## Anthony Mishic

### Revere

Anthony Mishic, known as Tony, is a junior at Revere High School currently enrolled in the Transportation Systems program at CVCC under the guidance of Chuck Russo. Since childhood, Tony has been mentored in boat and car mechanics by his uncle, igniting his passion for these fields and motivating his career aspirations.

Post-graduation, Tony aims to pursue a career as a marine or military mechanic, envisioning himself working on a diverse range of machinery, including tanks, jeeps, and aircraft!

Reflecting on his journey, Tony acknowledges his initial proficiency in basic tasks like oil changes and tire replacements, credits to his uncle's teachings. However, he emphasizes the significant expansion of his knowledge through the CVCC program, where he learns something new daily. Tony views challenges as inherent in both education and life, encouraging others to pursue their passions relentlessly and persevere through setbacks.

Beyond his academic pursuits, Tony dedicates his time to a full-time job at Wendy's. Despite his busy schedule, he finds joy in building projects and outdoor activities, particularly constructing forts amidst the woods. Tony's dedication and enthusiasm are commendable, and he is certainly on a path to success. Keep up the excellent work, Tony!
