CUYAHOGA VALLEY CAREER CENTER

## Chris Bork

### Nordonia Hills

Chris Bork, a junior at Nordonia High School, is currently enrolled in the Computer Networking Academy under the guidance of Tim Moore. With an enduring passion for computers and technology, Chris found inspiration in his aunt's IT career and even constructed his own computer a few years back. When the opportunity arose to join the Computer Networking Academy at CVCC, Chris readily seized it. Since his enrollment, he has observed a marked improvement in his dedication to learning and expanding his knowledge, particularly in areas of personal interest that he aspires to turn into a career.

Post-graduation, Chris intends to pursue a career in cybersecurity. He finds the diverse student body at CVCC to be one of its most appealing aspects. His advice to incoming CVCC students is to approach their studies with diligence and to embrace new programs, even if they appear daunting at first. Chris fondly recalls their video game party before winter break as his favorite day of class this year.

Recently, Chris secured an internship at Weldon PC, where he specializes in technology repairs. In his leisure time, he indulges in playing the guitar, outdoor activities, video games, and cherishing moments with his family. Keep up the excellent work, Chris!
