## Isabella Passalacqua

### Cuyahoga Heights

Isabella Passalacqua, a junior at Cuyahoga Heights High School, is currently enrolled in CVCC's Digital Design program under the guidance of Melissa Munro.

When Isabella initially considered attending CVCC, she faced a dilemma between choosing the Digital Design program or the Health Careers program. However, her enduring passion for art, noted even by her mother, ultimately led her to select the Digital Design program. Despite some indecision, Isabella decided to explore this path to assess its potential as a future career.

Isabella expresses deep gratitude for the opportunities her program has provided, particularly in enhancing her resume and portfolio, aspects that Mrs. Munro, her Digital Design instructor, prioritizes. Isabella has discovered a love for packaging design through her experiences in the program. Among her cherished memories is a field trip to the Cleveland Art Museum and the West Side Market, which not only was enjoyable, but facilitated stronger bonds with her classmates.

After graduation, Isabella aspires to pursue interior design, a field aligned with her passion. Beyond academics, she actively participates in extracurricular activities, including membership in the National Technical Honor Society (NTHS) at CVCC, the National Honor Society (NHS) at Cuyahoga Heights High School, and serving as the CVCC ambassador for the Cuyahoga Heights school district. Additionally, she is involved in SkillsUSA and Business Professionals of America (BPA) at CVCC. Keep up the outstanding work, Isabella!
