# Student Connection

CUYAHOGA VALLEY CAREER CENTER

## Quinn Cardillo

### Twinsburg

Quinn Cardillo, a student at Twinsburg High School, is enrolled in CVCC's Networking & Cybersecurity program under the instruction of Tim Moore. Quinn was drawn to CVCC for the opportunity to experience a new school environment, engage in more hands-on learning, and explore possible career paths after high school—especially knowing that a traditional college route may not be the best fit for her. She chose Networking & Cybersecurity because of her love for math and logical thinking. With her dad working in software development as a programmer, Quinn was also interested in exploring the technology field for herself to see if it was something she could envision as part of her future.

"Quinn is a high achiever with authentic talent in the information technology field," said Mr. Moore.

Quinn has especially enjoyed learning subnetting and appreciates being part of a program she genuinely chose and enjoys attending each day. Outside of academics, she loves anything creative, including hair, makeup, nails, and art, as well as spending time with friends. At Twinsburg High School, Quinn is heavily involved in the Drama Club, currently serving as stage manager and preparing to step into the role of assistant director next year. She is also a member of the Show Choir stage crew.

After graduation, Quinn is considering pursuing a career in cosmetology and entering the workforce right away, though she could also see herself pursuing a future in the technology field as well. For now, she is making the most of her time at CVCC while exploring both passions and discovering where her future may lead. Keep up the great work, Quinn!
