Haylee Yates

Brecksville-Broadview Heights

Haylee Yates, a student at Brecksville-Broadview Heights High School, is enrolled in CVCC's Medical Administrative Specialist program under the instruction of Lisa Clements. Knowing she wanted to take advantage of the opportunities CVCC offers, Haylee viewed the experience as a valuable way to prepare for life after graduation while also exploring potential career paths. Because of her passion for helping others, choosing a program connected to the medical field felt like the perfect fit.

Haylee has thoroughly enjoyed her time at CVCC so far. "There's a lot more diversity here, which is really nice," she shared. "It's also a good feeling coming to school knowing I'm learning useful and interesting information that's directly preparing me for my career and for college."

One of Haylee's favorite parts of the program has been learning scheduling procedures. "It's like a puzzle," she said — a task that fits perfectly with her organized personality. She also enjoyed participating in Business Professionals of America this year, where she advanced to the state competition in Medical Administrative Procedures.

After graduation, Haylee plans to continue her education at Cuyahoga Community College and hopes to eventually earn her master's degree while working in the field. Her long-term goal is to become a nurse practitioner, and she could see herself one day working as a school nurse or in a similar role where she can continue caring for and supporting others. Outside of academics, Haylee works at a local pizza shop and enjoys baking, swimming, and spending time with her family — especially her grandfather. During the rest of her time at CVCC, she hopes to continue gaining valuable life skills and learning as much as possible. When asked what advice she would give to students considering CVCC, Haylee encouraged others to take the leap. "Step out of your comfort zone — it's so rewarding. The worst thing that can happen is you realize CVCC or your program isn't for you and you move on. You've gotta risk it for the biscuit, as they say," she said with a laugh. Keep up the amazing work, Haylee! We can't wait to see where your journey takes you next.
