# Student Connection

CUYAHOGA VALLEY CAREER CENTER

## **Madelyn Osborne**

### **Cuyahoga Heights**

Madelyn Osborne, a student at Cuyahoga Heights High School, is enrolled in CVCC's Education Professions program under the instruction of Josephine Everhart. When the opportunity to attend CVCC arose, Madelyn was eager to take advantage of a more hands-on learning experience while getting a head start on her future—especially after hearing so many positive things about CVCC. Inspired by her mom, a special education elementary school teacher, Madelyn was drawn to the field of education and excited to explore it for herself. CVCC has provided the perfect environment to do just that.

So far, Madelyn has thoroughly enjoyed her experience in the program, which has broadened her perspective on teaching. She especially values the opportunity to collaborate with students from other school districts and gain exposure to a variety of classroom settings. Recently, Madelyn competed at the Educators Rising State Conference in Columbus, where she earned a Top 10 placement in Lesson Planning & Delivery (Humanities). This accomplishment qualified her for the Educators Rising National Conference in Portland, Oregon this June!

Looking ahead, Madelyn is excited to begin her field experience next year, where she will gain hands-on experience in elementary, middle school, high school, and intervention classrooms. After graduation, she plans to continue her education to become a teacher, with the goal of teaching high school history—a subject she has always enjoyed and excelled in. Keep up the great work, Madelyn!
