CUYAHOGA VALLEY CAREER CENTER

## **Logan Di Biase**

### **Nordonia Hills**

Logan Di Biase, a junior at Nordonia High School, is currently enrolled in CVCC's Computer Networking Academy, taught by Mr. Tim Moore. Inspired by his dad's career in IT, Logan decided to explore the program to see if a similar path might be right for him. While he's still exploring his plans after high school, Logan is using his time at CVCC to figure out what he enjoys and what he doesn't as he considers his future. So far, he's really enjoying the program and can see himself pursuing a tech-related career. The strong job outlook and solid earning potential are definitely appealing perks!

One of Logan's favorite parts of the day is the bus ride to and from CVCC—a refreshing pause in his daily routine. While he doesn't typically enjoy traveling, Logan stepped out of his comfort zone this year by participating in Business Professionals of America (BPA). He proudly represented CVCC at both the state and national levels, placing 6th in the State Competition for Computer Network Technology in Columbus, Ohio, and earning an impressive 14th place at the BPA National Leadership Conference this month in Orlando, Florida!

In his free time, Logan enjoys relaxing and playing Minecraft. His advice to students considering CVCC? "If there's a program that interests you whatsoever, give it a go! Why wouldn't you?" Keep up the awesome work, Logan! We're proud of you!
