires medical or surgical care during the course of the program, this must be disclosed to the Supervisor. A medical release without restrictions is required to return to active participation in the program. In the event a student requires medical or surgical care that will cause them to be absent from clinicals for more than two days, the student must contact the Supervisor to discuss the situation. (See Attendance and Leave of Absence policies, above.)

Students with known serious allergies must wear a med-alert bracelet or necklace and carry an Epi-pen with them at all times. In case of chronic illnesses that require prompt intervention such as diabetes or epilepsy students must likewise wear a med-alert bracelet or necklace and carry on their person medications and equipment for emergency use. Student must disclose the presence of any such allergy or illness to their Clinical Instructor at the start of the clinical rotation.

APPLICATION REQUIREMENTS FOR NURSE LICENSURE

Each applicant for licensure will be required to answer questions on the Ohio Board of Nursing application related to certain past behaviors or legal history. Applicants must report to the Board if they have been convicted of, found guilty of, pled guilty to, or pled no contest to certain crimes, including crimes that have been expunged if the crime has a direct or substantial relationship to nursing practice. Applicants must also disclose a past history of substance abuse or behavioral health disorders. It is critical that all questions on the application for licensure be answered honestly, since misrepresentation may constitute fraud or deception and may result in permanent denial of a nursing license. Students are urged to seek legal counsel if applicable.

The student may view the complete application for Ohio licensure at www.nursing.ohio.gov. Each student is urged to carefully read the compliance page from the Ohio Board of Nursing Application for Licensure by Examination to Practice Nursing in Ohio. (Also see Appendix for a copy of the Compliance page.) The Ohio Board of Nursing cannot advise an individual before entry into a nursing program concerning ability to take the licensure exam at the completion of the program.

OHIO BOARD OF NURSING CRIMINAL RECORDS CHECK/FELONY CONVICTIONS

According to the Law Regulating Nursing Practice, Ohio Revised Code Section 4723.09 (2)(b), an applicant who entered a pre-licensure nursing education program on or after June 1, 2003 must complete a criminal records check by the Bureau of Criminal Identification and Investigation (BCI) and a check by the Federal Bureau of Investigation (FBI) before applying for licensure in Ohio. The applicant will not be granted licensure to practice nursing in Ohio if the applicant has been convicted of, plead guilty to, or had a judicial finding of guilt for violating any of the following sections of the Ohio Revised Code or a substantially similar law of another state, the United States, or another country:

2903.01 (aggravated murder)	2907.03 (sexual battery)
2903.02 (murder)	2907.05 (gross sexual imposition)
2903.03 (voluntary manslaughter)	2909.02 (aggravated arson)
2903.11 (felonious assault)	2911.01 (aggravated robbery)
2905.01 (kidnapping)	2911.11 (aggravated burglary)
2907.02 (rape)	

If an applicant has been convicted of, pleaded guilty to, or had a judicial finding of guilt for violating the above sections of the Ohio Revised Code, the applicant will not be able to complete the clinical requirements, long term care facilities with the aged and with pediatric clients, and as such will not be licensed. Therefore, the applicant will not be admitted to the program. In the event such a violation is discovered or takes place after admission, the student will be immediately dismissed.

THE FUTURE

GRADUATION

Upon satisfactory completion of Care of the Client Throughout the Life Span Part 2 (TLS2), the required ATI Comprehensive Predictor, and fulfillment of all financial obligations, the student will receive a Certificate of Completion in Practical Nursing, a school pin, a cap, a career passport, and individual and class composite photos. The career passport is an individualized professional portfolio containing documents helpful to job seeking activities, such as the resume and transcript. Prior to the graduation date, students will have completed the application to sit for their licensure exam (NCLEX-PN) and Ohio Board of Nursing application for licensure in the state of Ohio. Upon graduation, these applications will be submitted to the respective organizations by the School. All current students are expected to attend the graduation ceremony.

CAREER-TECHNICAL CREDIT TRANSFER - (CT)2

Students of The School of Nursing at CVCC are eligible to earn college credit for completion of the Practical Nursing program at CVCC upon graduation and becoming licensed by the Ohio Board of Nursing. Credit is granted through the Ohio Department of Higher Education Career-Technical Credit Transfer (CT)2 system. Eligible students who plan to attend a public college or university in Ohio can request the Adult Education Director to submit official documentation to the admissions office. Throughout the course of the Practical Nursing Program, students will have

the opportunity to meet with representatives of various Registered Nursing programs to discuss ongoing educational plans. CVCC wishes to enable a smooth transition for those graduates who wish to continue their education. Working with Cuyahoga Community College, CVCC has college credit classes available on site that support the degree requirements for nursing and other career specific degrees Cuyahoga Community College offers. Information is available on the CVCC website, and through the nursing office and adult education office.

VISITING THE SCHOOL

Graduates are welcome to visit the School and share stories about their new careers. Time permitting, visiting graduates may be invited to speak to current students to offer advice, encouragement and support.

PRACTICAL NURSING ORGANIZATIONS

Overview

The following is an important overview of this Desidara Statement of Work (SOW).

Purpose

The Statement of Work (often referred to throughout this document as “SOW”) proposes actions that, once approved, will be taken by Desidara to achieve objectives on behalf of a client.

More than just a statement of need and remedy, the SOW directly associates each proposed action with the objective that action addresses. It then explicates dependencies, assumptions, risks, timelines, and costs associated with each of those actions.

Principals

This SOW is applicable exclusively to the following principals:

Client

The Client to whom this SOW applies is Cuyahoga Valley Career Center, a company based in Brecksville, Ohio, that addresses as its primary business concern career-technical high school programs, adult education, K-12 career education, and community services.

Provider

The Provider to whom this SOW applies is Desidara, a company based in Uniontown, Ohio, that addresses as its primary business concern marketing communications services.

Scope

The following section defines the scope of this SOW.

Client Objectives

The Client's objectives and any related considerations are expressed here to ensure that proposed activities – and the costs attendant with those activities – can be directly associated with the attainment of those objectives.

Considerations

Within the applicability and likely duration of this SOW, the following considerations must be observed:

- **Alignment with Organizational Strategic Objectives** - All marketing objectives must align with the Organization's overarching objectives:
 - Enhance and expand career technical opportunities for all students
 - Create clear career technical program pathways
 - Communicate effectively and efficiently
- **Budget** – Recommended marketing tactics must take into consideration a baseline budget of \$30,000.00 USD per fiscal year.
- **Measurable Data** – All marketing tactics must be tied to measurable data.
- **Perception** – Tactics must not be perceived as a misuse of marketing dollars. Also, because accrediting bodies evaluate the organization based on completion and certification statistics, marketing investments should not be focused on volume; rather, on reaching students most likely to complete courses and achieve certifications.

In-Scope Objectives

The following objectives are considered in-scope for this SOW:

- **Define the institution's value proposition.** As an entity and related to course offerings – to consistently communicate advantages while maintaining a positive reputation in the community. Messaging must resonate with internal and external audiences.
- Through measurable tactics, **generate awareness about the organization** and its offerings to target audiences with the goal of attracting the right candidates to the right programs for the right outcomes.

Duration

This SOW, once signed by both parties, will endure as a formal agreement by Provider to perform work on behalf of the Client subject to the following conditions of duration:

Expiration

The Provider's offer to perform the work proposed under the terms of this SOW shall expire if signed acceptance of this document is not received from the Client on or before August 15, 2022.

Completion

The terms of this SOW shall apply commencing with signed acceptance of its terms until acknowledgment of all deliverables by the Client. The acknowledgment shall be construed as any of the following conditions being true:

1. Client signs a statement formally acknowledging completion of all actions agreed to in this SOW
2. A period of five (5) business days elapses after completion of all actions defined in this SOW without the Client notifying the Provider in writing of failure to fulfill the terms expressed in this SOW

Termination

Once this SOW has been signed as accepted, the Client may rescind the acceptance of this SOW and receive a refund of payment made for work to be performed under the terms of this SOW by notifying the Provider no fewer than five (5) business days before commencement of said work.

Rescission or termination of this SOW fewer than five (5) days before said work commences or after said work has commenced may result in a full, partial, or no refund to the Client. Should such untimely cancellation occur, the Provider shall furnish the Client with a refund schedule within ten (10) business days of cancellation explaining when refunded payment, if any, shall be returned to the Client along with an explanation of any un-refunded payment.
