Mitchell Meyer

Independence

Mitchell Meyer is a student at Independence High School and is enrolled in the Electrical Systems program at CVCC, instructed by Joe McNamee. When the opportunity to attend CVCC came up, Mitchell knew he wanted to take advantage of it. His older brother, a graduate of the Electrical Systems program, spoke highly of both the program and the instructor. Combined with Mitchell's love of hands-on work, CVCC felt like the perfect chance to meet new people, gain experience outside of his homeschool setting, and explore potential career paths after high school.

"CVCC has helped me mature—it feels like you're trusted as an adult," Mitchell shared. "You choose to show up and be here, so it's different. I'm not just sitting in a class I don't want to be in."

"Mitch is always on time and prepared for class. He works quickly and efficiently in the shop and is always looking for a challenge," said Mr. McNamee.

During his time at CVCC, Mitchell is focused on building his resume and is considering opportunities such as work-based learning or an apprenticeship as he continues to plan his future. Outside of academics, Mitchell participates in wrestling, track, and golf at Independence High School. He also enjoys riding dirt bikes, boating, and spending time outdoors during the summer. Keep up the great work, Mitchell! We can't wait to see where your journey leads you.
