Cade Davies

Cuyahoga Heights

Cade Davies is a senior at Cuyahoga Heights High School and is enrolled in CVCC's Sports Medicine Exercise Science program instructed by Shawn Fahey. Being an athlete himself and having a love for helping others, Cade decided to join the SMES program to dive deeper into his passion that he hopes to turn into a career.

"Cade is one of the most organized and prepared students I've had. He is respectful of all classmates and instructors and works well with everyone in lab situations. He is a kind hearted person who takes both school and academics very seriously. He plays and excels at varsity basketball at CHHS. Great young man!" -Shawn Fahey, SMES Instructor

Cade's favorite experience in class this year has been visiting Mount Union on a field trip; his class had the opportunity to meet and talk to some of their instructors and current students and get a taste of what it's like to be an Exercise Science student at the school. They were also given a tour of campus which Cade appreciated.

"Mr. Fahey has had a huge impact on me. He's taught me how to be organized, how to treat others correctly, and is extremely knowledgeable on the subject matter. He is a role model I look up to and is truly just an all-around great person." -Cade Davies

After graduation, Cade will be attending college with hopes of becoming an Exercise Physiologist, a Certified Strength and Conditioning Specialist, or something of a similar nature. Cade's advice to future students is to be confident. *"If something seems hard, don't overthink it! Everyone at CVCC is here to help you, so don't be shy and ask questions."*

Outside of academics, Cade is on the basketball team at Cuyahoga Heights High School and enjoys spending time with his family and friends. Keep up the great work, Cade!
