- CVCC Staff Member of the Year
- Students' Last Day of School

School of Nursing Graduation Ceremony

On Thursday, June 6, CVCC's Adult Education School of Nursing Class of 2024 graduated after successfully completing the Practical Nursing Program, making them eligible to take their State of Ohio Board of Nursing NCLEX Licensure exam. The ceremony was attended by students and staff, as well as family and friends. Thank you to those who supported these students throughout the length of the program, making this achievement a celebration for all. Congratulations!

Adult Education CPT Program Success

Congratulations to the first two graduates of CVCC's Certified Production Technician Program, Ben Boss and Kyle Vansteenburgh! These two gentlemen successfully completed the program's four modules and passed the associated certification exams for the following, earning the students the distinction of being named "Certified Production Technician (CPT) 4.0.":

- Safety
- Quality Practices & Measurement
- Manufacturing Processes & Production
- Maintenance Awareness

In honor of their accomplishment, CVCC (in partnership with The Lozick Family Foundation) awarded both students their own set of basic tools, which was presented by their instructor, Josh Wines. Congratulations! CVCC is so very proud of you.

CVCC Partnership with nVent Solon

This past school year, CVCC was pleased to partner with nVent in Solon, Ohio, on two essential aspects of our mission - custom training and educating those in the machine technology field. Firstly, we conducted a custom "Train the Trainer" class on-site at nVent, enabling experienced employees to mentor new machining apprentices. Secondly, nVent employed two high school graduates from our Machine Technology program. Thank you for choosing CVCC as a resource for your company. CVCC is committed to creating custom classes for businesses in Northeast Ohio!

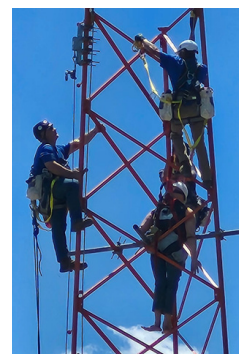

For more information on customized training at CVCC, visit:

CVCC Attends Tough Tower Event

CVCC had an incredible weekend at Tough Tower (a competition featuring the best in the telecommunications industry, going head-to-head in an exhilarating battle of skill and agility) on June 8 and 9! Seeing everyone showcase their skills and agility as they battled head-to-head was a blast. CVCC would like to congratulate all of the competitors at this year's event! A special shout out to Elevated Services, LLC, one of CVCC's advisory members, who was in first place at the start of the semi-final round on Sunday! A special shout out also goes to Speelman Electric, Inc., one of CVCC's partners, who also competed at Tough Tower. Way to go, guys! Thank you Tough Tower, STG Communications, and NATE for including CVCC in this incredible event.

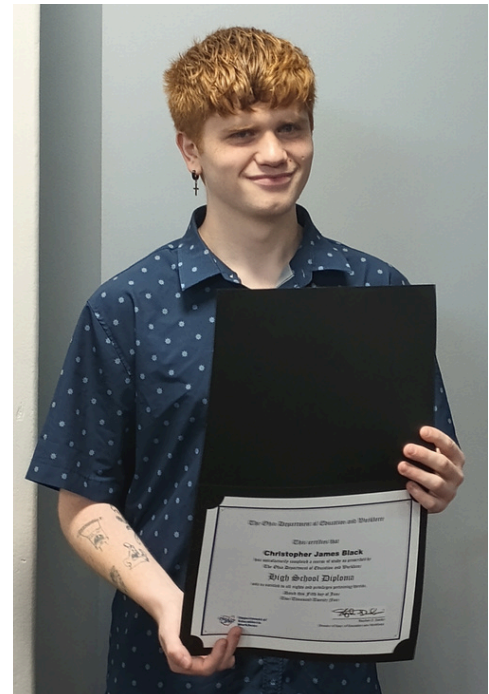

Congratulations Adult Education ADP Student

CVCC sends congratulations to Adult Education student, Christopher Black who received his Adult Diploma by completing the HVAC program! Best wishes on your future endeavors.

SkillsUSA Leadership Wrap Up

CVCC would like to thank President of KeyNote Management, LLC., Joe Lopez, for taking the time to be part of our SkillsUSA leadership wrap up for the 2023-24 school year! CVCC is so appreciative of his passion and experience - his message was spot on with our students and our hopes for their rising futures. The students are so glad they got to spend time with Joe and very much enjoyed hosting him after the event by showing him around the building. Again, CVCC can't thank Joe enough for the motivation and encouragement he has given our students and the support he has shown CVCC. Thank you, Joe!

Field Trip to Papandreas Orthodontics

CVCC Dental Assisting students had a blast on their visit to Papandreas Orthodontics last week! Students thoroughly enjoyed delving into the intricacies of orthodontics and learning about Dr. Papandreas' journey into his specialized dental career. Students particularly valued Dr. Papandreas' willingness to share his inspiring narrative about his path into the field of dentistry and how his daughter is now following in his professional footsteps. The students were exhilarated to operate the scanner on their peers and observe the images displayed on the monitor. Students were also delighted to capture a photo with Dr. Papandreas' truck outside. The students couldn't stop talking about the extraordinary experience they had at his practice. We extend our deepest gratitude to Dr. Papandreas for consistently welcoming CVCC with unparalleled generosity and hospitality!

CVCC Staff Member of the Year

A very big congratulations to CVCC's 2023-2024 Staff Member of the Year, Job Training instructor, Stacey McNamara! Stacey consistently exceeds expectations for both her students and colleagues, making her an invaluable asset to CVCC. Congratulations, Stacey! We are incredibly fortunate to have you.

Students' Last Day of School

On Tuesday, June 4, CVCC celebrated the last day of school for our high school juniors with an annual picnic. We wish the entire CVCC community a safe and happy summer! CVCC thanks all our staff and students for making the 2023/2024 year a great one! We look forward to the next school year!
