Student Success

Congratulations to Ben Boss and Kyle Vansteenburgh, the first graduates of CVCC's Certified Production Technician Program! These two gentlemen have successfully completed the program's four modules. In recognition of their achievement, CVCC in partnership with The Lozick Family Foundation, awarded each student a set of basic tools.

Patrick Fetzer, Class of 2022

Patrick chose this program because it fit well with his interests. Patrick earned four Adobe certifications throughout his time at CVCC and plans on continuing his education at Tri-C, studying Cyber Security. Currently, Patrick is using his design knowledge independently to create artwork for people in his life. He recently designed something for his friend's martial arts studio (see image). Overall, Patrick is grateful for the opportunity he has been given, and feels he finally obtained the needed foundation to have a quality career and life.

Marcos Hernandez, Class of 2021

Looking to gain quality skills, Marcos enrolled in CVCC's STNA program. After completing the program, he was able to continue his education, obtaining a bachelor's degree as well as Phlebotomy certification. Marcos' education and experience has allowed him to now work as a traveling STNA. He is thankful to CVCC for providing excellent instruction, which contributes to his overall rewarding career!

Colleen Weiler, Class of 2022

Colleen chose CVCC's Adult Education STNA program because she wanted to gain hands-on experience in the medical field. When asked about future endeavors, Colleen explains, "I'm eager to serve others by providing them with the best possible patient experience." Since graduating from CVCC's program, Colleen has obtained an STNA position at Metro Hospital where she is gaining quality experience.

In January 2024, CVCC started its first cohort of Telecommunication Tower Technician (TTT) students. The class consisted of Afghan refugees, all of who assisted the United State Military in The U.S. War in Afghanistan. They are working diligently on their language skills while at the same time mastering the safety and rigging technical skills to scale, install, and assemble cell towers and equipment.
