# Student Connection

CUYAHOGA VALLEY CAREER CENTER

## Addison Francis

### Nordonia Hills

Addison Francis is a senior at Nordonia High School and a student in the Digital Design program at CVCC, taught by Melissa Munro. Her decision to join CVCC was somewhat spontaneous, sparked by her growing interest in photography.

Since starting at CVCC, Addison has blossomed creatively. *"Mrs. Munro sets very high expectations, but she pushes you to be more creative and strive for better results with each assignment," Addison shared. "I'm so grateful for the wealth of experience I've gained in this program."*

One of Addison's favorite memories at CVCC has been her involvement with Business Professionals of America (BPA) last year. Through BPA, she not only gained invaluable experience but also formed close bonds with several of her classmates. While Addison is still unsure of her exact career path after high school, she's excited about the possibility of owning her own photography studio one day. Over the summer, she worked with a local photographer, assisting with helping clients pose and feel comfortable during their shoot.

Outside of the classroom, Addison plays soccer for Nordonia High School and has verbally committed to Baldwin Wallace University to continue her soccer career! She is potentially interested in majoring in marketing, sports medicine, or maybe a combination of both. In addition, Addison works as a lifeguard and is a member of the National Technical Honor Society (NTHS). Keep up the great work, Addison! CVCC is thrilled for you.
