## Kierra Farmer

### Brecksville-Broadview Heights

Kierra Farmer is a senior at Brecksville–Broadview Heights High School and is enrolled in CVCC’s Architectural and Mechanical Design (AMD) program instructed by Erik Ward. Kierra has always had a passion for interior design, and after visiting CVCC on a field trip and finding out about the AMD program, it was a no-brainer.

*“Utilizing different computer software has been my favorite aspect about class because I enjoy challenging myself. It’s been so cool to design something from scratch and take it from paper, to software, to a physical item. Especially implementing and seeing all of the little details like how many pieces of wood, screws, and so on that the design needs.” -Kierra Farmer*

Kierra is also involved in the SkillsUSA organization at CVCC as the Programming Coordinator, and is running to be Regional Officer! After graduation, Kierra plans to attend college to pursue a degree in interior design or business and entrepreneurship; her dream is to be a business owner. Kierra would also like to dive into cosmetology, another one of her passions.

*“My time at CVCC has truly been life changing. It’s helped me figure out several unknowns, and has led me to much success. I would recommend CVCC and the AMD program to all underclassman.” -Kierra Farmer*

Outside of academics, Kayla is on the flagline team at her high school and is also involved in Student Government as the CVCC student representative for her high school. She also works at Five Below and has a passion for doing nails. Keep up the amazing work, Kierra!
