CUYAHOGA VALLEY CAREER CENTER

Lillian Walker

Twinsburg

Lillian Walker, a junior at Twinsburg High School, is thriving in CVCC's Medical Administrative Specialist (MAS) program, led by instructor Lisa Clements. For Lillian, joining the MAS program was an easy decision—it aligned perfectly with her future goals and gave her a head start on the path she's passionate about.

After high school, Lillian plans to attend college to become a therapist, eventually pursuing a career in psychiatry. Her dream is to work at Akron Children's Hospital, driven by her own life experiences and challenges with mental health. "I've been through a lot, and that's a big reason why I want to go into this field. I want to give back and help others."

Reflecting on her time at CVCC so far, Lillian says, "This has been my favorite year of school. Being here isn't as stressful—it's a refreshing change of pace. The way things are taught helps me retain the material better." Lillian has especially enjoyed the hands-on aspects of the MAS program, like learning how to manage medical records and billing. She's also actively involved in Business Professionals of America (BPA), which she describes as "such a fun and helpful experience."

Looking ahead, she's excited to participate in job placement next year. "It's an amazing opportunity that really sets you up for success after graduation." Outside the classroom, Lillian works at a pet store and plans to continue working there through the summer. She's currently working toward getting her driver's license—a milestone she's thrilled about. In her free time, she enjoys creating art and spending time with her friends and pets.

Her advice for other students? "Come to CVCC! It's so helpful. I honestly think you'll work harder here because you choose to be here. Choosing to show up and put in the effort makes all the difference." Keep up the amazing work, Lillian!
